Essentials of Managing Human Resources - Eileen B. Stewart 2016

Human Resources Management in Canada - Gary Dessler 1998

Human Resource Development - Juani Swart 2012-08-21

Each chapter in Human Resource Development provides the reader with commentary, activities and review sections in an integrated approach. The action-oriented approach is vital for practicing managers but increasingly for postgraduate and final year undergraduates who have work experience. It is this aspect of the book that fills a gap that currently exists in the market. This text reflects organizational realities and balances and integrates the coverage of individuals, teams and organizational learning. The book is written in a straightforward manner and explains concepts and key issues in a lucid style. The activities are focused and are better suited to encouraging readers to learn.

Managing Human Resources for Nonprofits - Kunle Akingbola 2015-06-05

The core resources and capabilities of any nonprofit organization lie in their human capital; their knowledge, skills and behaviors are critical to the achievement of the organization's mission and performance. Thus, effective management of this key resource is integral to the nonprofit organization's success. This book focuses on the unique characteristics, challenges and contribution of human resource

management to the strategic objectives of the nonprofit. It explores contemporary issues that place the management of people at the intersection between the mission, strategy and performance of the organization. The book: * Uses the latest theory to build models that explain the determinants and dimensions of strategic HRM within the nonprofit sector * Examines the core HRM functions in the context of the nonprofit sector to provide insight into how nonprofits can optimize HRM contributions to performance * Provides a step-by-step process to develop, implement and manage HR practices that are aligned with the strategy of the nonprofit organization * Demonstrates how to integrate volunteer management into strategic HRM Using examples from around the world, as well as cases to facilitate learning, this book is ideal for students and professionals interested in strategic human resource management, and nonprofit management.

Human Resource Management in the Project-Oriented Organization - Martina Huemann 2016-03-03

Organizations regularly assume that the culture, values, dynamic and organization of their temporary project organizations are merely a smaller version of the original parent. Given that project organizations are made up of people and teams drawn, in most cases, from outside and inside the parent, these assumptions are nonsensical. But they do explain why the HR function finds it difficult to adapt to the project environment. Martina Huemann's

research in Human Resource Management in the Project-Oriented Organization, offers insight into an approach that is designed to align HR to the needs of the project organization, in terms of management structure, reward, recruitment and performance systems. The text analyses how the modern HR organization stacks up alongside the temporary organization that is the project, to identify the HR constraints and needs of the project organisation and offer a model of project-oriented HRM. Professor Huemann had a deep interest in how and why change processes come into existence and how to design and enable them. In her book she endeavors to bridge theory and practice, strategy and operations. **Managing Human Resources** - Belcourt 1998-01-01

Canadian Human Resource Management - Hermann F. Schwind 2019

Understanding Human Resources Management - Melanie Peacock 2019

Instructor's Resource Guide to Accompany Managing Human Resources, Canadian Edition, Monica Belcourt, Arthur W. Sherman, Jr., George W. Bohlander, Scott A Snell - Hart, John D 1996-01-01

The HR Value Proposition - David Ulrich 2005-05-11

The international best seller Human Resource Champions helped set the HR agenda for the 1990s and enabled HR professionals to become strategic partners in their organizations. But earning a seat at the executive table was only the beginning. Today's HR leaders must also bring substantial value to that table. Drawing on their 16-year study of over 29,000 HR professionals and line managers, leading HR experts Dave Ulrich and Wayne Brockbank propose The HR Value Proposition. The authors argue that HR value creation requires a deep understanding of external business realities and how key stakeholders both inside and outside the company define value. Ulrich and Brockbank provide practical tools and worksheets for leveraging this

knowledge to create HR practices, build organizational capabilities, design HR strategy, and marshal resources that create value for customers, investors, executives, and employees. Written by the field's premier trailblazers, this book charts the path HR professionals must take to help lead their organizations into the future. Ulrich is a professor at the University of Michigan School of Business and the author of 12 books and more than 100 articles on the subject of human resources. Brockbank is a clinical professor of business at the University of Michigan School of Business, the author of award-winning papers on HR strategy, and an adviser to top global organizations. *Armstrong's Essential Human Resource Management Practice* - Michael Armstrong 2010-06-03

HR managers have to serve the interests of their organizations, comprising employees, customers and the community at large as well as shareholders, or, in the public or voluntary sectors, those who have the ultimate responsibility for what the organization does. It also means exercising social responsibility, being concerned for the interests (well-being) of employees and acting ethically with regard to the needs of people in the organization and the community. *Armstrong's Essential Human Resource Management Practice* provides a complete overview of the practices and processes fundamental to managing people. The text provides a thorough introduction to the core areas of HR including: people resourcing, performance management, learning and development and rewarding people. It also examines the contribution of HR to organizational aims and objectives and how it is integrated within the business. The book is accompanied by online resources for both lecturers and students and adopts an increased focus on employee engagement, a concept which is becoming increasingly prominent in people management, but which is often presented as a mantra without being properly understood; this is examined in detail with reference to recent

research. Michael Armstrong's original Handbook of Human Resource Management is the classic text for all those studying HR or who are entering the profession for the first time. In this new title Michael Armstrong provides a condensed text which has been rewritten with the non-HR student or professional in mind, describing and evaluating key HRM concepts such as: HRM itself; strategic HRM; the resource-based view; the choice between best practice and best fit; human capital measurement; motivation theory; emotional intelligence; the flexible firm; the learning organization; and financial rewards.

Human Resource Management, 10th Edition - Raymond J. Stone 2020-12-14
The new edition of Raymond Stone's Human Resource Management is an AHRI endorsed title that has evolved into a modern, relevant and practical resource for first-year HRM students. This concise 14-chapter textbook gives your students the best chance of transitioning successfully into their future profession by giving them relatable professional insights and encouragement to exercise their skills in authentic workplace scenarios. Complementary to your courses, with well written conceptual content, Stone's 10th Edition will save you research and assessment prep time with a host of case studies that cement learnings and get students thinking critically.

The Human Resource Professional's Guide to Change Management - Melanie J. Peacock 2017-05-24
The ability to help an organization effectively deal with change is a key competency that all human resource (HR) professionals must possess. However, many people in the HR function have not received any formal training or instruction on how to fulfill this important role. This book provides HR professionals with key concepts and practical techniques to successfully launch, support, and sustain change management initiatives within their organizations. Pragmatic tools and explanations will illuminate critical change management competencies and processes, thereby enabling HR professionals to take on

strategic and active roles. As well, understanding of one's own reactions to change will also be explored to assist HR professionals to effectively manage and guide change. Questions posed at the end of each chapter allow for personal reflection and growth, thereby providing further development of skills relating to change management. This text is an excellent resource for HR students, those new to practicing HR and seasoned HR professionals alike.

Essentials of Managing Human Resources - Eileen B. Stewart 2013-01-04
Essentials of Managing Human Resources Fifth Canadian Edition is written for students who will become (or are) supervisors and line managers and HR professionals. Since the text covers the major human resources management processes and systems, it will provide a good overview if you are thinking about moving into the HR profession. The book has been authored by experienced instructors recognized by students for many years for their excellence in teaching and facilitating learning. The authors are also active HR practitioners who share business stories throughout the text to make the materials interesting for students. Essentials is a shorter and a more relevant book for general business students with simpler language. Finally, this book is designed to cover all the materials you will need for a good general understanding of all the HR activities in a company, as well as your role in managing people. It shows how theory applies to managers and HR practices in the 21st century. Further, the book has stories about all types of organizations: profit, non-profit/voluntary, public sector; those that are unionized and non-unionized; and those that are small and large.

Recruitment and Selection in Canada - Victor Michael Catano 2021

Managing Human Resources - Monica Belcourt 2019-02-15
Managing Human Resources provides a comprehensive overview of the functions, systems, and

responsibilities related to human resources. The authors have two main purposes in writing this book, which they state in the preface: to equip students with the tools and practices needed to be a successful human resource professional, along with an appreciation for the change they can effect, and to present the most current challenges and opportunities that graduating students will face when they enter the work environment. The product recognizes the value of the HR professional in developing and implementing strategy, ultimately supporting the success of their employees as well as the entire organization.

Human Resource Information Systems - Michael J. Kavanagh 2017-07-07
Human Resource Information Systems: Basics, Applications, and Future Directions is a one-of-a-kind book that provides a thorough introduction to the field of Human Resource Information Systems (HRIS) and shows how organizations today can leverage HRIS to make better people decisions and manage talent more effectively. Unlike other texts that overwhelm students with technical information and jargon, this revised Fourth Edition offers a balanced approach in dealing with HR issues and IT/IS issues by drawing from experts in both areas. It includes the latest research and developments in the areas of information security, privacy, cloud computing, social media, and HR analytics. Numerous examples, best practices, discussion questions, and case studies, make this book the most student-friendly and current text on the market.
Managing Human Resources - Monica Belcourt 1995

Managing Performance Through Training and Development - Alan Michael Saks 2010
The science and practice of training and development is continually advancing. This 5th edition of *Managing Performance Through Training and Development* reflects many of these advances, such as the increasing use of technology, blended approaches to training delivery, training-on-demand and just-in-time

learning, new models of training evaluation, and techniques to improve transfer of training. This text maintains a perfect balance between theory and research and practice and application, while providing relevant examples (many of them Canadian), to illustrate the texts concepts and principles.

Human Resource Development - Jon M. Werner 2011-10-01
This comprehensive text covers the entire field of human resource development, from orientation and skills training, to career and organizational development. It shows how concepts and theory have been put into practice in a variety of organizations. This sixth edition of HUMAN RESOURCE DEVELOPMENT reflects the current state of the field, blending real-world practices and up-to-date research. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Managing Human Resources - Monica Belcourt 2017

Strategic Human Resource Management - Jeffrey A. Mello 2002
This text offers a truly innovative, integrative framework that examines the traditional functional HR areas from a strategic perspective. This text is organized into two sections. The first section, Chapters 1-7, examines the context of strategic HR and develops a framework and conceptual model for the practice of strategic HR. The second section, Chapters 8-14, examines the actual practice and implementation of strategic HR through a discussion of strategic issues that need to be addressed while developing specific programs and policies related to the traditional functional areas of HR (staffing, training, performance management, etc.). The integrative framework that requires linkage between, consistency among these functional HR activities, and the approach toward writing about these traditional functional areas from a strategic perspective distinguish the text from what is currently on the market.

Human Resource Management: Strategy and Practice - Alan R. Nankervis
2016-09-15

In its 9th edition, AHRI-endorsed Human Resource Management continues to provide a strong conceptual and practical framework for students of human resource management. The successful integrative strategic HRM model is retained and the most recent developments in human resource management theories and practices are explored. A multitude of contemporary regional and international examples are integrated throughout, alongside an expanded coverage on ethics and a focus on critical analysis. Thoroughly revised and updated with the latest research findings, this edition incorporates a wealth of new material including: corporate social responsibility, ethics, sustainable management practice, leadership, talent management, industrial relations, and retains its focus on core human resource elements. Accompanied by online study tools which help to reinforce concepts, apply critical thinking and enhance skills, this 9th edition of Human Resource Management offers the complete learning experience required to succeed in human resource management.

Understanding Human Resources Management - Melanie Peacock 2019

"This first edition is an Introduction to Human Resource Management text for students in Intro HR courses, who do not plan to become HR practitioners. It views the various HR functions through a general manager's lens, rather than an HR specialist's lens, providing a less technical and more applied introduction to the field."--

Fundamentals of Human Resource Management - Raymond A. Noe 2003-03
Fundamentals of Human Resource Management, by Noe, Hollenbeck, Gerhart and Wright is specifically written to provide a brief introduction to human resource management. While it doesn't cover the depths of human resource management theory, the book is rich with examples and engages students through application. This first edition takes on a different approach

than the hardback text by the same team. Instead of a higher level of theory that's geared towards the HRM professional, this book focuses on the uses of human resources for the general population. Issues such as strategy are reduced to give a greater focus on how human resources is used in the every day work environment. Much like this author team's first project, *Fundamentals of Human Resource Management* provides instructors with a robust ancillary package. A comprehensive instructor's manual, test bank, PowerPoint presentation and a complete Online Learning Center make course preparation easy.

Research, Measurement, and Evaluation of Human Resources - Alan Michael Saks 1999

Canadian Organizational Behaviour - Steven Lattimore McShane 2009
The Seventh Edition of *Canadian Organizational Behaviour* is truly a "new and improved" McShane: new trim size, fresh new design, new co-author, reorganized table of contents, improved examples, and even enhanced readability. The McShane brand is known for its cutting edge research and scholarship, recognized for its "for Canadians, by Canadians" approach to content, and respected for its firm anchoring of Canadian material within a global context. No other OB book offers the kind of comprehensive coverage in such an accessible, readable format. *Canadian Organizational Behaviour* continues to lead the way as the most innovative OB text on the market. McShane was the first OB textbook to include topics such as workplace emotions, appreciative inquiry, social identity theory, future search events, virtual teams, workaholism, and emotional intelligence. The innovation continues in the seventh edition with new and expanded coverage of topics such as employee engagement, resilience, four-drive theory, blogs and wikis, psychological harassment, learning orientation, Schwartz's values model, and separating socioemotional from constructive conflict. The pedagogical features have been completely overhauled to

speak to new and emerging topics in OB worldwide, including the opening vignettes, the photo essays in each chapter, and many of the end-of-chapter exercises and end-of-part cases.

Industrial Relations in Canada - Robert Hebdon 2015-09-15

Industrial Relations in Canada provides students with an insightful look into the relationships between labour, management, and government agencies. By balancing theory and research with practical, real world examples, students learn about the complex and dynamic world of industrial relations. The authors bring a wealth of experience, having worked both with unions and management, and they bring this unique blend to their approach to the subject matter. Part of the Nelson Education Series in Human Resources Management, this is a reliable and valuable resource for students learning about industrial relations today.

Test Bank to Accompany Managing Human Resources, Canadian Edition, Monica Belcourt, Arthur W. Sherman, Jr., George W. Bohlander, Scott A Snell - Gini Sutherland 1996-01-01

Essentials of Managing Human Resources - Eileen B. Stewart 2014

Human Resources in Healthcare - Bruce Fried 2015

Human Resources in Healthcare: Managing for Success, Fourth Edition, presents the techniques and practices behind effective management of people the healthcare profession's most important asset. It provides the concepts and practical tools necessary for meeting the unique challenges in today's healthcare environment.

Managing Human Resources - Luis R. Gomez-Mejia 1995

This book centers on business decision-making and managerial problem-solving, consistent with today's best practices' Human Resource Management Practice and Research. Real-life cases and a global focus will hold readers' interest as this book imparts valuable information about the

dynamic field of human resources. Expanded coverage of international human resource issues governs this edition of the popular book; it also covers the management of work flows, job analysis, equal opportunity and the legal environment, diversity, recruitment and selection of employees, downsizing and outplacement, performance management and appraisal, workforce training, career development, compensation management, rewards and performance, employee benefits, employee relations, employee rights and discipline, organized labor, and workplace safety and health. The reference resource for human resource directors, managers, and small business owners, as well as others in leadership positions.

Managing Performance Through Training & Development - Alan Michael Saks 2000

Strategic Compensation in Canada - Richard J. Long 2006

Contemporary Issues in Human Resource Management - Rob Bothma 2012-10-13

Contemporary Issues in Human Resource Management 4th edition presents both global and local perspectives on the issues that human resource management face in the modern workplace.

Employment Law for Business and Human Resources Professionals - Kathryn J. Filsinger 2020

"The revised fourth edition features changes in the Employment Standards Act and Bill 148 (Fair Workplaces Better Jobs Act). Bill 148's passage also impacts the content in numerous other chapters and the changes to the ESA resulting from Bill 47 will result in updates to the Employment Standards Act chapter. "--

Strategic Human Resources Planning - Monica Belcourt 2018-09-06

Management - Thomas S. Bateman 2007

Instructor's Resource CD-ROM to Accompany Managing Human Resources, Sixth Canadian Edition [by] Belcourt, Bohlander, Snell - 2010

Strategic Human Resources Planning - Kenneth James McBey 2006

The fundamental premise of Strategic Human Resources Planning is that different organizational strategies require different human resources management (HRM) policies and practices. This textbook is designed to help human resources (HR) managers plan and make decisions about the

allocation of resources for the effective management of people in organizations, within a given strategy. Consideration is given to the HR manager's role in areas such as international expansion, mergers and downsizing, and the development and implementation of business strategies.
