Time to Deal Harshly with the Drunken Operator and the Wilfully Reckless - Connecticut. Department of Motor Vehicles 1924

Here's the Deal - John B. McCoy 2018-06-11

Deal Through Time - Robert Turcan 2014-02-28
The history of Deal has been shaped by its

position on the extreme eastern coastline of Kent. Close to France, it was of such significant naval importance that Henry VIII chose to erect a castle here on the concentric circle plan. Revolutionary at the time, it is beautifully preserved today. Barracks were established here from

1861. This corps of the British Army was infamously bombed by the IRA in 1989, and the School of Music departed seven years later

Everything is

Negotiable! - Gavin Kennedy 1997

This Is A Completely New And Revised Third Edition Of A Bestselling Business Book. It Tells The Reader How To Make Better Deals, And Is Packed With Advice On How To Handle Negotiations Whether For Big Stakes (Property, Long-Term Contracts, Companies, Territories Etc) Or Smaller Ones Such As Getting Your Car Fixed, Buying Tvs Or Videos Or Negotiating With Spouses Or Colleagues. Second Edition In 1989, Gavin Kennedy Has Developed Other Self Assessment Exercises Which Are Included, And The Text Has Been Made More Interactive. It Remains A Popular, Lively And Above All Useful Guide To Every Aspect Of Negotiation.

Peddling Panaceas - Gary Dean Best 2005

In Peddling Panaceas, Best introduces readers to three popular New Deal economists * Edward A. Rumely, Stuart Chase, and David Cushman Coyle - who not only influenced policy but also educated the American public about the Depression. Their views and influence help us understand the economic and political climate of the 1930s.

Elusive Promises -

Simone Abram 2013-07-30
Planning in contemporary democratic states is often understood as a range of activities,

Downloaded from
ect2018.fpune.edu.py on
by guest

from housing to urban design, regional development to economic planning. This volume sees planning differently-as the negotiation of possibilities that time offers space. It explores what kind of promise planning offers, how such a promise is made, and what happens to it through time. The authors, all leading anthropologists, examine the time and space, creativity and agency, authority and responsibility, and conflicting desires that plans attempt to control. They show how the many people involved with planning deal with the discrepancies between what is promised and what is done. The comparative essays offer insight into the expected and unexpected outcomes of planning (from visionary utopias to bureaucratic dystopia

or something in-between), how the future is envisioned at the outset, and what actual work is done and how it affects people's lives. *Psychology of Selling* - Robert Moore 2017
Inside this book you will learn: how to master the inner game of selling: build unshakeable self-confidence and exceptional social skills ... ; New ways to control your thoughts, feelings, and actions to effortlessly close the most difficult deals! ; How to blow the roof off your closing rate and your commissions ... ; Effective ways to deal with a prospect's most common objections and overcome them, anytime! -- How to engage buyers' emotions to increase their receptiveness to you and your products ... ; How to pitch your product or idea in just 60 seconds!

The New New Deal -

Michael Grunwald

2012-08-14

In a riveting account based on new documents and interviews with more than 400 sources on both sides of the aisle, award-winning reporter Michael Grunwald reveals the vivid story behind President Obama's \$800 billion stimulus bill, one of the most important and least understood pieces of legislation in the history of the country. Grunwald's meticulous reporting shows how the stimulus, though reviled on the right and the left, helped prevent a depression while jump-starting the president's agenda for lasting change. As ambitious and far-reaching as FDR's New Deal, the Recovery Act is a down payment on the nation's economic and environmental future, the purest distillation of change

in the Obama era. The stimulus has launched a transition to a clean-energy economy, doubled our renewable power, and financed unprecedented investments in energy efficiency, a smarter grid, electric cars, advanced biofuels, and green manufacturing. It is computerizing America's pen-and-paper medical system. Its Race to the Top is the boldest education reform in U.S. history. It has put in place the biggest middle-class tax cuts in a generation, the largest research investments ever, and the most extensive infrastructure investments since Eisenhower's interstate highway system. It includes the largest expansion of antipoverty programs since the Great Society, lifting millions of Americans above the poverty line, reducing homelessness,

*Downloaded from
ect2018.fpune.edu.py on
by guest*

and modernizing unemployment insurance. Like the first New Deal, Obama's stimulus has created legacies that last: the world's largest wind and solar projects, a new battery industry, a fledgling high-speed rail network, and the world's highest-speed Internet network. Michael Grunwald goes behind the scenes—sitting in on cabinet meetings, as well as recounting the secret strategy sessions where Republicans devised their resistance to Obama—to show how the stimulus was born, how it fueled a resurgence on the right, and how it is changing America. The New New Deal shatters the conventional Washington narrative and it will redefine the way Obama's first term is perceived.

contentious democracy. Members turn to Pantsuit Nation as a place of refuge and inspiration, where marginalized voices are amplified, faces are put to political decisions, resources are shared, and activism is ignited. It is a dynamic, diverse community united by an unwavering commitment to building a more just, inclusive world"-- Amazon.com.

The Deal of a Lifetime - Fredrik Backman
2017-10-31

It's Christmas Eve morning. Years ago a man abandoned his son to pursue professional success; now he wonders if it's too late to forge a relationship with him. One week earlier, in a hospital late at night, the man met a five-year-old girl with cancer. When the man is given the chance to do something selfless that could change the

destiny of the little girl in the hospital bed, he needs to find out what his own life has actually been worth in the eyes of his son before he makes the deal of a lifetime.

Trump: The Art of the Deal - Donald J. Trump
2009-12-23

President Donald J. Trump lays out his professional and personal worldview in this classic work—a firsthand account of the rise of America's foremost deal-maker. "I like thinking big. I always have. To me it's very simple: If you're going to be thinking anyway, you might as well think big."—Donald J. Trump Here is Trump in action—how he runs his organization and how he runs his life—as he meets the people he needs to meet, chats with family and friends, clashes with enemies, and challenges

conventional thinking. But even a maverick plays by rules, and Trump has formulated time-tested guidelines for success. He isolates the common elements in his greatest accomplishments; he shatters myths; he names names, spells out the zeros, and fully reveals the deal-maker's art. And throughout, Trump talks—really talks—about how he does it. Trump: The Art of the Deal is an unguarded look at the mind of a brilliant entrepreneur—the ultimate read for anyone interested in the man behind the spotlight. Praise for Trump: The Art of the Deal “Trump makes one believe for a moment in the American dream again.”—The New York Times “Donald Trump is a deal maker. He is a deal maker the way lions are carnivores and water is wet.”—Chicago Tribune “Fascinating . . .

wholly absorbing . . . conveys Trump's larger-than-life demeanor so vibrantly that the reader's attention is instantly and fully claimed.”—Boston Herald “A chatty, generous, chutzpa-filled autobiography.”—New York Post

Raw Deal - Chloe Sorvino
2022-12-06

A shocking and unputdownable exposé of the United States meat industry, the devastating failures of the country's food system, and the growing disappointment of alternative meat producers claiming to revolutionize the future of food. Perfect for fans of Kochland, The Meat Racket, and The Secret Life of Groceries. Well before COVID-19 swept across the United States and the chairman of Tyson Foods infamously declared that the food

supply chain was dangerously vulnerable, America's meat industry was reaching a breaking point. Years of consolidation, price-fixing, and power grabs by elite industry insiders have harmed consumers and caused environmental destruction. Americans have no idea where their meat comes from. And while that's hurting us, it's also making others rich. Now, financial journalist Chloe Sorvino presents an expansive view of the meat industry and its future as its fundamental weaknesses are laid bare for all to see. With unprecedented access and in-depth research, Raw Deal investigates corporate greed, how climate change will upend our food production, and the limitations of local movements challenging the status quo. A

journalistic tour de force that dives deep into one of America's biggest and most vital industries, Raw Deal is a crucial and groundbreaking read that is sure to be a modern investigative journalism classic.

The Green New Deal - Jeremy Rifkin 2019-09-10
An urgent plan to confront climate change, transform the American economy, and create a green post-fossil fuel culture. A new vision for America's future is quickly gaining momentum. Facing a global emergency, a younger generation is spearheading a national conversation around a Green New Deal and setting the agenda for a bold political movement with the potential to revolutionize society. Millennials, the largest voting bloc in the country, are now leading on the issue of climate

Downloaded from
ect2018.fpune.edu.py on
by guest

change. While the Green New Deal has become a lightning rod in the political sphere, there is a parallel movement emerging within the business community that will shake the very foundation of the global economy in coming years. Key sectors of the economy are fast-decoupling from fossil fuels in favor of ever cheaper solar and wind energies and the new business opportunities and employment that accompany them. New studies are sounding the alarm that trillions of dollars in stranded fossil fuel assets could create a carbon bubble likely to burst by 2028, causing the collapse of the fossil fuel civilization. The marketplace is speaking, and governments will need to adapt if they are to survive and prosper. In *The Green New Deal*, New York Times

bestselling author and renowned economic theorist Jeremy Rifkin delivers the political narrative and economic plan for the Green New Deal that we need at this critical moment in history. The concurrence of a stranded fossil fuel assets bubble and a green political vision opens up the possibility of a massive shift to a post-carbon ecological era, in time to prevent a temperature rise that will tip us over the edge into runaway climate change. With twenty-five years of experience implementing Green New Deal-style transitions for both the European Union and the People's Republic of China, Rifkin offers his vision for how to transform the global economy and save life on Earth.

[What's the Deal with Teens and Time Management?](#) - Leslie

*Downloaded from
ect2018.fpune.edu.py on

Josel 2015-01-29

Time management is a challenge for everyone, but it is a particularly daunting challenge for middle and high school students. There is an expectation that at their age they should be independent and know how to get things done on their own. But teens are busier than ever.

Between homework, school, afterschool activities, family, friends, jobs, and more, teens often find that their time is truly NOT their own. Add in the fact that they often lack the tools to manage their time; maybe it's a little unrealistic for parents to expect their teenagers to instinctively know how to manage time. "What's the Deal with Teens and Time Management" takes parents step-by-step through the basics of teaching their teens the time management skills

they need to succeed-at school, at work and in life! This is a user-friendly guide full of best practice solutions for helping teens stay on top of their homework, avoid procrastination traps, get out the door in the morning with minimal conflict and manage the use of their electronics. In a readable, breezy and witty fashion, Josel opens the door to the world of time management, what it really means, why it's important and why your teen probably doesn't "get it." And throughout the book, Josel offers up the "Triple Ts" - her tried and true Tips, Tools and Techniques - to provide support and guidance for parents looking to help their teens understand, develop and implement time management skills. In this book, you'll

Downloaded from
ect2018.fpune.edu.py on

learn: The FIVE mindsets parents need to start their teen on the journey of time management awareness. How to create a "Personal Homework Profile" to better understand how your teen tackles homework. How to help your teen create a time sense and develop "future awareness." How to pick an appropriate paper or electronic academic planner and how to properly plan their time. How to create a peaceful and calm morning routine to get your teen out the door in the morning without anxiety and frustration. Case studies, useful resources, Leslie's straight talk and much, much more! Time Management is a Life Skill that Doesn't Come Naturally to Everyone. It Can be Learned." *How to Deal with Debt Collectors and Win Every Time How to Beat Them at*

Their Own Game Credit Repair How to Repair Your Credit All by Yourself - Ernie Braveboy 2018-06-17
How to Deal with Debt Collectors and Win Every Time How To Beat Them at Their Own Game Debt is something most of us dread. Worse than that is being put in a situation where debt collectors start bombarding you with long threatening and intimidating calls, emails and mails. It is humiliating, disheartening, frustrating and frightening to hear how your salary will be garnished, how your assets might be sold off and how your friends, neighbors, landlord, prospective creditors, employers, colleagues at work and other people will be told about your inability to pay your debts. Sometimes we are in a desperate situation

*Downloaded from
ect2018.fpune.edu.py on
by guest*

where we are unable to pay and at other times, we just have forgotten about a particular debt so when a debt collection agency initiates contact, we go into panic mode because in many instances, we know we should pay. However, this does not give debt collectors the right to do anything they wish just to make you pay. The law is on your side and you can use that to your advantage. For instance, there is a way that debt collection agencies are supposed to go about contacting you, as per the law. That's not all, understanding your rights in the whole process ensures you can spot the debt collectors' violation of your rights and put them to task on the same. And even if you have to go to court, you can still beat the debt collection agents at their game but

only if you know your rights and the law regarding debt collection. Ultimately, with a deep understanding of the law, you are able to keep debt collectors' aggression in check, all to your advantage. Would you want to be that person who is not afraid of debt collectors with all their rage and fury? Do you want to beat them at their own game of debt collection by using the law to your advantage to tame them? Well, if that's what you are looking for, this book is the ultimate guide on how to take charge of the whole process so that you don't end up making silly mistakes that could cost you. In this book, you will learn: How debt collection agencies work so that you can understand why they have to contact you and why businesses use

debt collectors What
debt collection agencies
are allowed (by the law)
to do and what they
cannot do How to report
any unfair and illegal
debt collection
practices by debt
collection agents What
you should do whenever

Secrets of a

Deal'ionaire - John Lee

2014-08-03

Secrets of a

Deal'ionaire According

to US statistics over

1,000,000 Americans

filed for bankruptcy

last year. Over 85%

could have been

prevented if they had

just \$300 more per

month. Would you like to

know how to turn \$200

into \$2,000 in less than

2 hours worth of total

work? The secrets and

strategies John share

are unique and

priceless. He has

simplified processes

that can be very

complicated. The small

deals that he has done

over the last 25 years

you have just learned in

a very easy to

understand format. One

of the most important

things John has learned

is to get a mentor and

jump start your way to

success. There are two

ways to do things, the

easy way or the hard

way. A mentor will get

you there the easy way.

The hard way is to spend

twenty five years

learning it yourself.

The information you need

to get started in small

deals that can make you

a handsome profit is in

this book. Lots of small

deals can change your

life.

Organize Your Day - Mai

Jun 2015-08-05

How To Organize Your Day

Getting More Out of Life

Through Effective Time

Management and

OrganizationFor most of

us, time has become a

very precious commodity

and one that we simply

cannot seem to get

enough of. Working hard

is something that this

country was built on and

so this lack of time

cannot be attributed to

a lack of willingness to

work hard. The problem

The Art of Her Deal -
Mary Jordan 2020-06-16
This revelatory biography of Melania Trump from Pulitzer Prize-winning Washington Post reporter Mary Jordan “deftly, and without agenda, decodes Melania [Trump]” (NBC News) who is far more influential in the White

House than most people realize. Based on interviews with more than one hundred people in five countries, *The Art of Her Deal: The Untold Story of Melania Trump* draws an unprecedented portrait of the first lady. While her public image is of an aloof woman floating above the political gamesmanship of Washington, behind the scenes Melania Trump is not only part of President Trump’s inner circle, but for some key decisions she has been his single most influential adviser. Throughout her public life, Melania Trump has purposefully worked to remain mysterious. With the help of key people speaking publicly for the first time and never-before-seen documents and tapes, *The Art of Her Deal* looks beyond the surface image to find a determined

immigrant and the life she had before she met Donald Trump. Mary Jordan traces Melania's journey from Slovenia, where her family stood out for their nonconformity, to her days as a fledgling model known for steering clear of the industry's hard-partying scene, to a tiny living space in Manhattan she shared platonically with a male photographer, to the long, complicated dating dance that finally resulted in her marriage to Trump. Jordan documents Melania's key role in Trump's political life before and at the White House, and shows why he trusts her instincts above all. The picture of Melania Trump that emerges in *The Art of Her Deal* is one of a woman who is savvy, steely, ambitious, deliberate, and who plays the long game. And while it is

her husband who became famous for the phrase "the art of the deal," it is she who has consistently used her leverage to get exactly what she wants. This is the story of the art of her deal.

Make a Fortune Selling to Women - Connie Podesta 2016-03-01

**Want to Close The Deal?
Want to Make The Sale?
Want to Retain More Customers? Are you selling to the dominant economic force in the country?**

There are 190 million of them in the U.S. alone. They have \$4.4 trillion in collective buying power. They purchase 85% of all products and services, and they influence most of the rest of the purchases. They are responsible for 85% of the checks written. Forty-seven percent of them are

stockholders. Who are they? Women.

In *Make a Fortune Selling to Women*, **Connie Podesta** combines psychology and sales tactics to create a how-to guide for how to sell to women and how to market to women.

With a lively voice and no-nonsense tone that both men and women will appreciate, Podesta offers specific tips for overcoming the big five Deal Breakers:

1. She doesn't want to play the game
2. She doesn't think the salesperson views her as a legitimate decision maker
3. She doesn't like the salesperson
4. She doesn't trust the salesperson
5. She doesn't think the salesperson is the right person for the job

Riddled with revealing anecdotes, *Make a Fortune Selling to Women* describes the male and female approach to the buying experience-- without being condescending to either gender. And both salesmen and saleswomen will rely on this book to help them secure more sales with women. Discover exactly the right approach when selling to women and use it to close the deal.

Business Week - 1999

The Tyranny of Big Tech
- Josh Hawley 2021-05-04
The reign of Big Tech is here, and Americans' First Amendment rights hang by a keystroke. Amassing unimaginable amounts of personal data, giants like Google, Facebook, Amazon, and Apple—once symbols of American ingenuity and freedom—have become a

Downloaded from
ect2018.fpune.edu.py on
by guest

techno-oligarchy with overwhelming economic and political power. Decades of unchecked data collection have given Big Tech more targeted control over Americans' daily lives than any company or government in the world. In *The Tyranny of Big Tech*, Senator Josh Hawley of Missouri argues that these mega-corporations—controlled by the robber barons of the modern era—are the gravest threat to American liberty in decades. To reverse course, Hawley argues, we must correct progressives' mistakes of the past. That means recovering the link between liberty and democratic participation, building an economy that makes the working class strong, independent, and beholden to no one, and curbing the influence of corporate and political

elites. Big Tech and its allies do not deal gently with those who cross them, and Senator Hawley proudly bears his own battle scars. But hubris is dangerous. The time is ripe to overcome the tyranny of Big Tech by reshaping the business and legal landscape of the digital world.

Reframing Organizations

Fic - Anne Jamison 2013-11-26

What is fanfiction, and what is it not? Why does fanfiction matter? And what makes it so important to the future of literature? Fic is a groundbreaking exploration of the history and culture of fan writing and what it means for the way we think about reading, writing, and authorship. It's a story about literature, community, and technology—about what stories are being told, who's telling them, how, and why. With provocative discussions from both professional and fan writers, on subjects from Star Trek

to The X-Files and Buffy the Vampire Slayer to Harry Potter, Twilight, and beyond, Fic sheds light on the widely misunderstood world(s) of fanfiction—not only how fanfiction is transforming the literary landscape, but how it already has. Fic features a foreword by Lev Grossman (author of The Magicians) and interviews with Jonathan Lethem, Doug Wright, Eurydice (Vivean Dean), and Katie Forsythe/wordstrings. Cyndy Aleo (algonquinrt; d0tpark3r) V. Downloaded from
ect2018.fpune.edu.py on
by guest

threatened the lives and livelihoods of millions. Quickly, Governor Andrew Cuomo provided the leadership to address the threat, becoming the standard-bearer of the organized response the country desperately needed. With infection rates spiking and more people dying every day, the systems and functions necessary to combat the pandemic in New York—and America—did not exist. So Cuomo undertook the impossible. He unified people to rise to the challenge and was relentless in his pursuit of scientific facts and data. He quelled fear while implementing an extraordinary plan for flattening the curve of infection. He and his team worked day and night to protect the people of New York, despite roadblocks presented by a president

incapable of leadership and addicted to transactional politics. Taking readers beyond the candid daily briefings that became must-see TV across the globe, and providing a dramatic, day-by-day account of the catastrophe as it unfolded, *American Crisis* presents the intimate and inspiring thoughts of a leader at an unprecedented historical moment. In his own voice, Andrew Cuomo chronicles the ingenuity and sacrifice required of so many to fight the pandemic, sharing the decision-making that shaped his policy as well as his frank accounting and assessment of his interactions with the federal government, the White House, and other state and local political and health officials. Real leadership, he shows,

*Downloaded from
ect2018.fpune.edu.py on
by guest*

requires clear communication, compassion for others, and a commitment to truth-telling—no matter how frightening the facts may be. Including a game plan for what we as individuals—and as a nation—need to do to protect ourselves against this disaster and those to come, American Crisis is a remarkable portrait of selfless leadership and a gritty story of difficult choices that points the way to a safer future for all of us.

Zoology - DK 2019-10-08

See the animal kingdom in all its glory, from jellyfish to polar bears, with up-close details of their unique features from head to toe. Filled with magnificent photographs that were specially commissioned for this book and cannot be seen anywhere else. Written

in association with the Smithsonian Institution. This visual reference book starts with the question "what is an animal?" and takes you through the animal kingdom - mammals, reptiles, birds, and sea creatures. It uses a unique head-to-toe approach that showcases in spectacular detail special features like the flight feathers of a parrot, the antenna of a moth, or the tentacles of coral. This visual encyclopedia is filled with clear and fascinating information on everything about the social lives of animals. Read exciting stories like how animals communicate, defend their territories, and attract mates. adjust to specific diets, or how they work physically. Humans have drawn and painted animals for thousands of years. Zoology has included some of these, like early rock art that depicts our awe of the animal kingdom or natural history artworks like those commissioned by the Mughal Courts in the 1600s. Dramatic Wildlife Photography Spectacular, never-before-seen photographs that will bring you close to many of the world's most captivating and intriguing inhabitants. This book offers an extraordinary introduction to the animal world by taking you through chapters that details their diversity. Go from head to toe in Zoology: - The animal kingdom - Shape and size - Skeletons - Skins, coats, and armor - Senses - Mouth and jaws - Legs, arms,

tentacles, and tails - Fins, flippers, and paddles - Wings and parachutes - Eggs and offspring

The Deal of the Century

- Steve Coll 2017-06-13

A New York

Times—bestselling author’s “superbly reported” account of the dismantling of the world’s largest corporation (The Washington Post).

Written by the two-time Pulitzer Prize-winning author of Ghost Wars and Private Empire, *The Deal of the Century*

chronicles the decade-long war for control of AT&T. When the US Department of Justice brought an antitrust lawsuit against AT&T in 1974, the telecommunications giant held a monopoly on phone service throughout the country. Over the following decade, an army of lawyers, executives, politicians,

and judges spent countless hours clashing over what amounted to the biggest corporate breakup in American history. From boardroom to courtroom, Steve Coll untangles the myriad threads of this complex and critical case and gives readers "an excellent behind-the-scenes look" at the human drama involved in the remaking of an entire industry (The Philadelphia Inquirer). Hailed by the New York Times Book Review as "rich, intricate and convincing," *The Deal of the Century* is the definitive narrative of a momentous turning point in the way America does business.

RV Living - Freeland Sport 2018-06-27
You're About To Discover The #1 Secret To RV Living With This Travel Book and Guide to RV Living Full-time Is your dream to hit the

road and make exploring new places a daily part of your life? Does seeing pictures of people hiking through beautiful landscapes or eating fresh caught fish cooked over an open fire fill you with hope and longing? Have you heard about your favorite band reuniting for one night only in a town on the other side of the country and wished you could hop into your car and go? Well, when you make the choice to live in an RV home, all these things become possible! More and more people are choosing to sell or sublet their homes, buy an RV, and live as full-time explorers! The truth is that doing this is not as crazy as it sounds! by guest*

and Republican clients and a frequent television talk show guest, Kellyanne Conway had already established herself as one of the brightest lights on the national political scene when Donald Trump asked her to run his presidential campaign. She agreed, delivering him to the White House, becoming the first woman in American history to manage a winning presidential campaign, and changing the American landscape forever. Who she is, how she did it, and who tried to stop her is a fascinating story of personal triumph and political intrigue that has never been told...until now. In *Here's The Deal*, Kellyanne takes you on a journey all the way to the White House and beyond with her trademark sharp wit, raw honesty, and level eye.

It's all here: what it's like to be dissected on national television. How to outsmart the media mob. How to outclass the crazy critics. How to survive and succeed in male-dominated industries. What happens when the perils of social media really hit home. And what happens when the divisions across the country start playing out in one's own family. In this open and vulnerable account, Kellyanne turns the camera on herself. What she has to share—about our politics, about the media, about her time in the White House, and about her personal journey—is an astonishing glimpse of visibility and vulnerability, of professional and personal highs and lows, and ultimately, of triumph.

Better Love Next Time -
J. M. Kearns 2010-03-18

Downloaded from
ect2018.fpune.edu.py on

Better Love Next Time offers help in coping with the pain and heartache of a bad breakup, but more than that, it reveals how to overcome the lingering damage that a broken relationship can leave behind – how to heal your romantic soul. J.M. Kearns presents a simple (and entertaining) way to diagnose what went wrong, so history won't have to repeat itself, and explains how to decode the "guide to compatibility" written in your own past. Witty, frank, and full of real-life stories, Better Love Next Time ensures that when you do find a new love, you will arrive whole, renewed, and empowered to make it the one that lasts. In Better Love Next Time, J.M. Kearns discusses: how to deal with the "wall of pain" that is a broken heart, and what is waiting beyond the

wall why "falling in love" too often doesn't lead to love; and how to change that how our attempts to avoid being cheated on again can make us choose exactly the wrong partners the real key to faithfulness in a partner the surprising toll that cheating takes on the cheater how a mismatch can trick you into feeling inadequate how to replace what you've lost after a breakup how good matches go bad – the ultimate scoop on how to make your next (good) match last. "Read it, people. J.M. Kearns's new book called Better Love Next Time... The book's main premise is that people often repeat the same mistakes in successive relationships, but if you can diagnose what really went wrong with your exes, you can have better relationships in the future." – Erin

Meanley, Glamour.com "If you're searching for love, then you should start with this refreshingly intelligent and insightful dating guide." –Shari Low, Daily Record "Self-help books often make me skittish - but not this one. Kearns's advice is sound and good: he tells us to look inward, to be honest with ourselves, to stay the course. A chapter called How Good Matches Go Bad is, alone, worth the book's price...He says our demons will invariably rise up and try to disrupt ...It's important to learn to step back when you sense trouble 'and ask yourself, who is talking here?' Are there old grudges in play? Old hurts stinging? False lessons echoing that have nothing to do with the two of you?" –Susan Schwartz, Montreal Gazette
Life in Cut Time - Emily

Schwartz 2012-07-04
A blend of practical time management solutions and teaching wisdom that extends far beyond the classroom door. Learn how to adhere to the 5 minute rule; make meetings worth your while; maximize your prep time; deal with unexpected interruptions; create and use a slow day list; get rid of time killers; assign start dates to your deadlines; manage your motivation; and more.--Back cover.

The Master Deal Maker - Jim Nissing 2019-03
The Master Deal Maker is someone who makes deals, all kinds of deals, real estate, business, tech, licensing, any kind of deal. Learn the secrets of making deals. Build your confidence and overcome the fear of making a bad deal. Do you know the secrets of a deal? If not, how in the world can you pitch

a deal successfully. Let Jim Nissing show you how to identify, pitch and negotiate your next big deal and become a Master Deal Maker.

Persuasion - Robert Moore 2019-11-24

This book is dramatically different from anything you've ever read because it's more of a "field guide" to massive success in sales rather than a "traditional" book. The reason why is because there's no fluff or filler. It immediately gets down to brass tacks, showing you exactly what to do, how to do it, and why.

Deal Breaker - Harlan Coben 2010-10-20

The debut of Myron Bolitar, a hotheaded, tenderhearted sports agent and one of the most fascinating and complex heroes in suspense fiction, Deal Breaker is a page-turning classic from

Edgar Award-winner and master storyteller Harlan Coben. "One of the most engaging heroes in mystery fiction."—Dennis Lehane
Sports agent Myron Bolitar is poised on the edge of the big time. So is Christian Steele, a rookie quarterback and Myron's prized client. But when Christian gets a phone call from a former girlfriend—a woman who everyone, including the police, believes is dead—the deal starts to go sour. Trying to unravel the truth about a family's tragedy, a woman's secret, and a man's lies, Myron is up against the dark side of his business—where image and talent make you rich, but the truth can get you killed. "What sets Harlan Coben above the crowd are wit and wicked nonchalance."—Los Angeles Times

My Monticello - Jocelyn

Nicole Johnson
2021-10-05

"A badass debut by any measure—nimble, knowing, and electrifying."
—Colson Whitehead, Pulitzer Prize-winning author of *The Nickel Boys* and *Harlem Shuffle*
"...'*My Monticello*' is, quite simply, an extraordinary debut from a gifted writer with an unflinching view of history and what may come of it." — The Washington Post Winner of the Weatherford Award in Fiction A winner of 2022 Lillian Smith Book Awards
A young woman descended from Thomas Jefferson and Sally Hemings driven from her neighborhood by a white militia. A university professor studying racism by conducting a secret social experiment on his own son. A single mother desperate to buy her first home even as the world hurtles toward catastrophe. Each

fighting to survive in America. Tough-minded, vulnerable, and brave, Jocelyn Nicole Johnson's precisely imagined debut explores burdened inheritances and extraordinary pursuits of belonging. Set in the near future, the eponymous novella, "*My Monticello*," tells of a diverse group of Charlottesville neighbors fleeing violent white supremacists. Led by Da'Naisha, a young Black descendant of Thomas Jefferson and Sally Hemings, they seek refuge in Jefferson's historic plantation home in a desperate attempt to outlive the long-foretold racial and environmental unravelling within the nation. In "*Control Negro*," hailed by Roxane Gay as "one hell of a story," a university professor devotes himself to the study of

racism and the development of ACMs (average American Caucasian males) by clinically observing his own son from birth in order to “painstakingly mark the route of this Black child too, one whom I could prove was so strikingly decent and true that America could not find fault in him unless we as a nation had projected it there.” Johnson’s characters all seek out home as a place and an internal state, whether in the form of a Nigerian widower who immigrates to a meager existence in the city of

Alexandria, finding himself adrift; a young mixed-race woman who adopts a new tongue and name to escape the landscapes of rural Virginia and her family; or a single mother who seeks salvation through “Buying a House Ahead of the Apocalypse.” United by these characters’ relentless struggles against reality and fate, *My Monticello* is a formidable book that bears witness to this country’s legacies and announces the arrival of a wildly original new voice in American fiction.
