*The Lost Manuscript* - Cathy Bonidan 2021-01-12  
"Poignant and powerful."--Publishers Weekly (starred

review) The Lost Manuscript is a charming epistolary novel about the love of books and magical ability they have to bring people together. Sometimes a book has the power to change your life... When Anne-Lise Briard books a room at the Beau Rivage Hotel for her vacation on the Brittany coast, she has no idea this trip will start her on the path to unearthing a mystery. In search of something to read, she opens up her bedside table drawer in her hotel room, and inside she finds an abandoned manuscript. Halfway through the pages, an address is written. She sends pages to the address, in hopes of potentially hearing a response from the unknown author. But not before she reads the story and falls in love with it. The response, which she receives a few days later, astonishes her... Not only does the author write back, but he confesses that he lost the manuscript 30 years prior on a flight to Montreal. And then he reveals something even more shocking—that he was not the author of the second half of the book. Anne-Lise can't rest until she discovers who this second mystery author is,

and in doing so tracks down every person who has held this manuscript in their hands. Through the letters exchanged by the people whose lives the manuscript has touched, she discovers long-lost love stories and intimate secrets. Romances blossom and new friends are made. Everyone's lives are made better by this book—and isn't that the point of reading? And finally, with a plot twist you don't see coming, she uncovers the astonishing identity of the author who finished the story.

**Out of Their Minds** - Clifford D. Simak 2015-07-21

A writer finds himself trapped in an isolated village where anything imagined becomes reality in this wildly inventive contemporary fantasy. Hoping to write his book in quiet and seclusion, Horton Smith has returned home to Pilot Knob. Here, in the tiny village where he passed so many carefree childhood years, he is untroubled by the pressures of the big city and can freely answer the call of his muse. Of course, back in the city Horton didn't have to run from dinosaurs. There were no cartoon hillbillies offering him moonshine, Don Quixote was content to confine himself to the pages of a book, and the Devil himself was not on Horton's tail. Something very, very unusual is going on in Pilot Knob, and Horton Smith is determined to get to the bottom of it—if his own imagination doesn't kill him first! In *Out of Their Minds*, science fiction Grand Master Clifford D. Simak changes gears, treating his readers to a delightfully satiric flight of fancy and fantasy. An award-winning author renowned for his remarkable visions of the future, Simak brings creatures and characters from humankind's collective imagination to breathtaking life in this fast-moving and unforgettable tale.

Through his blog, he's slowly reaching out, finding his voice. He wants to try out for the Varsity basketball team. He wants his mom to focus on her own life for a change, maybe even date again. Jaden knows she needs to let go--of Tate, of her fears and anger, and of the responsibilities she uses as a shield. *My Monticello* - Jocelyn Nicole Johnson 2021-10-05

"A badass debut by any measure--nimble, knowing, and electrifying." --Colson Whitehead, Pulitzer Prize-winning author of *The Nickel Boys* and *Harlem Shuffle* "... 'My Monticello' is, quite simply, an extraordinary debut

from a gifted writer with an unflinching view of history and what may come of it." – The Washington Post Winner of the Weatherford Award in Fiction A winner of 2022 Lillian Smith Book Awards A young woman descended from Thomas Jefferson and Sally Hemings driven from her neighborhood by a white militia. A university professor studying racism by conducting a secret social experiment on his own son. A single mother desperate to buy her first home even as the world hurtles toward catastrophe. Each fighting to survive in America. Tough-minded, vulnerable, and brave, Jocelyn Nicole Johnson's precisely imagined debut explores burdened inheritances and extraordinary pursuits of belonging. Set in the near future, the eponymous novella, "My Monticello," tells of a diverse group of Charlottesville neighbors fleeing violent white supremacists. Led by Da'Naisha, a young Black descendant of Thomas Jefferson and Sally Hemings, they seek refuge in Jefferson's historic plantation home in a desperate attempt to outlive the long-foretold racial and environmental unravelling within the nation. In "Control Negro," hailed by Roxane Gay as "one hell of a story," a university professor devotes himself to the study of racism and the development of ACMs (average American Caucasian males) by clinically observing his own son from birth in order to "painstakingly mark the route of this Black child too, one whom I could prove was so strikingly decent and true that America could not find fault in him unless we as a nation had projected it there." Johnson's characters all seek out home as a place and an internal state, whether in the form of a Nigerian widower who immigrates to a meager existence in the city of Alexandria, finding himself adrift; a young mixed-race woman who adopts a new tongue and name to escape the landscapes of rural Virginia and her family;

or a single mother who seeks salvation through "Buying a House Ahead of the Apocalypse." United by these characters' relentless struggles against reality and fate, *My Monticello* is a formidable book that bears witness to this country's legacies and announces the arrival of a wildly original new voice in American fiction.

A masterpiece of Biblical scope, and the magnum opus of one of America's most enduring authors, in a commemorative hardcover edition In his journal, Nobel Prize winner John Steinbeck called *East of Eden* "the first book," and indeed it has the primordial power and simplicity of myth. How to Network Like an American - Judy Shen-Filerman  
2015-10-14

*Funds of Knowledge* - Norma Gonzalez 2006-04-21  
The concept of "funds of knowledge" is based on a simple premise: people are competent and have knowledge, and their life experiences have given them that knowledge. The claim in this book is that first-hand research experiences with families allow one to document this competence and knowledge, and that such engagement provides many possibilities for positive pedagogical actions. Drawing from both Vygotskian and neo-sociocultural perspectives in designing a methodology that views the everyday practices of language and action as constructing knowledge, the funds of knowledge approach facilitates a systematic and powerful way to

represent communities in terms of the resources they possess and how to harness them for classroom teaching. This book accomplishes three objectives: It gives readers the basic methodology and techniques followed in the contributors' funds of knowledge research; it extends the boundaries of what these researchers have done; and it explores the applications to classroom practice that can result from teachers knowing the communities in which they work. In a time when national educational discourses focus on system reform and wholesale replicability across school sites, this book offers a counter-perspective stating that instruction must be linked to students' lives, and that details of effective pedagogy should be linked to local histories and community contexts. This approach should not be confused with parent participation programs, although that is often a fortuitous consequence of the work described. It is also not an attempt to teach parents "how to do school" although that could certainly be an outcome if the parents so desired. Instead, the funds of knowledge approach attempts to accomplish something that may be even more challenging: to alter the perceptions of working-class or poor communities by viewing their households primarily in terms of their strengths and resources, their defining pedagogical characteristics. Funds of Knowledge: Theorizing Practices in Households, Communities, and Classrooms is a critically important volume for all teachers and teachers-to-be, and for researchers and graduate students of language, culture, and education.
