So, later you require the books swiftly, you can straight acquire it. Its as a result definitely simple and so fats, isnt it? You have to favor to in this space

Japanese Animation in Asia - Marco Pellitteri 2021-09-28

Anime is a quintessentially Japanese form of animation consisting of both hand drawn and computer-generated imagery, and is often characterised by colourful graphics, vibrant

characters, and fantastical themes. As an increasingly globalising expression of popular art and entertainment, and distributed through cinema, television, and over the internet, anime series and films have an enormous following, not only

in Japan but also in Asia. This book provides a comprehensive survey of the historical development, industrial structure, and technical features of Japanese animation and of the overall dynamics of its globalisation in key contexts of the Asian region. Specific chapters cover anime's production logics, its features as an 'emotion industry', and the involvement of a range of Asian countries in the production, consumption, and cultural impact of Japanese animation.

Billboard - 1996-08-31

With dynamic photography, bold graphic design, and informed irreverence, the pages of SPIN pulsate with the energy of today's most innovative sounds. Whether covering what's new or what's next, SPIN is your monthly VIP pass to all that rocks.

K-pop Dance - Chuyun Oh 2022-07-01

This book is about K-pop dance and the evolution and presence of its dance fandom on social media. Based on five years of ethnographic fieldwork, interviews, choreography, and participation-observation with 40 amateur and professional K-pop dancers in New York, California, and Seoul, the book traces the evolution of K-pop dance from the 1980s to the 2020s and explains its distinctive feature called 'gestural point choreography' – front-driven, two-dimensional, decorative and charming movements of the upper body and face – as an example of what the author theorizes as 'social media dance.' It also explores K-pop cover dance as a form of intercultural performance, suggesting that, by imitating and idolizing K-pop dance, fans are

eventually 'fandoming' themselves and their bodies. Presenting an ethnographic study of K-pop dance and its fandom, this book will be a valuable resource for students and scholars of Media Studies, Korean Studies, Performance Studies, and Dance.

Jeni's Splendid Ice Cream Desserts -
Jeni Britton Bauer 2014-05-20
In Jeni's Splendid Ice Cream
Desserts, ice creams deliciously melt
into hot brown Bettys, berry
cobblers, sweet empanadas, and corn
fritters. Her one-of-a-kind cakes and
cookies are not only served with ice
cream, they get crumbled on top and
incorporated into the ice cream base
itself. Sundae combinations dazzle
with bold and inspired sauces, such
as Whiskey Caramel and Honey Spiked
with Chilies. And Jeni's crunchy
"gravels" (crumbly sundae
toppings)—such as Salty Graham Gravel
and Everything Bagel Gravel—are

unlike toppings anyone has ever seen
before. Store-bought ice cream can be
used for all the desserts in the
book, but it will be hard to resist
Jeni's breakthrough recipes for
dairy-free ice cream, frozen custard,
and soft-serve. Thirty brand-new
flavors, including Cumin & Honey
Butterscotch and Extra-Strength Root
Beer Ice Cream, attest to the magic
of this unique and alluring
collection.

Billboard - 1996-06-15

In its 114th year, Billboard remains
the world's premier weekly music
publication and a diverse digital,

*Complexity in Second Language Study
Emotions* - Richard J. Sampson
2022-06-15

This book offers a socially situated view of the emergence of emotionality for additional language (L2) learners in classroom interaction in Japan. Grounded in a complexity perspective, the author argues that emotions need to be studied as they are dynamically experienced and understood in all of their multidimensional colors by individuals (in interaction). Via practitioner research, Sampson applies a small-lens focus, interweaving experiential and discursive data, offering possibilities for exploring,

interpreting and representing the lived experience of L2 study emotions in a more holistic yet detailed, social yet individual fashion. Amidst the currently expanding interest in L2 study emotions, the book presents a strong case for the benefits of locating interpretations of the emergence of L2 study emotions back into situated, dynamic, social context. Sampson's work will be of interest to students and researchers in second language acquisition and L2 learning psychology.

NetBeans: The Definitive Guide - Tim
Boudreau 2003

This is the authoritative reference

for understanding and using the NetBeans Integrated Development Environment for creating new software with Java. Contains a detailed tutorial.

The International Recording Industries - Lee Marshall 2013

The recording industry has been a major focus of interest for cultural commentators throughout the twenty-first century. As the first major content industry to have its production and distribution patterns radically disturbed by the internet, the recording industry's content, attitudes and practices have regularly been under the microscope. Much of this discussion, however, is dominated by US and UK perspectives and assumes the 'the recording industry' to be a relatively static, homogeneous, entity. This book

attempts to offer a broader, less Anglocentric and more dynamic understanding of the recording industry. Its starting premise is the idea that the recording industry is not one thing but is, rather, a series of recording industries, locally organised and locally focused, both structured by and structuring the international industry. Seven detailed case studies of different national recording industries illustrate this fact, each of them specifically chosen to provide a distinctive insight into the workings of the recording industry. The expert contributions to this book provide the reader with a sense of the history, structure and contemporary dynamics of the recording industry in these specific territories, and counteract the

Anglo-American bias of coverage of the music industry. The International Recording Industries will be valuable to students and scholars of sociology, cultural studies, media studies, cultural economics and popular music studies.

Aperture 3 Portable Genius - Josh Anon 2010-09-14

Compact, fluff-free, full-color guide to getting the most out of Apple's Aperture digital photography software. This handy Portable Genius guide is designed to help you avoid hassle, save time, and quickly learn what you need to know to use Apple's Aperture digital photography software effectively—and have fun while you're doing it! Managing Your Band - Sixth Edition -

Stephen Marcone 2017-06-01
(Book). Making it in music has never been easy, but today it's harder than ever before. The digital age has dawned and, with it, the music biz has wholly merged with the entertainment industry. Up-and-comers are immediately faced with a dire choice: alter your art to appease the powers that be or learn to navigate the notoriously grimy underside of the most glamorous profession in the world. Whether you're a self-reliant DIY musician or an aspiring personal manager, Stephen Marcone and David Philp's *Managing Your Band Artist Management: The Ultimate Responsibility* can help you keep your shirt and maybe just maybe make a buck, all for less than the price of a decent dinner. Now in its sixth edition, *Managing Your Band* has long

since been the standard bearer for aspirants and hardened vets alike. From dive bars to festivals, from branding and merchandising to marketing and publicity, from publishing and licensing to rights and contracts, Marcone and Philp leave no stone unturned in this comprehensive guide to artist management. A lofty claim, eh? No need to take our word for it luminaries in every corner of the industry are willing to testify. To put it mildly, the book has a reputation with record labels. John Butler, Vice President of Promotion at Curb, believes that "Marcone and Philp take on our ever-changing business with a fresh and complete approach. The breadth of information here is as important to veterans as it is to the new entrepreneurs that

will power the current and next versions of the music industry." Paul Sinclair, the EVP of Digital Strategy & Innovation at Atlantic, attests that "the 6th edition of *Managing Your Band* provides an excellent blueprint to follow paths of flexibility and specificity toward a successful career in music. In this book, you find the framework. Implement it well and you have a better shot of finding success with your musical art." Joe Riccitelli, the EVP/GM of RCA, considers the book "a must for new and established managers who may need a brush-up on topics they have forgotten," as "Stephen's & David's vast experience pays off in the 6th edition." Hell, this is "the only book" music mogul Harvey Leeds "took to Israel to teach the Israelis about the international

music and entertainment business!" In the end, we think Doc McGhee, the man who whisked Bon Jovi and Motley Crue to superstardom, says it best: "I wish I had something like this when I was starting out!" What more can we say? Pick up the latest edition of *Managing Your Band* and chase that wild dream!

Poole's Index to Periodical Literature - William Frederick Poole 1882

E-Equals Level 2 Office XP Using the Internet - Tina Lawton 2004-06

The titles in this series are ideal for students or IT users who wish to develop their IT skills further. Simple clear language aids understanding, exercises help students master the skills they need for assessment and real life

scenarios put the knowledge into context.

A Glossary of the Dialect of Almondbury and Huddersfield - Alfred Easter 1883

Prayers for Oppa - Teresa Santoski 2013-11-01

A compact, meaningful prayer tool geared toward the East Asian entertainment industry, *Prayers for Oppa* contains 20 devotionals on topics of interest to performers: Giving an outdoor concert on a rainy night? Check out Performance Safety. Feeling pressure due to the expectations of others? Flip to Discouragement. Wondering if you're presenting yourself to the public in a way that brings God glory? Find what you need in the Fan Service and Image sections. Each devotional

includes prayers and applicable Bible verses for fans as well as for performers: Is your favorite performer sick or injured? Turn to the Healing section. Are they going through a tough time in their career? Go to Difficulty Getting Work. Want to support them in their efforts to share their faith? Try Social Media, Sharing God with Others or Taking a Stand. With its emphasis on cultivating a strong relationship with God through prayer and reading the Bible, Prayers for Oppa offers performers and fans a more meaningful connection with one another and with God.

licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

The Kindergarten and First Grade - 1920

One-Hit Wonders - Sarah Hill
2022-02-24

The one-hit wonder has a long and storied history in popular music, exhorting listeners to dance, to teach the world to sing in perfect harmony, to ponder mortality, to get a job, to bask in the sunshine, or just to get up and dance again. Catchy, memorable, irritating, or simply ubiquitous, one-hit wonders capture something of the mood of a time. This collection provides a

series of short, sharp chapters focusing on one-hit wonders from the 1950s to the present day, with a view toward understanding both the mechanics of success and the socio-musical contexts within which such songs became hits. Some artists included here might have aspired to success but only managed one hit, while others enjoyed lengthy, if unremarkable, careers after their initial chart success. Put together, these chapters provide not only a capsule history of popular music tastes, but also ruminations on the changing nature of the music industry and the mechanics of fame.

A Glossary of Hampshire Words and Phrases - Sir William Henry Cope (bart.) 1883

Billboard - 1954-02-06
