The Unofficial Guide to Dating Again
- Tina Tessina 1999-02-05

For many varied reasons, a vast numbers of adults may find themselves single. Maybe they've postponed marriage to concentrate on a career. Perhaps they find themselves alone after divorce or the breakup of a long-term relationship. Or maybe their reaching out again after the death of their spouse. But the one thing they have in common is questions, questions, and more questions about just how to reenter the dating scene. The Unofficial Guide to Dating, Again explains the range of dating options available today and provides practical tools that will help readers assess their

needs, research their options, and make decisions accordingly. Touching on such issues as STDs, AIDS, date rape, sexual harassment, lifestyle changes, social changes, and self-esteem, along with concerns about stepfamilies, children, and mature dating, this book will provide unbiased, street-smart information to those facing this adventure once again.

The Advocate - 2003-08-19

The Advocate is a lesbian, gay, bisexual, transgender (LGBT) monthly newsmagazine. Established in 1967, it is the oldest continuing LGBT publication in the United States.

Los Angeles Magazine - 2003-11

history with its radical view of the effects of electronic communications upon man and life in the twentieth century.

Watching the English, Second Edition - Kate Fox 2014-07-08

The international hit returns with even more wit and insight into the hidden rules that make England English.

Magnificent Sex - Peggy J. Kleinplatz 2020-03-10

Winner of the 2021 SSTAR Consumer Book Award! What makes sex magnificent? What are the qualities of extraordinary erotic intimacy and what are the elements that help to bring it about? Is great sex the stuff that people remember nostalgically from the "honeymoon" phase of their relationships, or can sex improve over time? Magnificent

Sex is based on the largest, in-depth interview study ever conducted with people who are having extraordinary sex. It gathers the nuggets for remarkable sex from the "experts", distilling them into an attainable blueprint for ordinary lovers who want to make erotic intimacy grow over the course of a lifetime. Looking at factors including individual and relational qualities, empathic communication and the myths and realities of magnificent sex, this book offers accessible and evidence-based guidance for lovers and therapists alike. It is replete with frank and often humorous interviews with straight and LGBTQ individuals and couples, those who are "vanilla" and "kinky", monogamous and consensually non-monogamous and healthy and chronically ill. This

illuminating book explores the implications of the findings to develop a model that effectively tackles the common problems of low desire and frequency. The "cure" for low desire is to create desirable sex!

Treatment for Stimulant Use Disorders

- Richard A. Rawson 1999

Basic knowledge about the nature and treatment of stimulant use disorders. Reviews what is currently known about treating the med., psychiatric, and substance abuse-dependence problems assoc. with the use of 2 high-profile stimulants: cocaine and methamphetamine (MA). The info. is understandable and relevant for clinicians and other "front line" substance use disorder treat. providers. Offers recomm. on treat. approaches, recomm. to maximize

treat. engagement, strategies for planning and initiating treat., and strategies for initiating and maintaining abstinence. Includes recomm. for the med. mgmt. of stimulant users and recomm. regarding special groups and settings.

The Great Gatsby - F. Scott
Fitzgerald 2022-01-19

At the height of his wealth, powerful and envied, isolated in the splendor of his mansion on the Hudson, lives a man condemned to unhappiness. This man is Gatsby, an ex-gangster locked in his own mysterious profession, in a false past from which emerges at times the memory of a single pure youthful love. The young Nick Carraway, the narrator of the novel, moves to New York in the summer of 1922 and rents a house in the prestigious and dreamy Long Island, inhabited by many newly rich people frantically engaged in celebrating

each other. One neighbor strikes Nick in particular: the mysterious Jay Gatsby, who lives in a huge, gaudy house, filling it every Saturday night with guests at his extravagant parties. Yet he lives in desperate loneliness and in senseless love for Nick's cousin Daisy....In the setting of a brilliant and unsatisfied society, where the world of alcohol smugglers mixes with that of bankers and stars, Gatsby desperately pursues his dream of love for Daisy. To no avail now is its power, except to arouse in both lovers a sweet madness, which will end in tragedy.

Rewire Your Brain - John B. Arden
2010-03-22

How to rewire your brain to improve virtually every aspect of your life-based on the latest research in neuroscience and psychology on

neuroplasticity and evidence-based practices Not long ago, it was thought that the brain you were born with was the brain you would die with, and that the brain cells you had at birth were the most you would ever possess. Your brain was thought to be "hardwired" to function in predetermined ways. It turns out that's not true. Your brain is not hardwired, it's "softwired" by experience. This book shows you how you can rewire parts of the brain to feel more positive about your life, remain calm during stressful times, and improve your social relationships. Written by a leader in the field of Brain-Based Therapy, it teaches you how to activate the parts of your brain that have been underactivated and calm down those areas that have been hyperactivated

so that you feel positive about your life and remain calm during stressful times. You will also learn to improve your memory, boost your mood, have better relationships, and get a good night sleep. Reveals how cutting-edge developments in neuroscience, and evidence-based practices can be used to improve your everyday life Other titles by Dr. Arden include: Brain-Based Therapy-Adult, Brain-Based Therapy-Child, Improving Your Memory For Dummies and Heal Your Anxiety Workbook Dr. Arden is a leader in integrating the new developments in neuroscience with psychotherapy and Director of Training in Mental Health for Kaiser Permanente for the Northern California Region Explaining exciting new developments in neuroscience and their applications to daily living, Rewire Your Brain

will guide you through the process of changing your brain so you can change your life and be free of self-imposed limitations.

Sex and the Supremacy of Christ -

John Piper 2005-06-14

The Bible has a way of shocking us. If Americans could still blush, we might blush at the words, "Rejoice in the wife of your youth, a lovely deer, a graceful doe. Let her breasts fill you at all times with delight; be intoxicated always in her love" (Proverbs 5:18-19). But, of course, sin always tries to trash God's gifts. So we can't just celebrate sex for what God made it to be; we have to fight what sin turned it into. The contributors to this unique volume encourage you to do both: celebrate and struggle. This book has something for all-men and women, married and

single-from contributors like John Piper, C. J. and Carolyn Mahaney, Mark Dever, Al Mohler, Carolyn McCulley, and others.

You and Your Gender Identity - Dara Hoffman-Fox 2017-09-26

Are you wrestling with questions surrounding your gender that just don't seem to go away? Do you want answers to questions about your gender identity, but aren't sure how to get started? In this groundbreaking guide, Dara Hoffman-Fox, LPC—accomplished gender therapist and thought leader whose articles, blogs, and videos have empowered thousands worldwide—helps you navigate your journey of self-discovery in three approachable stages: preparation, reflection, and exploration. In *You and Your Gender Identity*, you will learn: Why

understanding your gender identity is core to embracing your full being How to sustain the highs and lows of your journey with resources, connection, and self-care How to uncover and move through your feelings of fear, loneliness, and doubt Why it's important to examine your past through the lens of gender exploration How to discover and begin living as your authentic self What options you have after making your discoveries about your gender identity

Communication Between Cultures -

Larry A. Samovar 2016-01-01
Packed with current research and examples, bestselling COMMUNICATION BETWEEN CULTURES, 9E equips readers with a deep understanding and appreciation of different cultures while helping them develop practical

communication skills. Part I introduces the study of communication and culture; Part II focuses on the ability of culture to shape and modify our view of reality; Part III puts the theory of intercultural communication into practice; and Part IV converts knowledge into action. This is the only text to consistently emphasize religion and history as key variables in intercultural communication. Compelling examples help readers examine their own assumptions, perceptions, and cultural biases--so they can understand the subtle and profound ways culture affects communication. The ninth edition offers expanded discussions of the impact of globalization, a new chapter on intercultural communication competence, and more coverage of new

technology. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Clinical Case Studies for the Family Nurse Practitioner - Leslie Neal-Boylan 2011-11-28

Clinical Case Studies for the Family Nurse Practitioner is a key resource for advanced practice nurses and graduate students seeking to test their skills in assessing, diagnosing, and managing cases in family and primary care. Composed of more than 70 cases ranging from common to unique, the book compiles years of experience from experts in the field. It is organized chronologically, presenting cases from neonatal to geriatric care in a standard approach built on the SOAP format.

This includes differential diagnosis and a series of critical thinking questions ideal for self-assessment or classroom use.

Doing It - Hannah Witton 2018-07-03
SEXTING. VIRGINITY. CONSENT. THE BIG O... Sex-positive vlogger Hannah Witton covers it all. Nobody really has sex all figured out. So Hannah Witton wrote a book full of honest, hilarious (and sometimes awkward) anecdotes, confessions, and revelations. Hannah talks about doing it safely. Doing it joyfully. Doing it when you're ready. Not doing it. Basically, doing it the way you want, when you want (if you want). Doing It works as an introduction to sex as well as a guidebook for those who are already sexually active, with insight on topics such as healthy relationships, porn, contraception,

sex shaming, and more. Approachable and empowering, this is a go-to resource for all things s-e-x.

The Death of Expertise - Tom Nichols 2017-02-01

Technology and increasing levels of education have exposed people to more information than ever before. These societal gains, however, have also helped fuel a surge in narcissistic and misguided intellectual egalitarianism that has crippled informed debates on any number of issues. Today, everyone knows everything: with only a quick trip through WebMD or Wikipedia, average citizens believe themselves to be on an equal intellectual footing with doctors and diplomats. All voices, even the most ridiculous, demand to be taken with equal seriousness, and any claim to the contrary is

dismissed as undemocratic elitism. Tom Nichols' *The Death of Expertise* shows how this rejection of experts has occurred: the openness of the internet, the emergence of a customer satisfaction model in higher education, and the transformation of the news industry into a 24-hour entertainment machine, among other reasons. Paradoxically, the increasingly democratic dissemination of information, rather than producing an educated public, has instead created an army of ill-informed and angry citizens who denounce intellectual achievement. When ordinary citizens believe that no one knows more than anyone else, democratic institutions themselves are in danger of falling either to populism or to technocracy or, in the worst case, a combination of both. An

update to the 2017 breakout hit, the paperback edition of *The Death of Expertise* provides a new foreword to cover the alarming exacerbation of these trends in the aftermath of Donald Trump's election. Judging from events on the ground since it first published, *The Death of Expertise* issues a warning about the stability and survival of modern democracy in the Information Age that is even more important today.

No More Mr Nice Guy - Robert A. Glover 2003-01-08

Originally published as an e-book that became a controversial media phenomenon, *No More Mr. Nice Guy!* landed its author, a certified marriage and family therapist, on *The O'Reilly Factor* and the Rush Limbaugh radio show. Dr. Robert Glover has dubbed the "Nice Guy Syndrome" trying

too hard to please others while neglecting one's own needs, thus causing unhappiness and resentment. It's no wonder that unfulfilled Nice Guys lash out in frustration at their loved ones, claims Dr. Glover. He explains how they can stop seeking approval and start getting what they want in life, by presenting the information and tools to help them ensure their needs are met, to express their emotions, to have a satisfying sex life, to embrace their masculinity and form meaningful relationships with other men, and to live up to their creative potential.

Handbook of Studies on Men and Masculinities - Michael S. Kimmel
2005

The handbook provides a broad view of masculinities primarily across the

social sciences, but including important debates in areas of the humanities & natural sciences.

The Lifestyle - Terry Gould
2010-06-18

CAN OPEN EROTICISM between more than two consenting adults be considered natural sexual behaviour? Is it possible to experience sex with other partners while happily ensconced in an emotionally monogamous marriage? Didn't this type of sexual "swinging" disappear with the 1960s and '70s? What are millions of middle-class couples getting up to on the weekend? These are the questions that arose as award-winning investigative journalist Terry Gould embarked upon a journey through a thriving subculture known as "the lifestyle." Ignored, dismissed or denigrated by the mainstream media, ordinary,

married couples in the lifestyle are now getting together to openly express their erotic fantasies. Acting within strict rules of etiquette, everyday people -- social workers, physicians, school teachers -- participate in everything from sexual costume parties to multipartner sex as a form of social recreation within marriage. Is swinging merely an invention of sexually permissive modern times? As Gould discovered, the phenomenon has roots that go back thousands of years. From prehistoric fertility rituals to Dionysian festivals, from the nineteenth-century Onieda commune to the twentieth-century social mirror of films such as *Bob & Carol & Ted & Alice* and *The Ice Storm*, spouse sharing has always been a part of human sexual practice. A deeper

biological urge seems to motivate this pleasure-seeking practice, one that combines two paradoxical urges: the drive to seek long term partners for raising offspring and the equally powerful drive for sexual and genetic variety. Lifestyle couples have resolved these conflicting urges. For the rest of us, including our law enforcement agencies, the lifestyle can appear pornographic when strobelit by the camera's flash. But examined in the cool light of the latest research on evolutionary and emotional roots of human sexuality, the practices of lifestylers assume a profound meaning for all. The Lifestyle gives us a controversial and unique understanding of what it means to be part of a fast-growing subculture of consenting, mainstream adults who are changing the rules of

sexual behavior for pair-bonded humans. Then again, perhaps they aren't changing anything at all.
The Semiotic Self - Norbert Wiley
1994

Ultimately, in finding a way to decenter the self without eliminating it, Wiley supplies a much-needed closure to classical pragmatism and gives new direction to neo-pragmatism.

Alcoholics Anonymous - Alcoholics Anonymous World Services 1986
The basic text for Alcoholics Anonymous.

The Ethical Slut - Dossie Easton 2009
"A practical guide to practicing polyamory and open relationships in ways that are ethically and emotionally sustainable"--Provided by publisher.

Recreational Sex - Patti Thomas 1997

Why Does He Do That? - Lundy Bancroft
2003-09-02

In this groundbreaking bestseller, Lundy Bancroft—a counselor who specializes in working with abusive men—uses his knowledge about how abusers think to help women recognize when they are being controlled or devalued, and to find ways to get free of an abusive relationship. He says he loves you. So...why does he do that? You've asked yourself this question again and again. Now you have the chance to see inside the minds of angry and controlling men—and change your life. In *Why Does He Do That?* you will learn about:

- The early warning signs of abuse
- The nature of abusive thinking
- Myths about abusers
- Ten abusive personality types
- The role of drugs and alcohol
- What you can fix, and

what you can't • And how to get out of an abusive relationship safely "This is without a doubt the most informative and useful book yet written on the subject of abusive men. Women who are armed with the insights found in these pages will be on the road to recovering control of their lives."—Jay G. Silverman, Ph.D., Director, Violence Prevention Programs, Harvard School of Public Health

The Forty Rules of Love - Elif Shafak
2010-02-18

In this lyrical, exuberant tale, acclaimed Turkish author Elif Shafak, author of *The Island of Missing Trees* (a Reese's Book Club Pick), incarnates Rumi's timeless message of love. *The Forty Rules of Love* unfolds two tantalizing parallel narratives—one contemporary and the

other set in the thirteenth century, when Rumi encountered his spiritual mentor, the whirling dervish known as Shams of Tabriz—that together explore the enduring power of Rumi's work. Ella Rubenstein is forty years old and unhappily married when she takes a job as a reader for a literary agent. Her first assignment is to read and report on *Sweet Blasphemy*, a novel written by a man named Aziz Zahara. Ella is mesmerized by his tale of Shams's search for Rumi and the dervish's role in transforming the successful but unhappy cleric into a committed mystic, passionate poet, and advocate of love. She is also taken with Shams's lessons, or rules, that offer insight into an ancient philosophy based on the unity of all people and religions, and the presence of love in each and every

one of us. As she reads on, she realizes that Rumi's story mirrors her own and that Zahara—like Shams—has come to set her free.

Insatiable Wives - David J. Ley

2012-01-16

"This enlightening work investigates the history, incidence, and causes of a unique sexual lifestyle pursued by increasing numbers of couples. The most common terms used to describe it are 'hotwife/cuckold lifestyle.' This sexual practice, a form of sexual nonmonogamy, is distinguished from swinging and polyamory in that the husband rarely seeks sexual contact outside the marriage except for participation in group sex with his wife and other men, while the wife is permitted, and often encouraged, to pursue unrestrained sexual encounters with other men. The author includes

interviews and comments from couples living the lifestyle throughout the United States and presents the stories in an attempt to determine the history of this sexual practice and evolutionary underpinnings of this uncommon and socially taboo behavior in an effort to make it more comprehensible to those engaged in the lifestyle and those who are just curious." -- page 4 of cover.

Men in Families and Family Policy in a Changing World - 2011

"The perceptions of the role of women and men in families have changed over the past few decades. Men are no longer perceived as the economic providers to families. The role of men in the family has undergone many "diverse demographic, socio-economic and cultural transformations" impacting the formation, stability

and overall well-being of families. In light of this development, DESA's Division for Social Policy and Development (DSPD) launched a new publication on "Men in Families and Family Policy in a Changing World" on 17 February focusing on the shifting roles and views of men in families." - Provided by publisher.

The Female Man - Joanna Russ
2018-05-08

Four alternate selves from radically different realities come together in this "dazzling" and "trailblazing work" (The Washington Post). Widely acknowledged as Joanna Russ's masterpiece, *The Female Man* is the suspenseful, surprising, darkly witty, and boldly subversive chronicle of what happens when Jeannine, Janet, Joanna, and Jael—all living in parallel worlds—meet.

Librarian Jeannine is waiting for marriage in a past where the Depression never ended, Janet lives on a utopian Earth with an all-female population, Joanna is a feminist in the 1970s, and Jael is a warrior with claws and teeth on an Earth where male and female societies are at war with each other. When the four women begin traveling to one another's worlds, their preconceptions on gender and identity are forever challenged. With "palpable anger . . . leavened by wit and humor" (The New York Times), Russ both employs and upends genre conventions to deliver a wickedly satiric and exhilarating version of when worlds collide and women get woke. This ebook includes the Nebula Award-winning bonus short story "When It Changed," set in the world of *The Female Man*.

The Ethical Slut - Dossie Easton 1997

A Guide to Infinite Sexual Possibilities Beyond the often unrealistic ideal of lifetime monogamy lies an uncharted jungle of delightful options - everything from committed multi-partner relationships to friendly sex, casual sex, group sex, and more. In this groundbreaking volume, 'Bottoming Book' and 'Topping Book' authors provide a road map for exploring this sometimes difficult, often rewarding territory. Warm, informative details about how to get your needs met, manage your jealousy, make agreements that...'

Opening Up - Tristan Taormino
2008-05-01

A practical guide to making sexually open arrangements work outlines options for transforming monogamous relationships into effective

polyamorous ones, in a reference that addresses such topics as boundary setting, child-raising, and conflict resolution. Original.

More Than Two - Franklin Veaux
2014-09-02

Can you love more than one person? Have multiple romantic partners, without jealousy or cheating? Absolutely! Polyamorous people have been paving the way, through trial and painful error. Now there's the new book *More Than Two: A practical guide to ethical polyamory* to help you find your own way.

For Her Own Good - Barbara Ehrenreich
2013-10-02

This women's history classic brilliantly exposed the constraints imposed on women in the name of science and exposes the myths used to control them. Since the the

nineteenth century, professionals have been invoking scientific expertise to prescribe what women should do for their own good. Among the experts' diagnoses and remedies: menstruation was an illness requiring seclusion; pregnancy, a disabling condition; and higher education, a threat to long-term health of the uterus. From clitoridectomies to tame women's behavior in the nineteenth century to the censure of a generation of mothers as castrators in the 1950s, doctors have not hesitated to intervene in women's sexual, emotional, and maternal lives. Even domesticity, the most popular prescription for a safe environment for woman, spawned legions of "scientific" experts. Barbara Ehrenreich and Dierdre English has never lost faith in

science itself, but insist that we hold those who interpret it to higher standards. Women are entering the medical and scientific professions in greater numbers but as recent research shows, experts continue to use pseudoscience to tell women how to live. For Her Own Good provides today's readers with an indispensable dose of informed skepticism.

Brands and Branding - Rita Clifton
2009-04-01

With contributions from leading brand experts around the world, this valuable resource delineates the case for brands (financial value, social value, etc.) and looks at what makes certain brands great. It covers best practices in branding and also looks at the future of brands in the age of globalization. Although the balance sheet may not even put a value on it,

a company's brand or its portfolio of brands is its most valuable asset. For well-known companies it has been calculated that the brand can account for as much as 80 percent of their market value. This book argues that because of this and because of the power of not-for-profit brands like the Red Cross or Oxfam, all organisations should make the brand their central organising principle, guiding every decision and every action. As well as making the case for brands and examining the argument of the anti-globalisation movement that brands are bullies which do harm, this second edition of Brands and Branding provides an expert review of best practice in branding, covering everything from brand positioning to brand protection, visual and verbal identity and brand

communications. Lastly, the third part of the book looks at trends in branding, branding in Asia, especially in China and India, brands in a digital world and the future for brands. Written by 19 experts in the field, Brands and Branding sets out to provide a better understanding of the role and importance of brands, as well as a wealth of insights into how one builds and sustains a successful brand.

Testosterone Rex: Myths of Sex, Science, and Society - Cordelia Fine
2017-01-24

"Beliefs about men and women are as old as humanity itself, but Fine's funny, spiky book gives reason to hope that we've heard Testosterone rex's last roar." –Annie Murphy Paul, New York Times Book Review Many people believe that, at its core,

biological sex is a fundamental force in human development. According to this false-yet-familiar story, the divisions between men and women are in nature alone and not part of culture. Drawing on evolutionary science, psychology, neuroscience, endocrinology, and philosophy, *Testosterone Rex* disproves this ingrained myth and calls for a more equal society based on both sexes' full human potential.

Male Roles, Masculinities and Violence - Ingeborg Breines 2000

This book is based on an expert group meeting entitled 'Male Roles and Masculinities in the Perspective of a Culture of Peace', which was organised by UNESCO in Oslo, Norway in 1997, the first international discussion of the connections between men and masculinity and peace and

war. The group consisted of researchers, activists, policy makers and administrators and the aim of the meeting was to formulate practical suggestions for change. Chapters in the book consist of both regional case studies and social science research on the connections of traditional masculinity and patriarchy to violence and peace building. The Culture of Peace initiatives in this book show how violence is ineffective, and the book contests the views in the socialisation of boy-children that aggressiveness, violence and force are an acceptable means of expression.

The Advocate - 2001-08-14

The Advocate is a lesbian, gay, bisexual, transgender (LGBT) monthly newsmagazine. Established in 1967, it

is the oldest continuing LGBT publication in the United States.

The Sociology of Gender - Amy S.

Wharton 2009-02-04

Gender is one of the most important topics in the field of sociology, and as a system of social practices it inspires a multitude of theoretical approaches. The Sociology of Gender offers an introductory overview of gender theory and research, offering a unique and compelling approach. Treats gender as a multilevel system operating at

the individual, interactional, and institutional levels. Stresses conceptual and theoretical issues in the sociology of gender. Offers an accessible yet intellectually sophisticated approach to current gender theory and research. Includes pedagogical features designed to encourage critical thinking and debate. Closer Look readings at the end of each chapter give a unique perspective on chapter topics by presenting relevant articles by leading scholars.
