Alfa Romeo TZ-TZ2 - Vitto Witting da Prato 2017-02-01

Having left motor racing in the early 1950s - at least officially - Alfa Romeo returned to the sport once again at the start of the following decade due to the commitment and enthusiasm of Autodelta. This Alfa offshoot distinguished itself by preparing and racing about 30 of the manufacturer's different cars that really did make history. Among them, the Giulia TZ holds a place at the head of the crowd. It had a 1.5-litre, 113 hp engine from the Giulia SS, front and rear suspension of modern conception, disc brakes and an especially bold body shaped by Zagato on a modern tubular chassis. Those were the strong points of this car, which scored results of absolute prestige in its brief career at Sebring, in the Targa Florio, the 24 Hours of Le Mans and the Tour de France. Vito Witting da Prato, already the author of a meticulously written book on the Alfa Romeo SZ, covers the winning, human, technical and sporting factors of this unforgettable car in a monumental work. A book which, to the precise text and painstaking historical reconstruction, has been added illustrations of previously unpublished pictures and technical designs by Autodelta.

Guardians of the Flutes, Volume 1 - Gilbert Herdt 1994-12-15

This unique study of boy-inseminating rituals among the Sambia of New Guinea challenges our deepest assumptions about the role of culture in understanding homosexuality and gender-identity development.

Between Rivers - Maurizio Godorecci 2010

The Vatican Necropoles - Paolo Liverani 2010

This is the first published summary of the entire complex of the great necropoles of Rome, which were situated on Vatican Hill. The work concerns one of the most extensive, richest, and least-known Roman archaeological phenomena and bears witness to the work of creating an underground museum that has been followed internationally as a model of conservation practice. From the submerged world of the necropoles emerges the funeral 'normality' of the Roman world, from poorer cremations in wooden urns, to sumptuous sarcophagi, to sepulchres adorned with frescoes and mosaics. One can also observe Egyptian cults influencing the practice of epicurean philosophy. In addition, we can catch a glimpse of the first traces of Christianity, which include the presence of St. Peter the Apostle's tomb.

The Missing Year of Juan Salvatierra - Pedro Mairal 2013-07-15

An artist's sons hunt for their mysterious inheritance: "A pleasure to read . . . One of the most significant Argentine writers working today" (David Leavitt, author of *The Lost Language of Cranes*). At age nine, Juan Salvatierra became mute following a horse riding accident. At twenty, he began secretly painting a series of long rolls of canvas in which he minutely detailed six decades of life in his village on Argentina's river frontier with Uruguay. After the death of Salvatierra, his sons return to the village from Buenos Aires to deal with their inheritance: a shed packed with painted rolls of canvas stretching over two miles in length and depicting personal and communal history. Museum curators from Europe come calling to acquire this strange, gargantuan artwork. But an essential roll is missing. A search ensues that illuminates the links between art and life, as an intrigue of family secrets buried in the past cast their shadows on the present. "Will surely leave some readers thinking of Henry James's tragicomic accounts of the artist's life." —The New Republic "Pedro Mairal isn't your old college literature professor's idea of an Argentine novelist."

Men and Bears - AA.VV. 2020-01-23

The time of Carnival represents a "wild" time at the end of winter and pointing to the beginning of a new season. It is characterized by the irruption of border figures, animal masks, characters which recall the world of the dead and which bring within themselves the germ of a vital force, of the energy that produces the reawakening of nature and announces the growth and fertility of the new crops. This wild domain shows itself under the shapes of a contiguity between human and animal: the costumes, the masks, refer to a world in which the characteristics of the human and those of the animal are fused and intertwined. Among these figures, in particular, emerge those of the Wild Man, the human being who takes on animal-like attributes and aspects, and of the Bear, the animal that, more than all the others, gets as close as possible to the human and seems to reflect a deformed image of it. Such symbolic images come from far off times and places to tell a story that belongs to our common origins. The bear assumes attributes and functions alike in very different cultural contexts, such as the Sámi of Finland or North-American hunter-gatherers, and represents a boundary between the world of nature and the human world, between the domain of animals and the difficult construction of humanity: a process continued for centuries, perhaps millennia, and which cannot still be said complete.

Descrittione Di Tutta Italia - Leandro Alberti 1551

For the Maintenance of Landscape - Mia Lecomte 2012

Most contemporary poets wear their cultural and artistic influences on their sleeve. Picking up a book in an English language bookstore, it is easy to see where the poet is coming from, either geographically, or culturally (ironic and formal; confessional and free etc). This may seem reductive until you read a book like the one you have in your hands. Put simply, Mia Lecomte is a quietly dazzling poet on her own terms. She is fed by multiple cultures, she is widely read, but her writing is unique and absolutely genuine. You won't have read anything like this.

This Is Not America - Alan Friedman 2017-07-11

What has happened to America, and what's become of the American dream? Behind the self-confident image of world's most influential country, we now see a nation tearing itself apart. The United States may be arguably the world's only superpower, but its internal tensions are a symptom of suffering and division, a condition only exacerbated by the election of President Donald Trump. In this searing account, expatriate journalist Alan Friedman returns after thirty years in Europe and examines the real America through the mouths of its citizens. Set against the backdrop of the 2016 presidential election campaign and the inauguration of President Trump, Friedman tells a vivid story of terrible inequality - from the excesses of Wall Street to the grinding poverty of Mississippi - and explores the issues, from racism and gun control to Obamacare, that have polarised a nation. Drawing on his personal interviews with Trump and with Russia's President Putin, Friedman paints a detailed portrait of the new leader of the free world and explores the real risks of the Trump

presidency for America and for the world. Dark and provocative, *This Is Not America* may just be the most important book of the year.

The Common Body - Paula Josa-Jones 2017

In this fascinating book, dancer, choreographer, and visual artist Paula Josa-Jones combines her two greatest passions--movement and horses--in order to help us develop somatic awareness: Consciousness of breath, integrated and coherent motion, and development of movements and touch into sensitive channels of communication. Through stories and exercises, Josa-Jones demonstrates how connecting with the horse can develop this awareness. The body and mind of the horse and the human, she writes, are connected at the deepest levels--anatomically, energetically, psychically, spiritually, and emotionally. And because horses are authentic beings--their inside feelings and intentions match the outside expression and behavior--our interactions with them can help us become more aware of our inner emotional landscape and its relationship to what we are expressing outwardly. Horses offer us the opportunity to become more trustworthy and more comfortable in our own skin. By listening inwardly, feeling the connections between our mind states and our expression, we become more attuned to the currents passing among us, more able to blend, empathize, and act with balance, sensitivity, and kindness.

The Catholic School - Edoardo Albinati 2019-08-13

A semiautobiographical coming-of-age story, framed by the harrowing 1975 Circeo massacre Edoardo Albinati's *The Catholic School*, the winner of Italy's most prestigious award, The Strega Prize, is a powerful investigation of the heart and soul of contemporary Italy. Three well-off young men—former students at Rome's prestigious all-boys Catholic high school San Leone Magno—brutally tortured, raped, and murdered two young women in 1975. The event, which came to be known as the Circeo massacre, shocked and captivated the country, exposing the violence and dark underbelly of the upper middle class at a moment when the traditional structures of family and religion were seen as under threat. It is this environment, the halls of San Leone Magno in the late 1960s and the 1970s, that Edoardo Albinati takes as his subject. His experience at the school, reflections on his adolescence, and thoughts on the forces that produced contemporary Italy are painstakingly and thoughtfully rendered, producing a remarkable blend of memoir, coming-of-age novel, and true-crime story. Along with indelible portraits of his teachers and fellow classmates—the charming Arbus, the literature teacher Cosmos, and his only Fascist friend, Max—Albinati also gives us his nuanced reflections on the legacy of abuse, the Italian bourgeoisie, and the relationship between sex, violence, and masculinity.

who crave authenticity in early American historical novels, including those intrigued by witchcraft, spells, and visions. This compelling mystery glides along the edge between the gritty reality of the early 1800s and—a parallel world of spirits and haunted souls.

Le anime bianche - Frances Hodgson Burnett 2015-12-23

Ysobel è una ragazzina timida e minuta che non ha mai conosciuto i genitori e vive, assieme ai tutori Jean Braidfute e Angus Macayre, in un castello dall'aspetto austero immerso nella desolata brughiera scozzese. Fin dall'infanzia, la bambina mostra di essere dotata di un particolare "dono" che la rende diversa da tutti gli altri bambini; ella ha il "potere di vedere oltre le cose" e di entrare in contatto con le anime dei defunti, ormai libere dalle sofferenze e dalle paure dell'esistenza. "Le anime bianche" ("The White People" nella versione originale) è un romanzo breve in cui la celebre autrice dei ben più conosciuti "Il piccolo Lord" (1886) e "Il giardino segreto" (1911) presenta, attraverso gli occhi della propria protagonista, le sue personali considerazioni circa ciò che attende l'uomo dopo la morte. Si tratta di un racconto carico di motivi gotici, di verità e saggezza, in cui emergono non soltanto il talento narrativo dell'autrice ma anche alcuni dettagli che rimandano al personale rapporto con il suo primogenito e con la religione.

The Writer As Liar - Guido Almansi 2019-07-09

Originally published in 1975, *The Writer as Liar* examines the literary game of falsehood as it is portrayed in the *Decameron*. The book examines how Boccaccio's collection of tales has a 'frame' story, its own built-in key to the art of story-telling, its internal logic of truth and falsehood, as well as its moments of self-parody, pure narrative intrigue and sophisticated sexual symbolism. The book formulates the argument that Boccaccio's story telling is seen as an artfully malicious operation, depending for its success not on some abstract concept of narrative originality or the accurate depiction of human psychology, but on the combinative assemblage of narrative blocks, which are manipulated by a craftsman who must lie and cheat with raw material in order to produce a living work - therefore depicting the artist as a liar.

Bezimena - Nina Bunjevac 2019-05-29

The author's jumping-off point is the myth of Artemis and Siproites, in which a young man is turned into a woman as a punishment for the attempted rape of one of Artemis's virgin cohorts. Bunjevac's retelling follows Benny, a sexually deviant man who, coming across an alluring former classmate, concocts an elaborate, disturbing rape fantasy. Inked in her lush, stippled, illustrative style, Bunjevac crafts a gripping, noirish, Nabokovian tale, by turns surreal and harrowing, that turns the male gaze inside-out. *Bezimena* is both a radical examination of the misconceptions surrounding rape culture and an artistic and psychological tour de force.

Gender on the Market - Deborah Kapchan 2010-11-24

Selected by *Choice* magazine as an Outstanding Academic Book for 1996 *Gender on the Market* is a study of Moroccan women's expressive culture and the ways in which it both determines and responds to current transformations in gender roles. Beginning with women's emergence into what has been defined as the most paradigmatic of Moroccan male institutions—the marketplace—the book elucidates how gender and

commodity relations are experienced and interpreted in women's aesthetic practices. Deborah Kapchan compellingly demonstrates that Moroccan women challenge some of the most basic cultural assumptions of their society—especially ones concerning power and authority.

The Ethical Dimension of the 'Decameron' - Marilyn Migiel 2015-09-15

With *The Ethical Dimension of the "Decameron"* Marilyn Migiel, author of *A Rhetoric of the "Decameron"* (winner of the MLA's 2004 Marraro Prize), returns to Giovanni Boccaccio's masterpiece, this time to focus on the dialogue about ethical choices that the *Decameron* creates with us and that we, as individuals and as groups, create with the *Decameron*. Maintaining that we can examine this dialogue to gain insights into our values, our biases and our decision-making processes, Migiel offers a view of the *Decameron* as sticky and thorny. According to Migiel, the *Decameron* catches us as we move through it, obligating us to reveal ourselves, inviting us to reflect on how we form our assessments, and calling upon us to be mindful of our responsibility to judge patiently and carefully. Migiel's focus remains unabashedly on the experience of readers, on the meanings they find in the *Decameron*, and on the ideological assumptions they have about the way that a literary text such as the *Decameron* works. She offers that, rather than thinking about the *Decameron* as "teaching" readers, we should think about it "testing" them. Throughout, Migiel engages in the masterful in-depth rhetorical analyses, delivered in lively and readable prose, that are her trademark. Whether she is examining the Italian of the *Decameron*, translations of the Italian into English, commentaries by scholars, newspaper articles, or student essays, she asks us always to maintain an ethical engagement with the words of others.

The Greeks - Paul Cartledge 2002-10-10

This book provides an original and challenging answer to the question: 'Who were the Classical Greeks?' Paul Cartledge - 'one of the most theoretically alert, widely read and prolific of contemporary ancient historians' (TLS) - here examines the Greeks and their achievements in terms of their own self-image, mainly as it was presented by the supposedly objective historians: Herodotus, Thucydides, and Xenophon. Many of our modern concepts as we understand them were invented by the Greeks: for example, democracy, theatre, philosophy, and history. Yet despite being our cultural ancestors in many ways, their legacy remains rooted in myth and the mental and material contexts of many of their achievements are deeply alien to our own ways of thinking and acting. *The Greeks* aims to explore in depth how the dominant group (adult, male, citizen) attempted, with limited success, to define themselves unambiguously in polar opposition to a whole series of 'Others' - non-Greeks, women, non-citizens, slaves and gods. This new edition contains an updated bibliography, a new chapter entitled 'Entr'acte: Others in Images and Images of Others', and a new afterword.

The Fasti (Verse) - Ovid 2013-01-01

"The Fasti" was believed to have been left incomplete when Ovid was exiled to Tomis by the emperor Augustus in 8 AD. The work, which is structured based on the Roman calendar, is a series of elegiac couplets

which present the first-hand accounts of vates, or "poet-prophets" with Roman deities regarding the origin of various Roman holidays and associated customs. The first six months of the year are all that is included in the work and it is unclear whether this was the intention of Ovid, whether the work is incomplete, or if the books on the last six months are simply lost. The book is dedicated to Germanicus, great-nephew of the Emperor Augustus, and it's speculated that "The Fasti" was written with the intention of restoring Ovid's standing with the rulers of Rome and to secure his release from exile. Presented here in this edition is the verse translation by John Benson Rose.
