**The Mom Test** - Rob Fitzpatrick

2013-10-09

The Mom Test is a quick, practical guide that will save you time, money, and

heartbreak. They say you shouldn't ask your mom whether your business is a good idea, because she loves you and will lie to you. This is technically true, but it misses the point. You shouldn't ask anyone if your business is a good idea. It's a bad question and everyone will lie to you at least a little . As a matter of fact, it's not their responsibility to tell you the truth. It's your responsibility to find it and it's worth doing right . Talking to customers is one of the foundational skills of both Customer Development and Lean Startup. We all know we're supposed to do it, but nobody seems willing to admit that it's easy to screw up and hard to do right. This book is going to show you how customer conversations go wrong and how you can do better.

**Hello, Universe** - Erin Entrada Kelly

2017-03-14

Winner of the Newbery Medal "A charming,

intriguingly plotted novel.”—Washington Post Newbery Medalist Erin Entrada Kelly’s *Hello, Universe* is a funny and poignant neighborhood story about unexpected friendships. Told from four intertwining points of view—two boys and two girls—the novel celebrates bravery, being different, and finding your inner bayani (hero). “Readers will be instantly engrossed in this relatable neighborhood adventure and its eclectic cast of misfits.”—Booklist In one day, four lives weave together in unexpected ways. Virgil Salinas is shy and kindhearted and feels out of place in his crazy-about-sports family. Valencia Somerset, who is deaf, is smart, brave, and secretly lonely, and she loves everything about nature. Kaori Tanaka is a self-proclaimed psychic, whose little sister, Gen, is always following her around. And Chet Bullens wishes the weird kids would just stop being so different so he can

concentrate on basketball. They aren’t friends, at least not until Chet pulls a prank that traps Virgil and his pet guinea pig at the bottom of a well. This disaster leads Kaori, Gen, and Valencia on an epic quest to find missing Virgil. Through luck, smarts, bravery, and a little help from the universe, a rescue is performed, a bully is put in his place, and friendship blooms. The acclaimed and award-winning author of *Blackbird Fly* and *The Land of Forgotten Girls* writes with an authentic, humorous, and irresistible tween voice that will appeal to fans of Thanhha Lai and Rita Williams-Garcia. “Readers across the board will flock to this book that has something for nearly everyone—humor, bullying, self-acceptance, cross-generational relationships, and a smartly fateful ending.”—School Library Journal

**Global Brand Strategy** - Jan-Benedict Steenkamp 2017-01-03

Steenkamp introduces the global brand value chain and explains how brand equity factors into shareholder value. The book equips executives with techniques for developing strategy, organizing execution,

and measuring results so that your brand will prosper globally. What sets strong global brands apart? First, they generate more than half their revenue and most of their growth outside their home market. Secondly, their brand equity is responsible for a massive percentage of their firm's market value. Third, they operate as single brands everywhere on the planet. We find them in B2C and B2B industries, among large and small companies, and among established companies and new businesses. The stewards of these brands have a set of skills and knowledge that sets them apart from the typical corporate marketer. So what's their secret? In a world that is globalizing, but not yet globalized, how do you build a powerful global brand that resonates universally but also accommodates local nuances? How do you ensure that it is dynamic and flexible enough to change at market speed? World-

class marketing expert Jan-Benedict Steenkamp has studied global brands for over 25 years on six continents. He has distilled their practices into eight tools that you can start using today. With case studies from around the world, Steenkamp's book is provocative and timely. Global Brand Strategy speaks to three types of B2C and B2B managers: those who want to strengthen already strong global brands, those who want to launch their brands globally and get results, and those who need to revive their global brand and stop the bleeding.

Perfect SoloPreneur - They Call Me Hoz  
2018-12-31

I wrote Perfect SoloPreneur to answer the question: how would I become a SoloPreneur if I had to start from scratch all over again? Today, everybody has the opportunity to create a personal brand and become a SoloPreneur or an entrepreneur using mostly free tools on the World Wide Web. But the path is littered with traps, sharks and missing information. If you're hustling to build your own side business - your own digital empire - then you already know about the endless temptations for cool tools and software and the endless monthly subscriptions that are required to run these tools. You know also about the countless

motivational videos and tips out there telling us to just go for it, make it happen, etc. In this book, I talk about the things not to fall for and the mindset the SoloPreneur needs to cultivate. I talk about the things to be mindful of when you're building your personal brand and the ways others may try to attack it in future. I talk about the problem with all these motivational videos (they're great to watch and I recommend that you use them to get inspired, but we need to remember context because context is everything. The fact is that today, there is an incredible opportunity for anyone to become a SoloPreneur and build a successful business online in their spare time from their spare room, and every day more people join the laptop lifestyle (aka the Internet lifestyle) and become financially independent. But the idea of achieving online success is being romanticised into a work your b\*tt off and it

will happen formula (well, those make great videos...)I tried and failed more times than I care to remember and ended up in ugly situations from following a lot of similar advice blindly. I finally got things to work after a lot of effort and backtracking and applying certain rules based on common sense.At the end of that 'little journey' it struck me that it should not have been this hard, and I should not have had to go through so much stress both financially and emotionally. I realised that the reason I made things a lot harder than they need to be is because I followed other people's models without applying any criteria of my own.This book is about the things I've learnt on this journey, and about how I would do this next time, to make it as easy and efficient as possible.Enjoy.HozAbout Hoz:Hoz has worked with clients in 21 countries. He has created 3 physical product brands of his own which he runs to

this day as well as a digital marketing agency and a publishing business. Before that he was a touring musician.Recently, Hoz decided to start blogging and vlogging to share his journey with other SoloPreneurs. He's just getting started in the blogosphere but he brings all his experience and humour with him. He decided to put his hindsight to use and write Perfect SoloPreneur as the blueprint he would have followed if he had to do this whole thing again from scratch. Perfect SoloPreneur is a bird's eye view of what it takes to create digital empires. The premise of the book is a call to action to today's unprecedented opportunity to create a personal brand and generate revenue online working from home or anywhere else and designing the life you want.Q&AsWhat's the difference between a solopreneur and an entrepreneur? Entrepreneurs have teams on whom they

rely on to carry out their ideas. SoloPrenerus come up with ideas and then roll up their sleeves and do the work. Because of this limitation, SoloPreneurs have less scale than entrepreneurs - especially those on a budget. This book talks about the most important things SoloPreneurs can leverage to increase their output.

*Dropshipping Guide for Beginners* - J.D. Rockefeller 2017

Drop shipping is a retail fulfillment model that allows you to purchase products individually from a wholesaler and ship them directly to your customer. Instead of purchasing a large number of products, you simply go into partnership with a drop shipping supplier and list their merchandise for sale. Then, once you get a buyer/receive

an order, you forward it to the supplier for fulfillment. The supplier will ship the product directly from their warehouse to your customer, and charge you only for the price of the shipped item (product). The drop shipping model has some number of advantages. Apart from being easy to start with low capital and low risks, locational flexibility coupled with wide range of product selection are also some of the reasons why drop shipping is a great business. However, one must be cautious of some factors to ensure a successful drop shipping business. Dealing with many customer and supplier errors which may affect delivery should be properly tackled. This book contains detailed information that can help you successfully run an e-commerce business. It will also teach you all you need to know about the drop shipping model, which will also help you run a successful e-commerce business. So

take your time to read all the information in this book and try to use it as a guideline, most especially when you are new in the e-commerce world.

Boundaries - Henry Cloud 2008-09-09

Having clear boundaries is essential to a healthy, balanced lifestyle. A boundary is a personal property line that marks those things for which we are responsible. In other words, boundaries define who we are and who we are not. Boundaries impact all areas of our lives: Physical boundaries help us determine who may touch us and under what circumstances -- Mental boundaries give us the freedom to have our own thoughts and opinions -- Emotional boundaries help us to deal with our own emotions and disengage from the harmful, manipulative emotions of others -- Spiritual boundaries help us to distinguish God's will from our own and give us renewed awe for our Creator -- Often, Christians focus so

much on being loving and unselfish that they forget their own limits and limitations. When confronted with their lack of boundaries, they ask: - Can I set limits and still be a loving person? - What are legitimate boundaries? - What if someone is upset or hurt by my boundaries? - How do I answer someone who wants my time, love, energy, or money? - Aren't boundaries selfish? - Why do I feel guilty or afraid when I consider setting boundaries? Dr. Henry Cloud and Dr. John Townsend offer biblically-based answers to these and other tough questions, showing us how to set healthy boundaries with our parents, spouses, children, friends, co-workers, and even ourselves.

Experience the true meaning of Christmas this year with The Giving Manger -- a faith-based interactive family tradition that encourages acts of kindness, focuses on the joy of giving, and honors the real reason for Christmas: Jesus' birth. Each Giving Manger Box Set contains a hardcover picture book, a wooden manger, a bundle of straw, and a sturdy Baby Jesus figure -- everything your family needs to start the tradition in your own home. How It Works The included picture book, The Giving Manger, will help your family understand the tradition and get children excited about participating. Once you have read the story, place the empty manger in a prominent spot in your home. In the days leading up to Christmas, family members can place a piece of straw in the manger each time they perform a kind deed or act of service. Filling the manger will become a fun, interactive project for your family,

prompting even young children to look for ways to love and serve others. As your family works together to fill the manger with straw, your hearts and home will fill with the joy and contentment that comes not from wish lists and getting, but from giving and loving others. On Christmas Day, your family can place the Baby Jesus in the manger -- now full of the straw that represents the acts of love and service done in honor of Jesus' birth. Each Box Set Includes: The Giving Manger Picture Book: a heartwarming story with beautiful cut-paper illustrations that presents the tradition and will get kids excited about participating Wooden Manger: to be placed in a visible spot in the home, waiting to be filled Bundle of Straw: pieces of straw to be placed in the manger after each act of service Baby Jesus: to be placed in the manger on Christmas day Each item in the box is built to last so your family can keep

the tradition going year after year. Note: The Giving Manger is intended for display use.
