moment.<https://youtu.be/Tet2lMrYIDQ>

Learning Japanese Hiragana and Katakana - Kenneth G. Henshall
2013-12-20

Learning Hiragana and Katakana is a systematic and comprehensive Japanese workbook that is perfect for self-study or use in a classroom setting. Written Japanese combines three different types of characters: the Chinese characters known as kanji, and two Japanese sets of phonetic letters, hiragana and katakana, known collectively as kana, that must be mastered

before the Japanese kanji can be learned. Learning Japanese Hiragana and Katakana provides beginning-level students of Japanese a thorough grounding in the basic hiragana and katakana phonetic symbols or syllabaries. A comprehensive introduction presents their primary function, origin, pronunciation and usage. The main body of the book is devoted to presenting the 92 hira and kata characters along with their variations, giving step-by-step guidelines on how to write each character neatly in the correct stroke order, with generous practice spaces provided for handwriting practice. This Japanese workbook includes: Systematic and comprehensive coverage of the two Japanese kana systems. Ample provision for Japanese kana practice, review, and self-testing at several levels Detailed reference section explaining the origin and function of kana, and the various kana combinations. Access to online Japanese audio files to aid in correct pronunciation. Helpful additional information for language students accustomed to romanized

Japanese. Vocabulary selected for usefulness and cultural relevance. About this new edition: The new third edition has been expanded and revised to include many additional reading and writing exercises. Accompanying online recordings demonstrate the correct pronunciation of all the characters, vocabulary, and sentences in the book.

Shopify - Scott Matthew 2019-08-10

Shopify: How to Build a Success Ecommerce Business outlines the many aspects of putting together an online store and leveraging many services to help improve the amount of sales and profit you. Given the tools and information to build a new business may not be enough to make you successful on its own, but it gives you an advantage over starting the process completely blindly. With some hard work and dedication, financial freedom and leaving the grind of a "regular job" is becoming more and more possible thanks to Shopify and other services. With the rise of online shopping, the high-level of investment and competition involved in brick-and-mortar store is becoming a worry of the past for small business entrepreneurs. The entire world is your market, and there's room for you to earn a great living providing customers with excellent products. Guidance includes: How to conduct market research for products and niche ideas How to open your own dedicated niche store through Shopify, and how to turn your Shopify store into an attractive website that draws in traffic How to raise some capital to help get your new business off the ground the right way How to find suppliers and source products for dropshipping, wholesale, private label, retail arbitrage, and other methods How to market your business Shipping solutions, including streamlining the process with fulfillment services Integrating your Shopify store and products into Amazon for additional sales in the world's leading marketplace Using Oberlo to setup a dropshipping store that requires almost no investment How to hire help without hiring a full-time employee to streamline the Shopify and ecommerce

process, making it possible to free up your time to enjoy your profits or continue working on the business in other ways Taking the leap into running your own business isn't as scary as it used to be. There have been thousands upon thousands of success stories, and if you are willing to put in the work, you can become one of those stories that inspire others to take their financial situation into their own hands. You may not quit your day job the same week your new business opens, but with the help of Shopify and the many services that can be integrated into this platform, this path has helped many people realize the freedom they craved after years of working under someone else. Are you ready to be your own boss?

Global Logistics - Donald Waters 2014-09-03

The field of logistics continues to develop at a remarkable pace. Until recently, logistics was barely considered in long-term plans, but its strategic role is now recognised and lies at the heart of long-term plans in almost every business. Reasons for this change include: communications and information technology offer new opportunities; world trade grows; competition forces operations to adopt new practices and become evermore efficient; and the concern for the environment increases. Add to this the increased emphasis on consumer satisfaction, flexible operations and time compression, and it's clear that getting logistics right is important. This 7th edition of Global Logistics, edited by Stephen Rinsler and Donald Waters, has been thoroughly revised and updated to reflect the latest trends, best practices, and cutting-edge thinking on global logistics. It provides guidance on important topics, including agile supply chains, IT, sustainability and performance management, collaboration, outsourcing and humanitarian logistics. This edition of Global Logistics provides new chapters on supply chain trends and strategies, fulfilling customer needs, and supply chain vulnerability. There are also dedicated new chapters on China and Central and Eastern Europe to assess developments across the

globe. This edition serves as a forum for acknowledged sector specialists to discuss key logistics issues and share their authoritative views. The new edition introduces new contributors, including leading thinkers from international universities and businesses. Global Logistics is an invaluable source of guidance and practical advice for students, managers and practitioners, who will find it an essential text that also includes online resources. Online resources available include a student manual with key learning outcomes for each chapter.

Affiliate Marketing from Home - Robert Dan Ramsey 2020-10-11

★★ We are living in a world where online opportunities related to making money online have been growing every single year, and there are thousands of people making money online. With the right knowledge, so can you. ★★ Affiliate marketing is a new opportunity for making money but not something to be taken for granted. Like any other job on the planet. It does have the potential to mislead a novice player and make him regret each of his decisions. Just as with the stock markets and forex, success may not always be an assured guarantee that accompanies the affiliate marketing package. Affiliate marketing has

lots of potential for those who are willing to invest the time to master the craft, accumulate a customer base, and create the content that will eventually sell products. While this is a time-consuming process, affiliate marketing is a job that can actually make you a very well-paid person without any bosses over your head or anyone telling you what to do. DOWNLOAD:: Affiliate Marketing from Home -- The Best Strategies on How to Sell through Affiliate Networks with Your Online Business to Build a Passive Income and Get Rich even if Your Dad Is Poor. There are many obstacles on the way, to be sure, but the ultimate success in the world of affiliate marketing can mean financial liberty and a fun long-term job that will both pay the bills and keep you entertained at the same time. This book gives a comprehensive guide on the following: What is Affiliate Marketing? Choosing your niche Promoting your affiliate product Lead Magnets Search Engine Optimization Building an Email List Improving Your Email Open Rates Earning Money from YouTube The Right Mentality for Affiliate Marketing Affiliate Marketing Best Practices Beginners Mistakes and What to Do Instead Debunking Affiliate Marketing Myths... AND MORE!!! It is my hope that after reading this book you will have a general understanding of how affiliate marketing mainly works, what niches are and how to pick the right one for yourself, how to create SEO content and how to market your content to potential customers. Following all the tips and tricks from this book should set you well on your way towards becoming a well-established and serious affiliate marketer with a bright future on the horizon for you. Scroll to the top of the page and select the Buy Now button.

Dropshipping Guide for Beginners - J.D. Rockefeller 2017

Drop shipping is a retail fulfillment model that allows you to purchase products individually from a wholesaler and ship them directly to your customer. Instead of purchasing a large number of products, you simply go into partnership with a drop

shipping supplier and list their merchandise for sale. Then, once you get a buyer/receive an order, you forward it to the supplier for fulfillment. The supplier will ship the product directly from their warehouse to your customer, and charge you only for the price of the shipped item (product). The drop shipping model has some number of advantages. Apart from being easy to start with low capital and low risks, locational flexibility coupled with wide range of product selection are also some of the reasons why drop shipping is a great business. However, one must be cautious of some factors to ensure a successful drop shipping business. Dealing with many customer and supplier errors which may affect delivery should be properly tackled. This book contains detailed information that can help you successfully run an e-commerce business. It will also teach you all you need to know about the drop shipping model, which will also help you run a successful e-commerce business. So take your time to read all the information in this book and try to use it as a guideline, most especially when you are new in the e-commerce world.

The Best Service is No Service - Bill Price
2011-09-14

In this groundbreaking book, Bill Price and David Jaffe offer a new, game-changing approach, showing how managers are taking the wrong path and are using the wrong metrics to measure customer service. Customer service, they assert, is only needed when a company does something wrong—eliminating the need for service is the best way to satisfy customers. To be successful, companies need to treat service as a data point of dysfunction and figure what they need to do to eliminate the demand. The Best Service Is No Service outlines these seven principles to deliver the best service that ultimately leads to "no service": Eliminate dumb contacts Create engaging self-service Be proactive Make it easy to contact your company Own the actions across the company Listen and act Deliver great service experiences
Dropshipping - Ralf Percy 2019-05-25

Are you itching to sell products, but don't want to go through the hassle of keeping them in stock? Drop shipping is one of the best ways to make money online, and this is how you get started. Botanical Colour at Your Fingertips - Rebecca Desnos 2016
Do you love plants? Do you love crafting? Would you like to dye your own fabric, yarn or clothing? Learn the relaxing art of botanical dyeing with natural dyer, Rebecca

Desnos. Connect with nature and open your eyes to the colour potential of plants.

Discover how to: produce a wide palette of colours, including pink from avocados, yellow from pomegranates and coral from eucalyptus leaves; extract dye from just about any plant from the kitchen, garden or wild; use the ancient method of soya milk mordanting to achieve rich and long-lasting colour on plant fibres, such as cotton and linen; produce reliable colours that withstand washing and exposure to light.

47 Amazon FBA Secrets of a 7 Figure Seller: Amazing Tips for Selling Your Own Private Label Products on Amazon, and Building a Massive Private Labeling Empire That Consistently Makes Passive Income - Kevin Bosch 2018-11-12

If you want to create a passive income stream that gives you the financial freedom to quit your 9-5 job and live life on your own terms... Then keep reading this very important message... Growing up... we didn't have much money. I still remember days where we would go to bed feeling hungry and worried about our next meal. My dad always worked from dawn until dusk, and yet, we were still struggling just to get by. That always made me sit and wonder... "Why do some people out there have so much abundance but don't even work nearly as hard as most do?" That question sprung me on a mission to search for answers... I dug deep into all these different rabbit holes on the internet and kept searching for ways to make money online... There were a lot of days I felt like giving up... but I just knew that there had to be a light at the end of that tunnel. So luckily... I pushed and kept on for I would have never found the real secret to financial freedom and abundance. Today, I'm here to reveal to you the very simple answer. Create streams of passive income... the key here is passive! You want to build a business where you might put in a lot of time and work up front, but once it's built... It's going to be there making you passive income for years and years to come. And this is why I'm writing this very important message to you... I truly believe that Amazon FBA is one of the best online

business models anyone can start right now. It's opened doors to e-commerce that has never been possible, and it's allowed people like you to easily build an online business that generates consistent passive income every month. All you have to do is follow a proven step-by-step formula, and get key tips & secrets that gives you the competitive advantage. And that is exactly what this book has to offer. Inside the "47 Amazon FBA Secrets of a 7-Figure Seller", you'll discover: Amazing tricks for creating a product that truly stands out in the marketplace. The fundamental mistakes most new sellers are making ... so that you can make sure you don't commit any of the same! Evergreen principles for sourcing products that totally blows your competition out of the water. Highly-kept secrets of a highly successful Amazon seller for dominating markets... and generating tons of sales! Proven tips for ranking your product to the 1st page... and making sure it sticks there FOREVER! ... and many, many more! This system has allowed thousands of people all across the world to build their own online business and live the passive income lifestyle, regardless of their experience and background. And that is how I know that the methods inside this book really works. So if you want to build your own passive income empire on Amazon and cash in on the digital gold rush, click the "add to cart" button now.

E-Commerce and Development Report 2001 - United Nations Conference on Trade and Development 2001

This report reviews trends important for developing countries trying to take advantage of ICT and the Internet. It supplies basic facts and statistics about electronic commerce and considers their relevance to developing economies, especially in relation to tourism, business-to-business markets, and electronic government. It also offers recommendations for creating enabling environments for e-commerce. China's ICT strategy is considered in detail. No index. Annotation copyrighted by Book News, Inc., Portland, OR

Beyond Bitcoin - Simon Dingle 2022-01-06 After over a decade of Bitcoin, which has now moved beyond lore and hype into an increasingly robust star in the firmament of global assets, a new and more important question has arisen. What happens beyond Bitcoin? The answer is decentralised finance - 'DeFi'. Tech and finance experts Steven Boykey Sidley and Simon Dingle argue that DeFi - which enables all manner of financial transactions to take place directly, person to person, without the involvement of financial institutions - will redesign the cogs and wheels in the engines of trust, and make the remarkable rise of Bitcoin look quaint by comparison. It will disrupt and displace fine and respectable companies, if not entire industries. Sidley and Dingle explain how DeFi works, introduce the organisations and individuals that comprise the new industry, and identify the likely winners and losers in the coming revolution.

[The Ultimate Guide to Dropshipping](#) - Mark Hayes 2013-08-21

The Ultimate Guide to Dropshipping is a complete guide on how to create and run a successful dropshipping business. "This is by far the best book on dropshipping available. Turn your business into a Profit Machine.

Thinking, Fast and Slow... in 30 Minutes - 30 Minute Expert Summary Staff 2012-12-01

Decisions: You make hundreds every day, but do you really know how they are made? When can you trust fast, intuitive judgment, and when is it biased? How can you transform your thinking to help avoid overconfidence and become a better decision maker? Thinking, Fast and Slow ...in 30 Minutes is the essential guide to quickly understanding the fundamental components of decision making outlined in Daniel Kahneman's bestselling book, Thinking, Fast

and Slow. Understand the key ideas behind Thinking, Fast and Slow in a fraction of the time: Concise chapter-by-chapter synopses Essential insights and takeaways highlighted Illustrative case studies demonstrate Kahneman's groundbreaking research in behavioral economics In Thinking, Fast and Slow, Daniel Kahneman, best-selling author and recipient of the Nobel Prize in Economics, has compiled his many years of groundbreaking research to offer practical knowledge and insights into how people's minds make decisions. Challenging the standard model of judgment, Kahneman aims to enhance the everyday language about thinking to more accurately discuss, diagnose, and reduce poor judgment. Thought, Kahneman explains, has two distinct systems: the fast and intuitive System 1, and the slow and effortful System 2. Intuitive decision making is often effective, but in Thinking, Fast and Slow Kahneman highlights situations in which it is unreliable-when decisions require predicting the future and assessing risks. Presenting a framework for how these two systems impact the mind, Thinking, Fast and Slow reveals the far-reaching impact of cognitive biases-from creating public policy to playing the stock market to increasing personal happiness-and provides tools for applying behavioral economics toward better decision making. A 30 Minute Expert Summary of Thinking, Fast and Slow Designed for those whose desire to learn exceeds the time they have available, the Thinking, Fast and Slow expert summary helps readers quickly and easily become experts ...in 30 minutes.

Developing E-commerce logistics in cross-border relation - Ding, Feng 2018-05-29 Through a structured literature review and an exploratory factor analysis, this thesis presents a conceptual framework with 6 key factors composed of 19 indicators, including government, consumer, company, product, operation and partnership, which affecting the development of e-logistics in cross-border relation. Then, a comprehensive competitive strategy is generated based on the framework, including government

policy, logistics strategy selection, differentiated product, dual-channel inventory and transport. Finally, Walmart and JD.com in China market are chosen as case study, the development of their cross-border e-logistics strategy verify the rationality and applicability of the framework found in this thesis. Durch eine strukturierte Literaturrecherche und eine explorative Faktorenanalyse, stellt diese Arbeit einen konzeptionellen Framework mit 6 Schlüsselfaktoren auf, die sich 19 Indikatoren zusammensetzen, die sich auf die Entwicklung der E-Logistik in Cross-Border-Beziehungen auswirken, darunter Regierung, Verbraucher, Unternehmen, Produkt, Betrieb und Partnerschaft. Anschließend wird eine umfassende Wettbewerbsstrategie auf der Grundlage des Frameworks erstellt, einschließlich der Regierungspolitik, der Auswahl der Logistikstrategie, des differenzierten Produkts, des Dual-Channel-Bestands und des Transports. Schließlich werden Walmart und JD.com im chinesischen Markt als Fallstudie ausgewählt, die Entwicklung ihrer Cross-Border-E-Logistik-Strategie aufgezeigt und Anwendbarkeit des Frameworks demonstriert.

So Worth Loving - Eryn Eddy 2021-01-19

To be human means to try and sometimes fail, to love and sometimes lose, to risk and sometimes regret. There are times when we realize where our choices have brought us and we're afraid to be honest--with ourselves, with others, with God--about how we're really feeling and how we got to where we are. Because what if no one understands? What if they think less of us? What if God is disappointed with us? Eryn Eddy wants you to know that no matter your past mistakes, relationship status, career choice, or feelings, nothing can change the truth that you are so worth loving. In this openhearted book, she takes you by the hand and helps you look in, look up, and look out, exploring your relationship with yourself, God, and others. She gives you permission to feel deeply and openly before God, who isn't afraid of our feelings, no matter what they are. And she lovingly reminds you that you are not crazy, you are not alone, and you will get through this.

Ultimate Guide to Facebook

Advertising - Perry Marshall 2022-08-01
NEW CUSTOMERS ARE WAITING... FIND THEM ON FACEBOOK Facebook makes it

easy for businesses like yours to share photos, videos, and posts to reach, engage, and sell to more than 1 billion active users. Advertising expert Perry Marshall is joined by co-authors Keith Krance and Thomas Meloche as he walks you through Facebook Advertising and its nuances to help you pinpoint your ideal audience and gain a ten-fold return on your investment. Now in its third edition, *Ultimate Guide to Facebook Advertising* takes you further than Facebook itself by exploring what happens before customers click on your ads and what needs to happen after—10 seconds later, 10 minutes later, and in the following days and weeks. You'll discover how to: Maximize your ad ROI with newsfeeds, videos, and branded content Create custom audiences from your contact lists, video views, and page engagement Use the Facebook Campaign Blueprint proven to generate your first 100 conversions Boost your Facebook ads using the Audience Network and Instagram Follow the three-step formula for successful video ads Maximize campaigns and increase conversions on all traffic to your website Track and retarget engaged users by leveraging the Power of the Pixel Make every page on your website 5-10 percent more effective overnight "If anybody can make practical sense of Facebook for marketers, it's Perry. He has his finger on its truth—as advertising media, not social media. He also realizes there is a short window of time during which it offers greatest opportunity. He identified this with Google AdWords. Now, this book shows how to capitalize on ideal timing with this media. Finally, he is a well-disciplined direct-response practitioner who holds this accountable for ROI. I bestow my 'No B.S.' blessing." —Dan S. Kennedy, legendary direct marketing advisor and author of the No B.S. series.

The Definitive Guide to Selling on Amazon - Tracey Wallace 2017-01-04

As a former journalist, the plethora of click-bait headlines across the web is nauseating. I've had to draw the line plenty of times in my writing career, refusing to call something "definitive," "comprehensive" or

"all-inclusive" if it wasn't that. This book requires no such moral delineation. This book's headline, *Definitive Guide*, is the only possible way to describe what you will find in the subsequent chapters. It is by far the most complete and actionable information out there discussing how exactly to sell on Amazon. Here are some things you'll find throughout the book: - How expanding to Amazon helped a Water Polo company successfully sell swimwear to Alaska - 7 skills you must have to win on Amazon, as told to you by the former business head of Selling on Amazon - How you could lose on Amazon by winning -- and other tips and tricks to avoid a double-sided sword- Real examples of how to successfully sell on Amazon, when to use which strategies and growth hacking tips that edge on the side of controversial - Pitfalls that trip up even the best Amazon sellers out there -- and how to avoid each and every one of them - How to win the Buy Box, as told by Feedvisor, the unencumbered champion of Buy Box wins, where 82% of Amazon's sales happen - Why mobile matters most -- 70% of Amazon customers made purchases on Amazon's mobile site -- and how to optimize for it - Pricing and repricing strategies for both resellers and private label sellers alike -- plus tips to make you more, faster - How to get a 320% increase in sales in less than 10 minutes (hint: Amazon has SEO, too) - What The Mountain has to do with an Amazon customer review legend -- and how you can jump start your own with a simple email - A step-by-step guide to determining, once and for all, your actual Amazon revenue -- calculations and exactly what to measure are all included - Growth hacking tips and tricks that could earn you \$5,000 for every hour you spend focused on Amazon You will find everything you need to start selling and winning on Amazon here. I can also assure you it will be a vital resource you continue to reference as you grow Amazon as a revenue channel. Even for those sellers already highly profitable on Amazon, there are nuggets of insight to even further increase sales and operationalize your Amazon business. What are you waiting for?

Dive in. Take action. Grow your business.

No B.S. Wealth Attraction In The New Economy - Dan S. Kennedy 2010-06-01

The old economy is shattered, and GONE FOREVER. It's never coming back as it was, and in its place a generally tougher, more demanding marketplace is emerging.

HOWEVER, when it comes to wealth, one instrumental reality is unchanged: No matter the economic conditions—booms or recessions, including the fast-emerging New Economy—there is wealth. And who better to show you how to lure, bait, attract, and become a magnet for it than “Millionaire Maker” Dan S. Kennedy? Kennedy covers:

- How to experience The Phenomenon --- attract more wealth in the next 12 months than in the previous 12 years!
- Wealth Inhibition—do you suffer from it?
- Why Positive Thinking alone is worthless
- Your #1 Entrepreneurial Responsibility
- Is there a ‘dirty little secret’ behind many wealthy entrepreneurs?
- The worst of all wealth-defeating habits
- Are you an ‘opportunity thinker’ --- or are you guilty of ‘outcome thinking’?
- “ Do what you love and the money will follow” B.S. that’s hazardous to your wealth
- How to Stop playing Blind Archery
- 12 Ways To Increase Your ‘Personal Value’
- Why you must STOP thinking about Income!
- The 90 Day Experiment that may change your life forever

BONUS: Buyers get full free access to Jim's \$97 email marketing course (see Section 3's Action Steps for the link!)

Product Research 101 - Renae Clark 2015-10-15

Just getting started with product research and sourcing? Stuck trying to find ideas or find that "perfect" winning product? Want to find good selling products that others are ignoring? Interested in wholesale or private label products? If you answered yes, then this book is for you. If you are an experienced seller or are looking to do

arbitrage this book will have less value as I don't discuss sourcing by arbitrage. I don't do arbitrage, so I don't teach it. This book is written for the new or struggling seller wanting to source wholesale or private label products. What you will learn: Basic steps for finding top selling products How to generate product ideas and look for trends How to validate demand Tips for finding suppliers Analyzing data to help you pick a product It took me 5 months of research before I pulled the trigger on my first products to sell on Amazon. Five months and countless hours. I have pages of notes with product ideas in many different categories. Some were wholesale products, others were ideas for my own products. I had some money set aside to buy inventory. But I couldn't commit. I was looking for...not necessarily the perfect product, but, well yeah, the perfect product. Fear of choosing "wrong" was holding me back. I knew that product selection was key to success so I needed to choose right. Another part of the problem was I had bigger ideas-I wanted to create a brand and I had some ideas as to what sorts of products I would carry. But those ideas required more capital than I was willing to invest for my first product. As a result, I put so much pressure on myself to dream big and think towards the future that I did...nothing! Another hold up was I was a little skittish to follow the advice to source from Chinese suppliers. It seemed so complicated for a beginner. Could I not take a little less profit and source domestically? Were there not manufacturers that could produce my ideas in North America? Yes, and yes. Ultimately the delays helped me because I learned a lot by joining Facebook groups and listening to and learning from the experiences of others. I devoured the advice in forums as well as blogs, books, webinars, and courses. I learned of the pitfalls of private label that the gurus selling you the dream never talk about. And finally, I did pull the trigger. I put together this guide to help any of you who are feeling a little gun-shy too. I put this book together for all of you who have the brains to say "Hey, if everyone buys top 100 selling

products won't that saturate the market?" I put this book together to help you find great products from many different approaches. After reading this, you should feel confident enough to find a product and get started with your e-commerce business.

What Were You Thinking? - Bryan Smith
2018-01-23

Third-grader Braden loves to be the center of attention. His comic genius, as he sees it, causes his friends to look at him in awe. But some poor decisions, like ill-timed jokes, forces the adults in Braden's life to teach him about impulse control.

2019-02-06

A step-by-step system of how Network Marketers, Direct Sales Associates, and Multi-Level Marketers can utilize LinkedIn to grow their businesses, leads, teams, and bank accounts.

Remarkable Retail - Steve Dennis
2020-04-13

Physical retail isn't dead—but boring retail is! Remarkable Retail equips the savvy retailer with eight essential strategies to deliver a powerful customer experience. Despite the clickbait headlines that warn of a "retail apocalypse," many brick and mortar retail brands are enjoying strong growth and profits. Others, however, are destined to become obsolete because they offer merely convenience, decent prices, or an okay shopping experience. In Remarkable Retail, industry thought leader Steve Dennis argues that retailers can no longer count on scarcity to drive sales, or settle for providing indifferent in-store experiences, because customers live online and have a wealth of choice and information at their fingertips. In the book, Dennis unpacks the trends that are squeezing traditional stores and presents eight essential strategies for visionary retail leaders who are prepared to reimagine the customer experience in the age of digital disruption. A remarkable retailer is digitally enabled, human centered, harmonized, mobile, personal, connected, memorable, and radical. In most retail categories, digital channels are now central to the consumer's

journey, but that doesn't mean people aren't also shopping in stores. Packed with illuminating case studies from some of modern retail's biggest success stories, Remarkable Retail shows retailers and those in adjunct industries such as manufacturing, marketing, and tech, what it takes to create big buzz around the in-store experience. In an age where consumers have short attention spans and myriad options, Remarkable Retail is your crucial roadmap to creating a powerful retail experience that keeps your customers coming back for more.

Retailing Management - Michael Levy
2014-03

The Digital Transformation of Logistics - Mac Sullivan 2021-03-30

The digital transformation is in full swing and fundamentally changes how we live, work, and communicate with each other. From retail to finance, many industries see an inflow of new technologies, disruption through innovative platform business models, and employees struggling to cope with the significant shifts occurring. This Fourth Industrial Revolution is predicted to also transform Logistics and Supply Chain Management, with delivery systems becoming automated, smart networks created everywhere, and data being collected and analyzed universally. The Digital Transformation of Logistics: Demystifying Impacts of the Fourth Industrial Revolution provides a holistic overview of this vital subject clouded by buzz, hype, and misinformation. The book is divided into three themed-sections: Technologies such as self-driving cars or virtual reality are not only electrifying science fiction lovers anymore, but are also increasingly presented as cure-all remedies to supply chain challenges. In The Digital Transformation of Logistics: Demystifying Impacts of the Fourth Industrial Revolution, the authors peel back the layers of excitement that have grown around new technologies such as the Internet of Things (IoT), 3D printing, Robotic Process Automation (RPA), Blockchain or Cloud

computing, and show use cases that give a glimpse about the fascinating future we can expect. Platforms that allow businesses to centrally acquire and manage their logistics services disrupt an industry that has been relationship-based for centuries. The authors discuss smart contracts, which are one of the most exciting applications of Blockchain, Software as a Service (SaaS) offerings for freight procurement, where numerous data sources can be integrated and decision-making processes automated, and marine terminal operating systems as an integral node for shipments. In The Digital Transformation of Logistics: Demystifying Impacts of the Fourth Industrial Revolution, insights are shared into the cold chain industry where companies respond to increasing quality demands, and how European governments are innovatively responding to challenges of cross-border eCommerce. People are a vital element of the digital transformation and must be on board to drive change. The Digital Transformation of Logistics: Demystifying Impacts of the Fourth Industrial Revolution explains how executives can create sustainable impact and how competencies can be managed in the digital age - especially for sales executives who require urgent upskilling to remain relevant. Best practices are shared for organizational culture change, drawing on studies among senior leaders from the US, Singapore, Thailand, and Australia, and for managing strategic alliances with logistics service providers to offset risks and create cross-functional, cross-company transparency. The Digital Transformation of Logistics: Demystifying Impacts of the Fourth Industrial Revolution provides realistic insights, a ready-to-use knowledge base, and a working vocabulary about current activities and emerging trends of the Logistics industry. Intended readers are supply chain professionals working for manufacturing, trading, and freight forwarding companies as well as students and all interested parties.
