**Television Variety Shows** - David M. Inman  
2014-12-03

For the few hundred television viewers in 1946, a special treat on the broadcast schedule was the variety show called Hour Glass. It was the first TV program to go beyond talking heads, cooking demonstrations, and sporting events, featuring instead dancers, comics, singers, and long commercials for its sponsor, Chase and Sanborn coffee. Within two years, another variety show, Texaco Star Theatre, became the first true television hit and would be credited with the sales of thousands of television sets. The variety show formula was a staple of television in its first 30 years, in part because it lent itself to a medium where everything had to be live and preferably inside a studio. Most of the early television stars—including Jackie Gleason, Milton Berle, Sid Caesar, Ed Sullivan, Red Skelton, Dinah Shore, and Arthur Godfrey—rose to prominence through weekly variety shows. In the 1960s, major stars such as Jerry Lewis, Dean Martin, Judy Garland and Danny Kaye were hosting variety shows. By the 1970s, the format was giving way to sitcoms and

dramas, but pop music stars Sonny and Cher, Tony Orlando and Dawn, and Donny and Marie Osmond hosted some of the last of the species. This book details 57 variety shows from the 1940s through the 1990s. A history of each show is first provided, followed by a brief look at each episode. Air date, guest stars, sketches performed, and a listing of songs featured are included.

**The Campaign of the Century** - Greg Mitchell 2010-11

In 1934, voters hoping to turn the tide of the Great Depression backed an unlikely candidate for governor of California: Upton Sinclair, muckraking author of *The Jungle* and lifelong socialist. Amazingly, Sinclair swept the Democratic primary, leading a mass movement called EPIC (End Poverty in California). Alarmed, Sinclair's opponents launched an unprecedented public relations blitzkrieg to discredit him. The result was nothing less than a revolution in American politics, and with it, the era of the "spin doctor" and the "attack ad" on the screen was born. Hollywood took its first all-out plunge into politics. In a riveting, blow-by-blow narrative featuring the likes of Franklin Roosevelt, Irving Thalberg, H. L. Mencken, William Randolph Hearst, Will Rogers, and Katharine Hepburn, Greg Mitchell brings to life the outrageous campaign that forever transformed the electoral process.

**The Pink Lady Slipper** - Billie Williams

2005-10-01

Trudy Moncha wasn't quite sure what to make of Yachne. Her talk of ghosts, witches and the devil bordered on extreme paranoia, zealot or something worse. Trudy wanted to assure her that she would not harbor evil, but that she was determined to renovate and open The Pink Lady Slipper in the near future. 'I had intentions of restoring the Lady Slipper and turning it in to a bed and breakfast.' There will be no evil in that. Ordinary families on vacation needing a place to spend the night will find haven at the Lady Slipper. That's what I have planned.' She said hoping that appeased Yachne. Wringing her hands and ready to bolt out the door at the drop of a pin Yachne bubbled over with foreboding. 'Oh fine. Another brothel. Another house of ill repute. Another evil den of iniquity. This place needs to be burned. Burned to rid us of its evil,' Yachne said agitated, rising to leave. 'I must get back. Pastor Joseph will be worried for my well-being.' 'I'm sorry you feel the house harbors evil Mrs. Yachne. Mother loved it, so do I,' she said opening the door for Yachne. 'Like an evil lover. You unmarried woman are ripe for the devil's deeds,' she turned and walked quickly down the outer stair case of the Carriage House.

The Pink Lady Gets a Wake up Call - Nicki Ells 2018-10-30

In 2016, author Nicki Ells is fulfilling her calling. She's teaching English at a public high school. But halfway through the academic year, Ells feels a change within herself, a change in her body that signals something is wrong. In The Pink Lady Gets a Wake Up Call, she tells her story through a series of previously published blog posts, some of which are pure academia, some conjecture, and some are just whimsical as Ells takes a break from worrisome thinking and fighting with her body. Beginning in 2016, she shares her thoughts on a variety of topics including the education system, the health system, her trials, and her tribulations. Ells also reveals the research she conducted about her disease and how it all works and doesn't work, and she talks about support groups and the pharmaceutical game. This memoir chronicles the journey of this public-school, creative writing teacher as she takes an in-class, daily activity of

teaching teens and turns it into a personal log of symptoms and experiences. Ells narrates how the pain, inability to cope, and misdiagnosis', which skewed any normalcy, were now in charge.

**The Pink Lady** - Theresa L. Sondys 1998-12  
Losing a parent can rip apart everything that you know about life. You can feel alone, confused, and wonder if you will ever be whole again. There is no pat phrase that makes it all go away. What you are feeling is what many others have experienced. The loss can never be filled but they are not totally gone when we remember them. Dr. Salvatore Tagliareni lost both of his parents in a ten-month period. His grief and loss led him to seek moments that would bring comfort and joy again. His search was not simple but the memories of those he loved led him to the stories and wonderful recollections of others. In these stories he found the hope and meaning that have sustained him and others. In the recollections, he and others have found ways to embrace again those who gave them life and love. He had the privilege of studying with Dr. Viktor Frankl, the author of *Man's Search for Meaning*. Through the eyes of Dr. Frankl, he learned a great deal about grief and the search to put even the most painful life experiences into meaningful ways to live again.

**Call Me Babagbose** - Damola Taiwo 2013-05-23  
My new book tells us how the animal affects one's nature (atmospheric condition). These animals are the termites, insects, bees, ants, spiders, etc. The actual name I used for my main character is known as Baba Bose. However, I decided to combine the words together and I added the letter 'G' to the name to make it more unique. It's a great native African name if not changed or combined. It's a masculine name: Baba. Baba means 'father' or a 'big man' (Baba 0). Bose is a feminine name. For example: Baba Bose (The Father of 'Bose'). However, it varies on how it is used. ABOUT THE CHARACTER: Babagbose has that characteristics of having pride and appreciation towards whatever comes around him. Although, he went through so many consequences and that made him stronger to withstand what was around him. However, he wasn't able to face everything that he

encountered. He was getting familiar with the creative environment.

The Pink Lady - C M S McLellan 2015-12-20  
"The Pink Lady" was the musical sensation of its day, breaking all box office records. Based on a popular French farce concerning a mysterious masked man who steals kisses from maidens in the woods, along with the romantic intrigues of its principals, librettist C. M. S. McLellan's book received high praise from The New York Times claiming "the fun is developed logically out of its situations and so are its songs-not a musical number occurs which does not carry the plot along further, instead of halting it." Journalist turned playwright and librettist C. M. S. McLellan, who also wrote the historically significant musical "The Belle of New York" under the name Hugh Morton, wrote the librettos to the musicals of some of the best well known Broadway composers of the time including Gustave Kerker and Ivan Caryll. The complete book and lyrics published as part of Theatre Arts Press' Historical Libretto Series of Musicals

*A Pink Lady* - Elizabeth Miller 2014-11-29  
One Woman Against an Assassin's Bullet...In the spring of 1881, the United States was on the cusp of a national tragedy. For months, factions of the Republican Party had been locked in an escalating tug of war, exacerbated by the surprise election of James A. Garfield as President. Contentious appointment hearings, political backbiting, and scandal were nothing new. But to the impressionable mind of an unbalanced observer named Charles Guiteau, there seemed only one way to relieve the tensions mounting in Washington D.C.- remove the man at the center of the controversy. In May, just one month before Guiteau's first attempt on the President's life, a lone woman was tasked with rooting out the threat to Garfield and his administration. Newly inducted into Allan Pinkerton's Female Detective's Bureau, Amanda Brown was a fugitive from an unhappy past. She'd fled her small, rural town on the promise that Pinkerton Agent, Christopher Garrety,

would make her his partner and perhaps something more. But when complications of big city life and romance intervene, Amanda discovers that being a "detective" is nothing like she expected. Oblivious to the storm gathering around the White House, Amanda arrives in the nation's capitol only to discover her first assignment is far from routine. Swept into a dangerous game of espionage, Amanda must untangle a deceptive web of intrigue to unmask the true mastermind behind this political power play and save the man she loves before disaster strikes.

The Pink Lady - Sally Denton 2009-11-17

A long-overdue political biography of Helen Gahagan Douglas-Broadway star, Congresswoman, Nixon nemesis, and forgotten heroine of American liberalism. If Hillary Clinton struggled to crack the glass ceiling in 2016, imagine the challenges that faced Helen Gahagan Douglas. She was a three-term Congresswoman beginning in 1944, and ran for the U.S. Senate against Richard Nixon just three decades after women gained the right to vote. Douglas was also a Broadway star, opera prima donna, friend of FDR, lover of LBJ, and passionate New Dealer. Acclaimed author Sally Denton brings every dimension of this extraordinary woman to life in *The Pink Lady*, a compelling account of Douglas's incomparable life as stage star, politician, and public intellectual. A brutal 1950 Senate campaign waged by Republican Congressman Richard Nixon ended Douglas' career as an elected official-Nixon and his henchmen tagged Douglas "The Pink Lady" and, with the help of the FBI's J. Edgar Hoover, made her victim to the same McCarthyist anti-Red hysteria that was sweeping Hollywood. Nixon's savage campaign was the prototype of right-wing smear tactics, a model studied by Lee Atwater and Karl Rove. Over four decades in politics, Douglas was a torchbearer for progressive ideals, supporting legislation for affordable housing, public education, and social security extension; in foreign policy she fought for nuclear disarmament and the creation of Israel. Denton's rich narrative restores Douglas to her rightful place as a pioneer of American politics.
