[Theatre, Sacrifice, Ritual: Exploring Forms of Political Theatre](#) - Erika Fischer-Lichte 2007-05-07

In this fascinating volume, acclaimed theatre historian Erika Fischer-Lichte reflects on the role and meaning accorded to the theme of sacrifice in

Western cultures as mirrored in particular fusions of theatre and ritual.

Theatre, Sacrifice, Ritual presents a radical re-definition of ritual theatre

through analysis of performances as diverse as: Max Reinhardt's new

people's theatre the mass spectacles of post-revolutionary Russia

American Zionist pageants the Olympic Games. In offering both a

performative and a semiotic analysis of such performances, Fischer-Lichte

expertly demonstrates how theatre and ritual are fused in order to tackle the problem of community-building in societies characterised by loss of solidarity and disintegration, and exposes the provocative connection between the utopian visions of community they suggest, and the notion of sacrifice. This innovative study of twentieth-century performative culture boldly examines the complexities of political theatre, propaganda and manipulation of the masses, and offers a revolutionary approach to the study of theatre and performance history.

The Italian Academies 1525-1700 - Jane E. Everson 2016-04-14

The intellectual societies known as Academies played a vital role in the development of culture, and scholarly debate throughout Italy between 1525-1700. They were fundamental in establishing the intellectual networks later defined as the 'République des Lettres', and in the dissemination of ideas in early modern Europe, through print, manuscript, oral debate and performance. This volume surveys the social and cultural role of Academies, challenging received ideas and incorporating recent archival findings on individuals, networks and texts. Ranging over Academies in both major and smaller or peripheral centres, these collected studies explore the interrelationships of Academies with other cultural forums. Individual essays examine the fluid nature of academies and their changing relationships to the political authorities; their role in the promotion of literature, the visual arts and theatre; and the diverse membership recorded for many academies, which included scientists, writers, printers, artists, political and religious thinkers, and, unusually, a number of talented women. Contributions by established international scholars together with studies by younger scholars active in this developing field of research map out new perspectives on the dynamic place of the Academies in early modern Italy. The publication results from the research collaboration 'The Italian Academies 1525-1700: the first intellectual networks of early modern Europe' funded by the Arts and Humanities Research Council and is edited by the senior investigators.

Adrienne Lecouvreur - Eugène Scribe 1866

Leila - Antonio Fogazzaro 1911

Story of a girl, of passion and repugnance, and Italian religion during the Modernist movement.

A History of Florence, 1200 - 1575 - John M. Najemy 2008-04-15

In this history of Florence, distinguished historian John Najemy discusses all the major developments in Florentine history from 1200 to 1575. Captures Florence's transformation from a medieval commune into an aristocratic republic, territorial state, and monarchy Weaves together intellectual, cultural, social, economic, religious, and political developments Academically rigorous yet accessible and appealing to the general reader Likely to become the standard work on Renaissance Florence for years to come

Memories of Class - Professor Zygmunt Bauman 1982

The Diary of Elio Schmitz - Carmine G. Di Biase 2013

The Diary of Elio Schmitz is a beautiful and moving portrait of an artistic young man living in late nineteenth-century Trieste. It is also the first English translation of the single most important document for anyone interested in the early life of Italo Svevo, Italy's greatest modern novelist. Elio Schmitz was the younger brother of Ettore Schmitz, better known today as Italo Svevo, Italy's greatest modern novelist. Much of what we know about Svevo - about his family and its origins, about his childhood in Trieste, about his temperament and his formation as a writer - we know because Elio Schmitz decided to set it down in his diary. In Elio, Ettore found a constant, reliable source of appreciation and encouragement, the ideal confidant. Many of the most important moments of this relationship are vividly preserved in The Diary of Elio Schmitz, making it a precious, indispensable account of Svevo's early years. The relevance of this diary, however, extends beyond the life and work of Italo Svevo, for the picture that Elio Schmitz paints of his family and his city captures all of the contradictions and ambiguities of nineteenth-century Trieste.

The Swallows of Monte Cassino - Frederika Randall 2013-10-14

The Strega Prize-winning author of The Girl with a Leica delivers a novel that hinges on one of the bloodiest World War II battles and those who

fought it. In this highly original novel, Janeczek retells the four-month-long Battle of Monte Cassino from the point of view of the Maori, Gurkha, Polish, North African, small-town American and other Allied foot soldiers who fought and died under German fire near that 6th century Benedictine abbey. Twined through the battle is another story, a memory of the drowned and the saved in Janeczek's own family in wartime Eastern Europe, where Jews who did not go to Nazi death camps went to Soviet gulag camps, and sometimes survived, and even went on to fight at Monte Cassino. A powerful reflection on all the ways that rights can be taken from us. "Helena Janeczek's novel is this: a tattoo etched on the skin, and not painlessly. A vast design that brings together threads from all the various lives that converged in that legendary battle. The beauty of her tale lies in its structure, the way opposites converge: the chaos of battle and the silence of the defeated, ordinariness and the heroism of the powerless, carefully guarded memory and impetuous youth, the past perpetually intertwined with the present." —Roberto Saviano, author of *Gomorra*

The Greek Sense of Theatre - J Michael Walton 2015-05-22

In this updated and extended edition of *The Greek Sense of Theatre*, scholar and practitioner J. Michael Walton revises and expands his visual approach to the theatre of classical Athens. From the tragedies of Aeschylus, Sophocles and Euripides to the old and new comedies of Aristophanes and Menander, he argues that while Greek drama is seen now as a performance-based rather than a strictly literary medium, more attention should still be paid to the nature of stage image and masked acting as part of this conception.

On Beckett - S. E. Gontarski 2014-01-15

"On Beckett: Essays and Criticism" is the first collection of writings about the Nobel Prize-winning author that covers the entire spectrum of his work, and also affords a rare glimpse of the private Beckett. More has been written about Samuel Beckett than about any other writer of this century – countless books and articles dealing with him are in print, and the progression continues geometrically. "On Beckett" brings together some of the most perceptive writings from the vast amount of scrutiny

that has been lavished on the man; in addition to widely read essays there are contributions from more obscure sources, viewpoints not frequently seen. Together they allow the reader to enter the world of a writer whose work has left an impact on the consciousness of our time perhaps unmatched by that of any other recent creative imagination.

On the Art of the Theatre - Edward Gordon Craig 1912

Dante's Ballad - Eduardo Gonzalez Viana 2007-09-30

Remember that we're in the U.S., Dante Celestino is told when his daughter Emmita runs away. Friends and neighbors warn him that in the United States it's not considered so unusual for a fifteen-year-old girl to run away. But Dante had counseled Emmita to date only Spanish-speaking Hispanic boys, and never anyone who joins gangs or deals drugs. Yet she ignores her father's advice and—right in the middle of her quinceañera—runs away with a tattooed Latino who doesn't speak Spanish and rides a lowrider motorcycle. And to complicate matters, Dante is in the U.S. illegally, making it difficult to report the girl's disappearance to the police. So begins Dante's odyssey. Accompanied by a lame donkey named Virgilio and the voice of his dead wife, he sets out for Las Vegas, where Emmita's boyfriend—or abductor, as Dante considers him—supposedly lives. On a journey filled with the joy of music and the pain of flashbacks from his small-town life and marital bliss in Mexico, Dante encounters a series of eccentric characters: Josefino and Mariana, known to radio listeners as the Noble Couple, who change their listeners' luck in an instant; Juan Pablo, a young man who uses his computer genius to rob a Las Vegas casino so he can pay for his college education; and the Pilgrim, a famous balladeer who has crossed the border via underground tunnels so many times that even years later he smells faintly of dirt and death. In this bittersweet tour de force originally published in Spanish as *El Corrido de Dante*, the First and Third Worlds join hands, and Mexican pueblo life and Internet post-modernity dance together in one of the most memorable fables to shed light on issues such as immigration, cultural assimilation, and the future of the United States with its ever-increasing Latino population.

The Commedia Dell'arte from Arlecchino to Our Times - Jacques Misan-Montefiore 2013

Literary Figures in French Drama (1784-1834) - Eric H. Kadler
2012-12-06

The general aim of this book is to present a study of a dramatic genre which was a significant facet of French drama in the period from 1784 to 1834 and has never before been singled out or analyzed. The striking feature of the plays of this genre is that the protagonists represent French literary figures. A casual examination of a collection of late eighteenth- and early nineteenth-century plays, many of which concern literary figures, led to the initial idea for this study. Conscientious cross-checking was subsequently done in a number of reference works and contemporary newspapers to obtain complete coverage and to draw up a list of all the plays in which French literary figures appeared as characters. From the total number of such plays, 153 have been used as the primary source of information. They were found scattered either in different collections or as separate copies in various libraries. This source has been supplemented by use of theatrical journals and almanacs giving reviews of some of the plays which were not published.

Queer Italia: Same-Sex Desire in Italian Literature and Film - G. Cestaro 2004-07-22

Queer Italia gathers essays on Italian literature and film, medieval to modern. The volume's chronological organization reflects its intention to define a queer tradition in Italian culture. While fully cognizant of the theoretical risks inherent in trans-historicizing sexuality, the contributors to this volume share an interest in probing the multi-form dynamics of sexual desires in Italian texts through the centuries. The volume aims not to promote the mistaken notion of a single homosexuality through history. Rather, these essays together upset and undo the equally misguided assumption of an omnipresent heterosexuality through time by uncovering the various, complex workings of desire in texts from all periods. Somewhat paradoxically, a kind of queer canon results. These essays open a much-needed critical space in the Italian tradition wherein

fixed definitions of sexual identity collapse. Queer Italia is the first and only work of its kind in Italian criticism. As such, it will be of interest to a wide audience of Italianists, medieval to modern, and queer cultural theorists.

The Firm of Nucingen - Honoré de Balzac 2022-11-02
Reproduction of the original.

The World of Harlequin - Allardyce Nicoll 1987-03-05

The commedia dell'arte was an improvised drama performed by masked players. How did the actors react to these demands and limitations? What force kept this form of theatre alive for more than two centuries and made Harlequin such a potent image? In this study of the commedia dell'arte, originally published in 1987, Professor Nicoll's concern is not to provide an historical survey of its origins or to trace the ascent and descent of Harlequin or any or any other character or 'mask', but rather to explore critically the answers to these and related questions. His arguments are based on the evidence of the play scenarios and contemporary documents as far as possible, and are illuminated by many illustrations that are either little-known or had not previously been reproduced.

Dario Fo - Joseph Farrell 2000

Joseph Farrell and Antonio Scuderi present an international collection of essays reevaluating the multifaceted performance art of Nobel laureate Dario Fo. The contributors, all of whom either have previously published on Fo or have worked with him, are the major Dario Fo scholars of three continents. Going beyond the Marxist criticism of the 1970s and 1980s, the editors and contributors try to establish an appropriate language in which to debate Fo's theater. They seek to identify the core of Fo's work, the material that will be of lasting value. This involves locating Fo in history, examining the nature of his development through successive phases, incorporating his politics into a wider framework of radical dissent, and setting his theatrical achievements in a context and a tradition. The essays cover every aspect of Dario Fo: as actor, playwright, performer, and songwriter. They also provide the historical background of Fo's theater, as well as an in-depth analyses of specific works and the

contribution of Franca Rame.

The Point of Being - Cristina Miranda de Almeida 2014-06-19

Current digital processes of production, reproduction and distribution of information affect the perception of time, space, matter, senses and identity. This book explores the research question: what are the psycho-physiological dimensions of the ways people experience their presence in the world and the world's presence in them? Because they deal principally with issues of perception and sentience, with a particular emphasis on art, there is in all chapters an invitation to experience a shift of perception. An embodied sensation of the world and a re-sensorialization of the environment are described to complement the visually-biased perspective with a renewed sense of humans' relationship to their spatial and material surrounding. As such, this book presents the topological reunion of sensation and cognition, of sense and sensibility and of body, self and world. The perception of the "Point of Being", to which the various chapters of this book invite the reader, proposes an alternative to the "Point of View" inherited from the Renaissance; it offers a way to situate the sense of self through the physical, digital and electronic domains that shape physical, social, cultural, economic and spiritual conditions at the beginning of the twenty-first century. Nine authors explore different ways in which the paradigm of the Point of Being can bridge the interval, the discontinuity, between subjects and objects that began with the diffusion of the phonetic alphabet. The Point of Being is a signpost on that journey.

Global Ibsen - Erika Fischer-Lichte 2012-03-27

Ibsen's plays rank among those most frequently performed world-wide, rivaled only by Brecht, Chekhov, Shakespeare, and the Greek tragedies. By the time Ibsen died in 1906, his plays had already conquered the theaters of the Western world. Inviting rapturous praise as well as fierce controversy, they were performed in Europe, North America, and Australia, contributing greatly to the theater, culture, and social life of these continents. Soon after Ibsen's death, his plays entered the stages of East Asia - Japan, China, Korea - as well as Africa and Latin America. . But while there exist countless studies on Ibsen the dramatist and the significance of his plays within different cultures written mainly by literary

scholars, none of them examine the ways in which Ibsen's plays were performed, or the impact of such performances on the theater, social life, and politics of these cultures. In *Global Ibsen*, contributors look at the way performances of Ibsen's plays address problems typical to modern societies all over the world, including: the inferior social status of women, the decay of bourgeois family life and values, religious fundamentalism, industrial pollution and corporate cover-up, and/or the loss of and search for identity.

Critical Theory and Performance - Janelle G. Reinelt 2007

The first comprehensive survey of the major critical currents and approaches in the lively field of performance studies

La commedia dell'arte - Roberto Tessari 2013

Screening the Body - Lisa Cartwright 1995

Moving images are used as diagnostic tools and locational devices every day in hospitals, clinics and laboratories. But how and when did such issues come to be established and accepted sources of knowledge about the body in medical culture? How are the specialized techniques and codes of these imaging techniques determined, and whose bodies are studied, diagnosed and treated with the help of optical recording devices? "Screening the Body" traces the unusual history of scientific film during the late 19th and early 20th centuries, presenting material that is at once disturbing and engrossing. Lisa Cartwright looks at films like "The Elephant Electrocution". She brings to light eccentric figures in the history of the science film such as William P. Spratling who used Biograph equipment and crews to film epileptic seizures, and Thomas Edison's lab assistants who performed x-ray experiments on their own bodies. Drawing on feminist film theory, cultural studies, the history of film, and the writings of Foucault, Lisa Cartwright illustrates how this scientific cinema was a part of a broader tendency in society toward the technological surveillance, management, and physical transformation of the individual body and the social body. She frequently points out the similarities of scientific film to works of avant-garde cinema, revealing historical ties among the science film, popular media culture and elite modernist art and

film practices. Ultimately, Cartwright unveils an area of film culture that has rarely been discussed, but which will leave readers scouring video libraries in search of the films she describes.

The Comic Mask in the Commedia Dell'Arte - Antonio Fava 2007

"The mask - as object, symbol, character, theatrical practice, even spectacle - is the central metaphor around which Fava builds his discussion of structure, themes, characters, and methods. His book combines historical fact, personal experience, philosophical speculation, and passionate opinion. Including period drawings, prints, and color photographs of leather masks made by Fava himself, *The Comic Mask in the Commedia dell'Arte* is a rich work of singular insight into one of the world's most venerable forms of theater." --Book Jacket.

The Philosophy of Giambattista Vico - Benedetto Croce 1913

The Grotowski Sourcebook - RICHARD SCHECHNER 2013-11-05

This acclaimed volume is the first to provide a comprehensive overview of Jerzy Grotowski's long and multi-faceted career. It is essential reading for anyone interested in Grotowski's life and work. Edited by the two leading experts on Grotowski, the sourcebook features: *essays from the key performance theorists who worked with Grotowski, including Eugenio Barba, Peter Brook, Jan Kott, Eric Bentley, Harold Clurman, and Charles Marowitz *writings which trace every phase of Grotowski's career from his 'theatre of production' to 'objective drama' and 'art as vehicle' *a wide-ranging collection of Grotowski's own writings, plus an interview with his closest collaborator and 'heir', Thomas Richards *an array of photographs documenting Grotowski and his followers in action *a historical-critical study of Grotowski by Richard Schechner.

New Worlds, Lost Worlds - Susan Brigden 2002-09-24

No period in British history has more resonance and mystery today than the sixteenth century. *New Worlds, Lost Worlds* brings the atmosphere and events of this great epoch to life. Exploring the underlying religious motivations for the savage violence and turbulence of the period-from Henry VIII's break with Rome to the overwhelming threat of the Spanish Armada-Susan Brigden investigates the actions and influences of such

near-mythical figures as Elizabeth I, Thomas More, Bloody Mary, and Sir Walter Raleigh. Authoritative and accessible, *New Worlds, Lost Worlds*, the latest in the Penguin History of Britain series, provides a superb introduction to one of the most important, compelling, and intriguing periods in the history of the Western world.

Renaissance Rewritings - Helmut Pfeiffer 2017-09-25

'Rewriting' is one of the most crucial but at the same time one of the most elusive concepts of literary scholarship. In order to contribute to a further reassessment of such a notion, this volume investigates a wide range of medieval and early modern literary transformations, especially focusing on texts (and contexts) of Italian and French Renaissance literature. The first section of the book, "Rewriting", gathers essays which examine medieval and early modern rewritings while also pointing out the theoretical implications raised by such texts. The second part, "Rewritings in Early Modern Literature", collects contributions which account for different practices of rewriting in the Italian and French Renaissance, for instance by analysing dynamics of repetition and duplication, verbatim reproduction and free reworking, textual production and authorial self-fashioning, alterity and identity, replication and multiplication. The volume strives at shedding light on the complexity of the relationship between early modern and ancient literature, perfectly summed up in the motto written by Pietro Aretino in a letter to his friend the painter Giulio Romano in 1542: "Essere modernamente antichi e anticamente moderni".

Body Art and Performance - Lea Vergine 2000

Containing Lea Vergine's insight on the 'golden age' of the Body Art movement and writings by the artists featured, this text focuses on the artistic endeavour that uses the body as expressive material.
