If You Have Ever Thought of Becoming an Online Seller - Read This Book! Hands Down, eBay and Fiverr are the two best websites where every day people can make money selling products or services online. If you've ever wanted to carve out your own niche, this two book bundle is going to give you all of the information that you need to get started. If you want to sell products on eBay you're going to learn the secrets Power Sellers use to make \$100 everyday selling on eBay. What I'm going to give you is a proven plan that you can follow over and over again, to make money now - and in the future, whenever you find yourself strapped for a little cash. What's the secret to selling your item for the most money possible? It's easy - Most sellers have no idea what they have, or how to sell it ... This book will cover all of the steps you need to know to successfully sell on eBay including - 1) Where to find items to sell on eBay 2) How to discover your own private niche where buyers will keep coming back to buy more items from you 3) How to write a great auction title packed with keywords that will draw people to

your items 4) How to write a description that will leave them drooling for more 5) How to take great eBay pictures 6) How to set a price that will get your item noticed and sold 7) What great customer service is, and how you can and should offer it every time Whether you are new to eBay, or have been selling on eBay for some time now, this book can help you make more money - starting today! If you have a service to sell, Fiverr will let you pump up profits - Quickly. If you've never heard of Fiverr before, it's this crazy hot new website where buyers and sellers get together to exchange money for services. And, get this - the price on everything offered there is five dollars, no more, no less - Maybe! It's just insane what some of these people are willing to do for five bucks! There's this one guy who dresses up like Jesus and offers to make a Christmas video or a video of anything else you want. Another guy pops a set of Mickey Mouse ears on his balding head and offers to sing Happy Birthday in a depressed tone. And, before I forget, there's a lady who offers to write any message, website, URL, or anything else you want across her boobs or sexy bum and send you pictures. And the fact is they are selling hundreds, sometimes even thousands of these services. I know what you're thinking! How can anybody make money, even if you do thousands of these things, if you only charge five bucks? The answer is gig extras, and good old fashioned tips. Many sellers hang a new-fangled cyber tip jar out there to collect a little extra love for a job well done. But the real money is in the gig extras. Just what are gig extras, you ask. Gig extras are this hot new idea Fiverr has developed that is allowing many sellers to consistently turn five bucks into fifty or one hundred dollars. Here are just a few of the services sellers are offering on Fiverr - 1) Video testimonials 2) Puppet videos 3) Logo design 4) Facebook timelines 5) Product reviews 6) Sexy messages 7) Psychic readings Are you beginning to get the idea? There is no limit to the type of gig that you can offer. If you can imagine it, you can do it. Don't wait another minute. Order your copy of this book today! \* You can read it instantly on your Kindle, iPad, iPhone, or on your laptop using the Kindle for PC App. \* Scroll up to the top and read a sample, or better yet, order your copy today, and start selling on eBay and Fiverr in less than an

hour.

### Make Money Online - Nick Vulich

I've been selling on line for over five years now, and I gotta tell you - It's one of the greatest gigs I've ever had. I started my career selling on this little website you might have heard about - eBay. In less than six months I was pulling down over two grand a month. From there I moved on to Amazon and in less than three months, I doubled my income. Two years ago I heard about this website called Fiverr where people were selling services starting at only five bucks, and I knew I had to take a shot at this crazy game. I started out designing covers for Kindle books, and in less than six months I cranked out over 1700 covers for just over \$25,000 with extras. How crazy is that! With all of that said, probably the best money maker I've discovered to date is writing Kindle books. There are guys cranking out a book a week and pulling down some serious cash. Me! I've written over a dozen books using several pen names. Some of them consistently pull down \$300 to \$500 a month. Some of them are turkeys, and I'm lucky to pull in ten bucks a month on them, but it all adds up. What I'm trying to say here is: I make some really good cash working on line, and you can too. Read my book. Follow the directions, and you can make some serious cash.

*My Ebay Sales Suck!* - Nick Vulich 2013-03-27

What's your eBay story? My name is Nick Vulich. Over the years I have had the opportunity to work with and talk to hundreds of eBay sellers. Some of them were brand new to eBay others have been selling for ten years or more now. Every one of them has a unique story about how they got started selling on eBay, and about what they expect to take away from it. Many people I know embraced eBay because it gave them a real opportunity to start their own businesses with little or no risk, other than the time they invested. A lot of parents have looked at eBay as a chance to stay home with their children and be with them as they are growing up. For others, eBay has supplemented a lifetime of low wage jobs, or has given them hope after being laid off from a lifetime career in corporate America. Some have used their eBay businesses as a stepping stone to other careers. Many have become consultants or experts in the product lines that they started selling on eBay. Some have become instructors helping other people to start and operate successful online businesses. For me, eBay gave me extra money to buy new cars and a bigger house when I was working. After a corporate layoff in 2004, selling on eBay gave me the opportunity to build a strong and solid business of my own. Over the last year eBay has become my stepping stone to a new career in writing, and helping other people learn how to start selling on eBay. Discover ten tips that will help you grow your eBay business - 1) How to build your brand 2) Why you need to experiment with new products 3) Why automating everyday tasks will make your eBay business run smoother 4) Why price doesn't matter 5) Why free shipping might not be the answer 6) Why you need to have fun with your work 7) How selling for charity with eBay Giving Works can help you build sales 8) Why you need to automate shipping 9) What numbers really matter if you want to make a profit 10) Why you need to make time for yourself Learn why you need a Plan B >Do you remember Woolworth's, Grants, Circuit City, Commodore 64, or have you paid attention to what's happening to Blockbuster Video? eBay is currently the big kid on the block, but that can change - quickly. We'll explain why everyone needs to have a Plan B, and what alternative sites are available

today.

**101-Tips for Buying and Selling on eBay** - 101-Tips for Buying and Selling on eBay 2022-11-26

Introduction: Quit Your 9-to-5 Job and Become a Solopreneur 1. Your phone's alarm goes off. 2. It's time to get up, shower, grab a bagel and coffee on the way to work, and drive there. 3. You appear to be on autopilot every day. There's no need to think about it; just do it. For many people, a traditional 9-5 job, while somewhat secure, is not what they expected when they signed up for it. You may only have two weeks of vacation per year; the pay is pitiful; the people are a bunch of gossipers; and the work - well, let's just say you don't really need your degree to do what you're doing. People, particularly Millennials, are increasingly abandoning full-time employment. Climbing to the top of a company is no longer a common career path. Millennials, on the other hand, frequently see eBay, starting your own company, or growing your own business as the new norm. And the data backs this up: eBay is on the rise. eBay is one of the most active online marketplaces, with a multibillion-dollar turnover and over 180 million users. They were only of the workforce seven years ago. And it's only going to get worse as more people realize the freedom that being a solopreneur provides. If having \*no\* boss is what you're looking for, here's how to get it right away. There are some people who despise their 9-5 jobs. When they describe their job, it sounds like a prison sentence, complete with roadside

manual labor and the old' shackle and chains. Their job makes them a prisoner, which they despise. Others adore their 9-to-5 jobs. They go to work and enjoy the fact that they have no ownership in the company and can leave at any time without incurring any liability. I've had several jobs. I spent the first half of my twenties starting seven businesses, six of which failed miserably and one of which became an overnight success (that I later walked away from). I then got a corporate job in a bank and had to wear a suit to work. The lobby resembled a hotel, and the language used was never profane. My next position was a cross between a startup and a corporate, with a focus on people management. You're trapped. As each day passes, you can't wait for the weekend to be over, so you don't have to think about work. No more bosses breathing down your neck, no more pre-planned breaks, and certainly no more long commutes. Weekends are your life. You know you don't want this job, but you're stuck with it. You want out but don't know how, whether you want to quit your job to travel more, try something new, or if you're just bored or unhappy with what you're doing. What are you going to do? How do you leave a stable and secure job to pursue a life of hustling for work? And can you make a living from eBay? Rarely Revealed Secrets to Making Money on eBay that Are Ideal for Complete Beginners "Do you believe you squandered an eBay opportunity? Consider again. eBay is one of the most active online marketplaces, with a multibillion-dollar turnover and over 180 million users. Its business model is so simple that you can start making money from your unwanted items in your cupboards, garage shed, or basement in as little as seven days. It's the ideal first side hustle, and this book will show you how. It's written for ambitious people who want to make money on eBay as quickly as possible. From your very first listing, you'll discover a step-by-step plan for generating consistent sales for your new business.
