ECGBL 2021 15th European Conference on Game-Based Learning - Panagiotis Fotaris 2021-09-23

Escape Room 2.0 - Maren Stoffels 2022-08-24

Bloedstollend spannende thriller voor jongeren over een escape room, van Maren Stoffels. 'Jullie zijn uitverkoren om deel te nemen aan dit nieuwe spel: Escape Room 2.0. Je mag één persoon meenemen. Degene die je het meest vertrouwt. Je allerbeste vriend.' Nordin krijgt een uitnodiging voor een nieuwe escape room. Hij neemt zijn beste vriendin Zora mee. Eenmaal binnen blijkt dat je moet wisselen met een ander team. Nordin moet niet samen, maar tégen Zora spelen. Wat moet je doen als je beste vriend plotseling je grootste tegenstander wordt? Elke keuze die je maakt heeft gevolgen voor de ander. Hoe ver ga je om te winnen? Kies je voor jezelf of offer je jezelf op? Vijf jaar na het succesvolle Escape Room

komt Maren Stoffels met Escape Room 2.0, over vier tieners in een levensgevaarlijke escape room en een game master met duistere motieven.

Communication, Smart Technologies and Innovation for Society - Álvaro Rocha 2021-09-27

This book gathers high-quality papers presented at International Conference on Science, Technology and Innovation for Society (CITIS 2021), held in Guayaquil, Ecuador, on May 26–28, 2021. This book will present the recent research trends in the fields of software engineering, big data analysis, cloud computing, data engineering, data management and data mining, machine learning, deep learning, artificial intelligence, smart systems, robotics and automation, mechatronic design, and industrial processes design.

Practical Cardiovascular Medicine - Elias B. Hanna 2017-04-17

Prepare yourself for success with this unique cardiology primer which distils the core information you require and presents it in an easily digestible format. Provides cardiologists with a thorough and up-to-date review of cardiology, from pathophysiology to practical, evidence-based management. Aibly synthesizes pathophysiology fundamentals and evidence based approaches to prepare a physician for a subspecialty career in cardiology. Clinical chapters cover coronary artery disease, heart failure, arrhythmias, valvular disorders, pericardial disorders, and peripheral arterial disease. Practical chapters address ECG, coronary angiography, catheterization techniques, echocardiography, hemodynamics, and electrophysiological testing. Includes over 650 figures, key notes boxes, references for further study, and coverage of clinical trials. Review questions at the end of each chapter help clarify topics

and can be used for Board preparation - over 375 questions in all!

Air Force Handbook 10-644 Survival Evasion Resistance Escape Operations, 27 March 2017 - United States Government Us Air Force 2017-06-06

Air Force Handbook 10-644 Survival Evasion Resistance Escape (SERE) Operations 27 March 2017 This handbook describes the various environmental conditions affecting human survival, and describes isolated personnel (IP) activities necessary to survive during successful evasion or isolating events leading to successful recovery. It is the fundamental reference document providing guidance for any USAF service member who has the potential to become isolated; deviations require sound judgment and careful consideration. This publication provides considerations to be used in planning and execution for effective mission accomplishment of formal USAF Survival, Evasion, Resistance, and Escape (SERE) training, environmentally specific SERE training, and combat survival continuation training programs. The tactics, techniques, and procedures in this publication are recognized best practices presenting a solid foundation to assist USAF service members to maintain life and return with honor from isolating events.

The Third Five Years of the 8th AF News, 1985-1989 - John H. Woolnough 1990

Escape Room - Christopher Edge 2022-02-03

The latest mind-blowing novel from award-winning author Christopher Edge, *Escape Room* is a thrilling adventure that challenges readers to think about what they've done to save the world today. When twelve-year-old Ami arrives at *The Escape*, she thinks it's just a game - the

ultimate escape room with puzzles and challenges to beat before time runs out. Meeting her teammates, Adjoa, Ibrahim, Oscar and Min, Ami learns from the Host that they have been chosen to save the world and they must work together to find the Answer. But as he locks them inside the first room, they quickly realise this is no ordinary game. From a cavernous library of dust to an ancient Mayan tomb, a deserted shopping mall stalked by extinct animals to the command module of a spaceship heading to Mars, the perils of The Escape seem endless. Can Ami and her friends find the Answer before it's too late? With cover illustration by David Dean. "A writer of genuine originality" - Guardian Check out these other brilliant books from Christopher Edge: The Many Worlds of Albie Bright The Jamie Drake Equation The Infinite Lives of Maisie Day The Longest Night of Charlie Noon Managing Sex in the U.S. Military - Beth Bailey 2022-05 This collection of essays brings together historians and policy scholars whose chapters offer insight into the ways the U.S. military manages the sexual behaviors, practices, and identities of its service members.

Celler deler os - Lotte Bjergbæk 2022-10-25

Lige siden vores forældres celler smeltede sammen til et nyt verdensmirakel, har cellerne delt sig. Tarmceller deler sig ofte, nerveceller sjældent, mens strenge kontrolsystemer altid råber vagt i gevær, når en rask celle forvandler sig til en syg. For kræft er en uønsket følgesvend til alle flercellede organismer. Selv dinosaurerne blev ramt. Kimen til kræft sås i bare én af vores 50 billioner celler. Og enten ofrer den syge celle sig i ren kamikazestil, eller også løber den løbsk forbi et utal af barrierer for at ende som alt fra bryst- til knoglekræft. Mens vi beskyder syge celler med deres eget våben, og rammer dem på evnen til at dele sig, har

hvaler og elefanter taget helt andet skyts i brug. Naturen gemmer uden tvivl på flere hemmelige strategier, og i fremtiden kan vi måske endda bekæmpe sygdomme, allerede inden de opstår.

Shinoy and the Chaos Crew: the Day of the Escape Room of Doom: Band 11/Lime (Collins Big Cat) - Chris Callaghan 2021-01-04

Collins Big Cat supports every primary child on their reading journey from phonics to fluency. Top authors and illustrators have created fiction and non-fiction books that children love to read. Book banded for guided and independent reading, there are reading notes in the back, comprehensive teaching and assessment support and ebooks available.

Command Of The Air - General Giulio Douhet 2014-08-15

In the pantheon of air power spokesmen, Giulio Douhet holds center stage. His writings, more often cited than perhaps actually read, appear as excerpts and aphorisms in the writings of numerous other air power spokesmen, advocates-and critics. Though a highly controversial figure, the very controversy that surrounds him offers to us a testimonial of the value and depth of his work, and the need for airmen today to become familiar with his thought. The progressive development of air power to the point where, today, it is more correct to refer to aerospace power has not outdated the notions of Douhet in the slightest In fact, in many ways, the kinds of technological capabilities that we enjoy as a global air power provider attest to the breadth of his vision. Douhet, together with Hugh "Boom" Trenchard of Great Britain and William "Billy" Mitchell of the United States, is justly recognized as one of the three great spokesmen of the early air power era. This reprint is offered in the spirit of continuing the dialogue that

Douhet himself so perceptively began with the first edition of this book, published in 1921. Readers may well find much that they disagree with in this book, but also much that is of enduring value. The vital necessity of Douhet's central vision-that command of the air is all important in modern warfare-has been proven throughout the history of wars in this century, from the fighting over the Somme to the air war over Kuwait and Iraq.

Escape Game - Maren Stoffels 2021-04-07

Beleef een superspannend avontuur in een escape room. Waarschuwing: als je eenmaal begint met lezen, wil je niet meer stoppen! (10+) Trigo kan niet wachten tot de nieuwe escape room in zijn stad opengaat. Daarom daagt hij zijn vrienden uit: inbreken in de escape room om deze alvast te testen. Eenmaal binnen gaat de deur dicht en niet meer open. Er is maar één manier om eruit te komen: alle puzzels oplossen en de uitgang vinden. Maar de escape room is nog helemaal niet af en daardoor levensgevaarlijk...

Apollo's Warriors - Michael E. Haas 1998-05

Presenting a fascinating insider's view of U.S.A.F. special operations, this volume brings to life the critical contributions these forces have made to the exercise of air & space power. Focusing in particular on the period between the Korean War & the Indochina wars of 1950-1979, the accounts of numerous missions are profusely illustrated with photos & maps. Includes a

discussion of AF operations in Europe during WWII, as well as profiles of Air Commandos who performed above & beyond the call of duty. Reflects on the need for financial & political support for restoration of the forces. Bibliography. Extensive photos & maps. Charts & tables.

Klara and the Sun - Kazuo Ishiguro 2022-03-01

INTERNATIONAL, #1 NATIONAL, AND NEW YORK TIMES BESTSELLER LONGLISTED FOR THE 2021 BOOKER PRIZE The magnificent novel from Nobel laureate Kazuo Ishiguro—author of *Never Let Me Go* and *The Remains of the Day*. Here is the story of Klara, an Artificial Friend with outstanding observational qualities, who, from her place in the store, watches carefully the behavior of those who come in to browse, and of those who pass on the street outside. She remains hopeful that a customer will soon choose her. *Klara and the Sun* is a thrilling book that offers a look at our changing world through the eyes of an unforgettable narrator, and one that explores the fundamental question: what does it mean to love?

The Cypher Files - Dimitris Chassapakis 2020-11-05

THE ULTIMATE CHRISTMAS GIFT FOR WANNABE SPIES: AN INTERACTIVE PUZZLE BOOK FROM THE CREATOR OF THE BESTSELLING CULT PHENOMENON, JOURNAL 29! In this brain-

bending interactive game, you'll solve puzzles on every page, and obtain keys to move forward by submitting answers online. To solve each puzzle, you'll need to think outside the book. You are an agent of C.Y.P.H.E.R., the secret international agency working on 'unsolvable' code-based cases. Called upon to investigate cryptic clues discovered in the wake of a series of mysterious disappearances, the clock is ticking to crack the codes before it's too late. To escape this book, you must write, draw, search, fold and cut pages, explore virtual escape rooms and think laterally to identify the perpetrator and solve the mystery. All you need to play is a pencil, a pair of scissors, an internet connection, and a curious mind.

Learning With Escape Rooms in Higher Education Online Environments - Santamaría Urbieta, Alexandra 2023-02-10 Teachers, professors, and educational professionals have the opportunity to create new, challenging, significant, and interactive learning experiences for today's students. Escape rooms are growing in popularity as they provide numerous benefits and opportunities for learning; however, the use of escape rooms in higher education is not always taken seriously. Learning With Escape Rooms in Higher Education Online Environments proves that it is possible to take escape rooms to higher education with great results for both teachers and students by presenting different escape room proposals that are explained in detail with the instructions and materials used so that any teacher could replicate it in their subject. Covering key topics such as online learning, student learning, and computer science, this reference work is ideal for principals, industry professionals, researchers, scholars, practitioners, academicians, instructors, and students.

The Praetorian STARShip : the untold story of the Combat Talon - 2001

Jerry Thigpen's study on the history of the Combat Talon is the first effort to tell the story of this wonderfully capable machine. This weapons system has performed virtually every imaginable tactical event in the spectrum of conflict and by any measure is the most versatile C-130 derivative ever produced. First modified and sent to Southeast Asia (SEA) in 1966 to replace theater unconventional warfare (UW) assets that were limited in both lift capability and speed the Talon I quickly adapted to theater UW tasking including infiltration and resupply and psychological warfare operations into North Vietnam. After spending four years in SEA and maturing into a highly respected UW weapons system the Joint Chief of Staff (JCS) chose the Combat Talon to lead the night low-level raid on the North Vietnamese prison camp at Son Tay. Despite the outcome of the operation the Talon I cemented its reputation as the weapons system of choice for long-range clandestine operations. In the period following the Vietnam War United States Air Force (USAF) special operations gradually lost its political and financial support which was graphically demonstrated in the failed Desert One mission into Iran. Thanks to congressional supporters like Earl Hutto of Florida and Dan Daniel of Virginia funds for aircraft upgrades and military construction projects materialized to meet the ever-increasing threat to our nation. Under the leadership of such committed hard-driven officers as Brenci Uttaro Ferkes Meller and Thigpen the crew force became the most disciplined in our Air Force. It was capable of penetrating hostile airspace at night in a low-level mountainous environment covertly to execute any number of unconventional warfare

missions.

Cardiology - Kanu Chatterjee 2012-08-31

This two volume set presents recent advances in the knowledge and technology related to the field of cardiology. Beginning with a basic introduction, the text continues with a step by step approach through the subject, covering topics such as cardiovascular pharmacology, electrophysiology, coronary heart diseases, myocardial and pericardial disease and more. With contributions from leading international experts and over 1500 colour photographs, each chapter contains additional comments and guidelines from reputed international bodies. The book is accompanied by a DVD ROM containing high quality video footage of echocardiography.

Et fængslende møde - Liane Moriarty 2019-06-06

Da succesforfatteren Frances Welty drejer op foran porten til helsecenteret Tranquillum House, hvor hun har investeret en lille formue i et kurophold, er hun på sammenbruddets rand. Hendes forlag har lige afvist hendes seneste kærlighedsroman, hendes kæreste har forladt hende uden et ord, og hun er midt i en hedetur fra helvede. Men da de øvrige gæster begynder at ankomme, stiger hendes humør et par grader, og det bliver kun bedre, da hun møder stedets karismatiske ejer

og leder, russiske Masha, en statelig kvinde, der har prøvet at dø og synes at vide lige præcis, hvad Frances har brug for. Men ved hun det, eller skal Frances se at komme væk fra Tranquillum House, mens hun stadig er i stand til det? Det varer ikke længe, før de ni andre gæster begynder at stille sig det samme spørgsmål.

Skandar and the Unicorn Thief - A.F. Steadman 2022-05-03

Soar into a breathtaking world of heroes and unicorns as you've never seen them before in this fantastical middle grade debut perfect for fans of the Percy Jackson and Eragon series! Skandar Smith has always yearned to leave the Mainland and escape to the secretive Island, where wild unicorns roam free. He's spent years studying for his Hatchery exam, the annual test that selects a handful of Mainlander thirteen-year-olds to train to become unicorn riders. But on the day of Skandar's exam, things go horribly wrong, and his hopes are shattered...until a mysterious figure knocks on his door at midnight, bearing a message: the Island is in peril and Skandar must answer its call. Skandar is thrust into a world of epic sky battles, dangerous clashes with wild unicorns, and rumors of a shadowy villain amassing a unicorn army. And the closer Skandar grows to his newfound friends and community of riders, the harder it becomes to keep his secrets—especially when he discovers their lives may all be in graver danger than he ever imagined.

Fright Night - Maren Stoffels 2020-09-01

Spending the night in the woods with your friends is not a good idea in this scary thriller by the author of ESCAPE ROOM--a Halloween must-read. Sofia isn't so sure about Fright Night. When she suggested it to her

friends, she was only thinking of it as an excuse to get closer to Dylan. Now that it's happening, she's worried that spending the night in a deserted forest is a bad idea. But it's totally safe--there's even a safe word if things get too intense. And they do. Sofia and her friends are forced to face their greatest fears, and suddenly? It's too late to turn back. Underlined is a line of totally addictive romance, thriller, and horror titles coming to you fast and furious each month. Enjoy everything you want to read the way you want to read it.

Håndbog i scenariedidaktik - Simon Skov Fougts 2022-06-02

På plejehjemmet spørger skoleelever mennesker med demens om deres dagligdag. I fødevarerlaboratoriet forsøger de at få hold på enzymerne i en kemisk proces, mens andre laver opslag for den lokale optiker på sociale medier. Det lyder ikke umiddelbart som undervisning i den danske grundskole, men det er netop, hvad det er – langt fra udenadslære og terperi, men tæt på en moderne verdens komplekse krav. Håndbog i scenariedidaktik giver en grundig introduktion til, hvordan scenariedidaktik kan praktiseres i folkeskolens fag. Med et væld af eksempler fra forløb som Marsbasen, Naturfagsmaraton og Vismandsspillet fortæller 40 forskere, praktikere og læremiddeludviklere om deres erfaringer med scenariedidaktik i dansk, matematik, naturfag, sprogfag, historie, samfundsfag og teknologiforståelse. Bogens forfattere viser, hvordan lærere med scenariedidaktik kan gøre undervisningen aktuel og relevant for eleverne ved at engagere dem i virkelighedsnære eller forestillede problemstillinger. Metoden trækker omverdenens praksisformer ind i klasselokalet og introducerer eleverne til de konkrete kompetencer, som kommunikationskonsulenter, byplanlæggere, raketforskere og plejehjemsassistenter bruger i deres dagligdag. Alt

sammen med et nysgerrigt og selvkritisk blik for scenariedidaktikkens muligheder og begrænsninger som en ny måde at lære på i den danske grundskole. Hør Simon Skov Fougts fortælle om Håndbog i scenariedidaktik i forlagets podcastserie Fagbøger, der giver genlyd. Podcasten er produceret af Videnslyd for Aarhus Universitetsforlag.

Handbook of Research on Using Disruptive Methodologies and Game-Based Learning to Foster Transversal Skills - Rivera-Trigueros, Irene 2022-02-11

As new technologies and professional profiles emerge, traditional education paradigms have to be adapted to new scenarios, creating favorable conditions for promoting transversal skills among students. Consequently, there is a growing demand for training in emergent skills to solve problems of different natures, distributive leadership competencies, empathy, ability to control emotions, etc. In this sense, one of the challenges that educators of all different educational levels and training contexts have to face is to foster these skills in their courses. To overcome these obstacles, innovative and disruptive methodologies, such as game-based learning activities like escape rooms, can be a great ally for teachers to work on transversal skills and specific knowledge at the same time. The Handbook of Research on Using Disruptive Methodologies and Game-Based Learning to Foster Transversal Skills gathers knowledge, skills, abilities, and capabilities on innovative and disruptive methodologies that can be applied in all educational levels to foster transversal skills. This publication contains different

contributions focused on the description of innovative educational methods, processes, and tools that can be adopted by teachers to promote transversal skills such as creativity, critical thinking, decision-making, and entrepreneurial skills. This book is ideal for teachers, instructional designers, educational software developers, academics, professionals, students, and researchers working at all levels in the educational field and provides valuable background information to professionals who aim to overcome traditional paradigm obstacles and meet student needs by means of innovative and disruptive methodologies.

Handbook of Research on the Influence and Effectiveness of Gamification in Education - Bernardes, Oscar
2022-05-20

Gamification is an increasingly popular technology that has been utilized across a number of fields such as business, medicine, and education. As education continues to turn toward online teaching and learning, gamification is one of many new technologies that have been proven to assist educators in providing holistic and effective instruction. Additional research is required to ensure this technology is utilized

appropriately within the classroom. The Handbook of Research on the Influence and Effectiveness of Gamification in Education considers the importance of gamification in the current learning environment and discusses the best practices, opportunities, and challenges of this innovative technology within an educational setting. Covering a wide range of critical topics such as engagement, serious games, and escape rooms, this major reference work is essential for policymakers, academicians, administrators, scholars, researchers, practitioners, instructors, and students.

The Susan Effect - Peter Høeg 2017-08-03

You'll tell her your darkest secrets Susan Svendsen has an unusual talent. She is an expert in finding out secrets. People feel compelled to confide in her and unwittingly confess their innermost thoughts. Her whole life, she has exploited this talent, but now her family is in jeopardy and there is a prison sentence hanging over her head. Then Susan gets a timely offer from a former government official: use her power one more time and have all charges dropped. But there are some powerful people determined to stop her.
