Impossible Engineering - Chandra Mukerji 2021-11-09

The Canal du Midi, which threads through southwestern France and links the Atlantic to the Mediterranean, was an astonishing feat of seventeenth-century engineering--in fact, it was technically impossible according to the standards of its day. Impossible Engineering takes an insightful and entertaining look at the mystery of its success as well as the canal's surprising political significance. The waterway was a marvel that connected modern state power to human control of nature just as surely as it linked the ocean to the sea. The Canal du Midi is typically characterized as the achievement of Pierre-Paul Riquet, a tax farmer and entrepreneur for the canal. Yet Chandra Mukerji argues that it was a product of collective intelligence, depending on peasant women and artisans--unrecognized heirs to Roman traditions of engineering--who came to labor on the waterway in collaboration with military and academic supervisors. Ironically, while Louis XIV and his treasury minister Jean-Baptiste Colbert used propaganda to present France as a new Rome, the Canal du Midi was being constructed with unrecognized classical methods. Still, the result was politically potent. As Mukerji shows, the project took land and power from local nobles, using water itself as a silent agent of the state to disrupt traditions of local life that had served regional elites. Impossible Engineering opens a surprising window into the world of seventeenth-century France and illuminates a singular work of engineering undertaken to empower the state through technical conquest of nature.

DK Eyewitness Travel Guide: France - DK 2014-04-01

DK Eyewitness Travel Guide: France will lead you straight to the best attractions the country has to offer. Packed with photographs, illustrations, and detailed street-by-street maps of the major cities and towns, this fully updated guidebook will help you to discover France region-by-region, from Champagne in the north to the sun-blessed corner of Provence and the Cote d'Azur. Cycling the Canal du Midi - Declan Lyons 2017-05-31

This guidebook describes a 240km cycle ride along the length of the Canal du Midi in southern France. Starting at Toulouse in the Haute Garonne and finishing at Sète on the Mediterranean Coast, the route is divided into five stages of about 50km. It is a flat, car-free and picturesque route mainly on the towpath, and is suitable for all abilities. The guide is written for those who want to explore the canal and visit attractions along the way. There are lots of optional detours to sites of interest near the canal, as well as six longer excursions including fortified Carcassone, Roman Narbonne, Vendres lagoon and the Portiragnes marshes.

Detailed route descriptions are crammed with additional information about points of interest passed, and 1:200,000 scale maps clearly show the route for each stage of the way. Begun in 1666 the Canal du Midi is one of the world's most picturesque waterways and a World Heritage Site. This is 'La France Profonde', a region rich in history and culture, as seen in the grand homes and chateaux that grace the water's edge, and the fascinating Cathar strongholds of Carcassone, Lastours and Minerve.

La sete, l'acqua, lo spirito - Angela Maria Lupo 2003

Gesu compie le attese vetero-testamentarie dell'uomo assetato perche Egli e la Roccia dell'Esodo e il nuovo Tempio di Gerusalemme dal quale sgorga abbondantemente l'acqua della vita. Questo studio esegetico-teologico si avvale del metodo sincronico dell'analisi strutturale per evidenziare la connessione esistente tra i termini sete, acqua e spirito ricorrenti negli scritti giovannei; il riferimento all'AT ai testi del giudaismo intertestamentario e al NT contribuisce all'approfondimento della tematica e all'esplicitazione del carattere simbolico dei termini sete ed acqua. Sono analizzati quattro testi del IV Vangelo: Gv 6,35; 7,37-39; 4,7-15; 19,28-30) e quattro testi dell'Apocalisse: 7,14b-17; 21,5-7; 22,1-2; 22,17.

So what are you waiting for? Pack your bags, get your Sete (France) map and let's get started! Just Click "Add To Cart Now"

Sète - Terry Aulich 2021-11-28

How can you blunder into a coup d'état in the South of France? Easily done if you're Paddy Kennedy and former SAS intelligence officer, Helen Troy. France and the UK are ripe for take-over by wealthy plutocrats, the Big Dogs, who want to remake Europe. Flag waving will be back and social welfare gone. Backing them are tabloid newspapers, disaffected military personnel and interfering foreign governments. Former Australian Senator Terry Aulich's sequel to Clapperland takes a satirical look at how extremist elements can abuse politics, religion and media to prepare a nation for the ultimate coup d'état. The Big Dogs have selected the fishing port of Sète for the launch of their coup. Its cafes, vibrant culture, vineyards, canals and history of welcoming immigrants from many cultures is anathema to them. There on a family mission for the egomaniacal British newspaper magnate, Lord Rex, the two Australians are drawn into the planning of the coup

which will explode all over France on the Day of the Wolf. In a divided world of Brexit, pandemic protests, Russian interference, the Dark Web, the attack on the US Capitol and the breaking of community trust, Sète is a novel for our times.
