Property Investment Appraisal - Andrew E. Baum 2021-01-06
Discover an insightful examination of the property investment appraisal process from leaders in the industry This book explains the process of property investment appraisal: the process of estimating both the most likely selling price (market value) and the worth of property investments to individuals or groups of investors (investment value). Valuations are important. They are used as a surrogate for transactions in the measurement of investment performance and they influence investors and other market operators when transacting property. Valuations need to be trusted by their clients and valuers need to produce rational and objective solutions. Appraisals of worth are even more important, as they help to determine the prices that should be paid for assets, even in times of crisis, and they can indicate market under- or over-pricing. In a style that makes the theory as well as the practice of valuation accessible to students and practitioners, the authors provide a valuable critique of conventional valuation methods and argue for the adoption of more contemporary cash-flow methods. They explain how such valuation models are constructed and give useful examples throughout. They also show how these contemporary cash-flow

methods connect market valuations with rational appraisals. The UK property investment market has been through periods of both boom and bust since the first edition of this text was produced in 1988. As a result, the book includes examples generated by vastly different market states. Complex reversions, over-rented properties and leaseholds are all fully examined by the authors. This Fourth Edition includes new material throughout, including brand new chapters on development appraisals and bank lending valuations, heavily revised sections on discounted cash flow models with extended examples, and on the measurement and analysis of risk at an individual property asset level. The heart of the book remains the critical examination of market valuation models, which no other book addresses in such detail.

Real Estate Principles: A Value Approach - Wayne Archer 2017-02-22

Real Estate Principles: A Value Approach demonstrates how value is central to virtually all real estate decision-making. Students using Ling and Archer should finish the course with a value-oriented framework and a set of valuation and decision making tools that can be applied in a variety of real-world situations. The key to making sound investment decision is to understand how

property values are created, maintained, increased or destroyed. Since the launch of Real Estate Principles: A Value Approach, significant and lasting changes have come upon the world of real estate. This is very true in real estate finance and capital sources where most of the traditional lenders have been transformed or displaced, giving way to a radically different set of players in mortgage finance. There has been change with profound and far-reaching implications in a world where it is understandable that property values can go down as well as up. This realization will color every aspect of real estate investment, finance and transactions for the foreseeable future.

Understanding Property Law - John G. Sprankling 2012-01-01
Understanding Property Law is a comprehensive and authoritative treatise from our Understanding series that is suitable for use in conjunction with any Property casebook. Features include: Complete coverage of all standard property topics, including landlord-tenant law, adverse possession, rights in personal property, estates and future interests, marital property, land sale transactions, servitudes, nuisance, zoning, takings, and other land use issues; Analysis of cutting-edge topics, such as property rights in human bodies, current takings issues, the new Restatement (Third) of Property (Servitudes), rights and duties of homeowners' associations, and property rights in personal names and likenesses; Discussion of the policy and historical underpinnings of property law doctrines; and Clear writing and detailed organization to facilitate student understanding of both basic concepts and controversial topics.

Introduction to Real Property Law - Alan M. Sinclair 1969

Principles of Real Estate Practice: Perry Real Estate College Edition
- Stephen Mettling 2020-12-28

Real Estate Investing For Dummies - Eric Tyson 2009-04-15
Real Estate Investing For Dummies, 2nd Edition, is completely revised and updated to help you overcome the challenges and and take advantage of the opportunities in any real estate environment, including a down market. But Eric Tyson and Robert

Griswold's core message remains as relevant today as it did upon the initial publication of Real Estate Investing For Dummies -- investing in real estate is time-tested vehicle to build wealth in the long term. Tyson and Griswold don't tell you how to become a millionaire overnight. Instead, they offer proven, practical, and actionable advice so that if you chose to invest in income-producing properties, you can do so wisely and confidently.

Marketing Management - Greg W. Marshall 2022

"No doubt about it, marketing is really changing. Marketing today is: Very strategic-customer-centricity is now a core organizational value. Practiced virtually, digitally, and socially to a greater degree than ever before imagined. Enabled and informed by analytics and new technologies. Accountable to top management through diligent attention to metrics and measurement. Oriented toward service as driver of product. "Owned" by everybody in the firm to one degree or another"--

Corporate Fraud Handbook - Joseph T. Wells 2017-03-31

Delve into the mind of a fraudster to beat them at their own game Corporate Fraud Handbook details the many forms of fraud to help you identify red flags and prevent fraud before it occurs. Written by the founder and chairman of the Association of Certified Fraud Examiners (ACFE), this book provides indispensable guidance for auditors, examiners, managers, and criminal investigators: from asset misappropriation, to corruption, to financial statement fraud, the most common schemes are dissected to show you where to look and what to look for. This new fifth edition includes the all-new statistics from the ACFE 2016 Report to the Nations on Occupational Fraud and Abuse, providing a current look at the impact of and trends in fraud. Real-world case studies submitted to the ACFE by actual fraud examiners show how different scenarios play out in practice, to help you build an effective anti-fraud program within your own organization. This systematic examination into the mind of a fraudster is backed by practical guidance for before, during, and after fraud has been committed;

you'll learn how to stop various schemes in their tracks, where to find evidence, and how to quantify financial losses after the fact. Fraud continues to be a serious problem for businesses and government agencies, and can manifest in myriad ways. This book walks you through detection, prevention, and aftermath to help you shore up your defenses and effectively manage fraud risk. Understand the most common fraud schemes and identify red flags Learn from illustrative case studies submitted by anti-fraud professionals Ensure compliance with Sarbanes-Oxley and other regulations Develop and implement effective anti-fraud measures at multiple levels Fraud can be committed by anyone at any level—employees, managers, owners, and executives—and no organization is immune. Anti-fraud regulations are continually evolving, but the magnitude of fraud's impact has yet to be fully realized. Corporate Fraud Handbook provides exceptional coverage of schemes and effective defense to help you keep your organization secure.

Real Estate Principles: A Value Approach - David C Ling
2012-12-18

Real Estate Principles: A Value Approach demonstrates how value is central to virtually all real estate decision-making. Students using Ling and Archer should finish the course with a value-oriented framework and a set of valuation and decision making tools that can be applied in a variety of real-world situations. The key to making sound investment decision is to understand how property values are created, maintained, increased or destroyed. Since the launch of Real Estate Principles: A Value Approach, significant and lasting changes have come upon the world of real estate. This is very true in real estate finance and capital sources where most of the traditional lenders have been transformed or displaced, giving way to a radically different set of players in mortgage finance. There has been change with profound and far-reaching implications in a world where it is understandable that property values can go down as well as up. This realization will

color every aspect of real estate investment, finance and transactions for the foreseeable future.

California Real Estate Principles - Charles O. Stapleton 2007
Completely revised and thoroughly comprehensive, this is the brand new edition of the state's premier real estate licensing manual! Ideal for home study or classroom, for the prospective real estate broker or salesperson, for anyone seeking a solid foundation for building or maintaining a successful career! Book jacket.

Economics and Property - Danny Myers 2012-06-25

This text focuses on the introduction of economic principles to provide an understanding of the commercial and residential property sectors and the markets for development, construction and occupation of property. Economics and Property supports students following property economics courses leading to a career in the property profession. Experience suggests that economics can initially be perceived as challenging; this book makes the subject clear and comprehensible. Extracts and examples from the Estates Gazette and its electronic archive EGi are used to provide examples and raise questions for discussion. Glossaries, key learning points and a clear layout make this book the best introduction to economics for the property profession.

Property Law - Mary Jane Mossman 2019

Property Law: Cases and Commentary, 4th Edition is a thorough and up-to-date introduction to property law in Canada. This casebook explores historical, contemporary, and emerging ideas through authoritative commentary and carefully edited case law. This edition has been significantly updated and reorganized to deliver more in-depth coverage of issues pertaining to gender, race, and social inequality. Additionally, coverage of Indigenous perspectives has been increased throughout the entire text, including discussion of traditional common law ideas about property in the context of Aboriginal title to land. Other major updates focus on possession, leases, equity in relation to transfers of land, and easements and covenants. The accuracy and comprehensiveness of this text is sure to equip readers with a solid understanding of the critical contexts and legal principles that impact property law.

Professional Real Estate Development - Richard B. Peiser 2003

This basic primer covers the nuts and bolts of developing multifamily, office, retail, and industrial projects. Small-scale examples are ideal for anyone new to real estate development.

Real Estate Development - Mike E. Miles 1996

This textbook provides an understanding of the development process in an eight-stage model of real estate development, including: finance and the effects of the markets; the history of real estate development; the development process, from ideas through to public/private development.

California Real Estate Principles & Practices, 11th Edition - Mary Ellen Brady 2021-07-06

Model Rules of Professional Conduct - American Bar Association. House of Delegates 2007

The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

Mastering Real Estate Principles - Gerald Cortesi 2003-10
NULL

The Condo Book - David T. Schwindt 2016-03-29

At last a book that guides the reader through the perils and opportunities of buying a home within a community association. Condominiums, townhomes, cooperatives, and single-family homes within a community association share similar issues with respect to financial and governance surprises that may affect your pocketbook and quality of life. Learn how to ask for the right information, ask the right questions, and decide for yourself the best home that reflects your values, lifestyle, and budget—and of course to help avoid a major surprise after purchase. David T. Schwindt, certified public accountant, consultant, and reserve study specialist, brings over thirty years of experience with community associations in an easy-to-understand resource that you will find invaluable in making the right decision for you and your family. Included with each informative chapter are tips, best practices, and ways to create community and harmony within an association.

Nationwide Real Estate Pre-Licensing Course - Joseph R. Fitzpatrick 2015-09-18

RealtySchool.com has been providing quality, real estate education to new and experienced real estate agents for decades. With this text, we focused on the core content necessary to pass the real estate examination in any state while also incorporating the general principles and practices essential for the practicing licensee. Joe Fitzpatrick graduated from the University of Nevada, Las Vegas (UNLV) and began his career with Coldwell Banker Real Estate. There, he managed the North Miami office and eventually opened Century 21 Fitzpatrick Realty with family. The firm became the top-ranked Century 21 company in Broward County. In 1991,

Mr. Fitzpatrick returned to Las Vegas where he began teaching and authoring real estate courses. He also continued on as Vice-President of Century 21 MoneyWorld, which was among the top 10 of Century 21 firms in the world, and led the education division among other duties. Mr. Fitzpatrick joined Real Estate School of Nevada in 2013 as the Director and served as the Vice President of Education for both Real Estate School of Nevada and RealtySchool.com. He has authored and published over 20 real estate licensing textbooks and courses that have been approved and are being utilized in several states. CONTENTS: Introduction to the Real Estate Business, Real Estate Contracts, Agency and the Practice of Real Estate, Appraisal and Market Analysis, Financing, Property Ownership, Transfer, and Use, Government Controls and Land Use, Real Estate Math, Mandated Disclosures, Practice Quizzes, Sample Real Estate Documents, 3 Practice Exams, 500+ Term Glossary.

Estate Planning - Wayne M. Gazur 2015-04-27

This casebook introduces students to the principles of estate planning and challenges them to analyze simulated client scenarios. Featuring a case-study and problems approach in which the principles of estate planning are first introduced and then demonstrated through student analysis of short exercises and simulated client situations. A forms supplement on a CD is an additional tool for giving students practice with drafting exercises.

Principles of Microeconomics - Robert H. Frank 2021-04

"Our fourth streamlined edition arrives in the midst of some of the most dramatic upheavals ever witnessed, both in the economy generally and in higher education in particular. The COVID-19 pandemic has produced levels of unemployment not seen since the Great Depression and has created dramatic changes in the ways we teach across educational institutions at every level. These developments have reinforced our confidence in the instructional philosophy that motivated us to produce our first edition"--

Modern Real Estate Practice in New York - Edith Lank 2006

Newly updated, Mastering Real Estate Principles, 4th Edition is more organized, more appealing, and more user-friendly than ever before. Known for its workbook format and interactive approach to learning, this new edition features updated content, an enhanced interior design, and a new construction section. This complete learning system comes loaded with multiple teaching tools and instructor resource guide to reduce instructor workload.

Property Asset Management - Douglas Scarrett 2018-05-01

Property asset management requires both day-to-day oversight of rental properties and an ability to maximize the potential of the portfolio through forward thinking and practical planning. Successful property managers must be flexible and proactive whilst maintaining a robust knowledge of technical, financial and legal aspects of the leasing system. Property Asset Management is a practical guide to the key principles of successful property management, perfect for both student and practitioner alike. In this book, Douglas Scarrett and Jan Wilcox demonstrate how to successfully manage properties for the varying needs of clients ranging from individual property owners to large international commercial ventures. As well as the basic theory, Property Asset Management discusses the process of active management, the strategic objectives, performance measurement, and the key financial and operational information needed for high quality and comprehensive reporting to clients. This fourth edition has new chapters on corporate real estate and financial management, and has been extensively rewritten to incorporate recent developments in property management. Software screenshots are used to illustrate salient points and readers are provided with a thorough overview of the latest legal aspects of land ownership and tenancy arrangements. With everything you need for successful property asset management, this book both caters for the needs of RICS accredited and business courses and serves as a handy guide for everyday practice.

Modern Real Estate Practice in Illinois - Fillmore W. Galaty 2001
