**The Fasti (Verse)** - Ovid 2013-01-01

"The Fasti" was believed to have been left incomplete when Ovid was exiled to Tomis by the emperor Augustus in 8 AD. The work, which is structured based on the Roman calendar, is a series of elegiac couplets which present the first-hand accounts of vates, or "poet-prophets" with Roman deities regarding the origin of various Roman holidays and associated customs. The first six months of the year are all that is included in the work and it is unclear whether this was the intention of Ovid, whether the work is incomplete, or if the books on the last six months are simply lost. The book is dedicated to Germanicus, great-nephew of the Emperor Augustus, and it's speculated that "The Fasti" was written with the intention of restoring Ovid's standing with the rulers of Rome and to secure his release from exile. Presented here in this edition is the verse translation by John Benson Rose.

Montale: Poems - Eugenio Montale 2020-04-07

A beautiful hardcover Pocket Poets selection of the works of Nobel Prize-winning Italian poet Eugenio Montale, one of the giants of twentieth-century

poetry. Eugenio Montale (1896–1981) is not only Italy's greatest modern poet but a towering figure in twentieth-century literature. His incandescently beautiful body of work is deeply rooted in the venerable lyric tradition that began with Dante, but he brilliantly reinvents that tradition for our time, probing the depths of love, death, faith, and philosophy in the bracing light of modern history. Dynamic innovation and a coiled, fierce energy fuel the poet's quest for liberation from the self. Marked by musicality and rhythmic variety, Montale's poems manage to be buoyant with allusion and metaphor while also densely studded with things—with concrete, elemental images that keep his complex and restless musings firmly tethered to the world.

Montale's reputation is international and enduring; his widely translated work has profoundly influenced generations of poets around the world. This volume contains selections from all his greatest works, rendered into English by the accomplished poet and translator Jonathan Galassi. It serves as both an essential introduction to an important poet and a true pleasure for lovers of contemporary

*The Seven Spiritual Weapons* - Catherine of Bologna 2011-07-18

St. Catherine of Bologna, much venerated in her own city, has been little known outside of her native region but interest in her is now increasing. The outline of her life is clear and her own work, *The Seven Spiritual Weapons*, tells a good deal about her inner experiences and early years in the cloister. The introduction to this translation situates her life in the history of Ferrara and Bologna and studies how the external history of the community impinged on Catherine's own religious experience and how it was interwoven with her successful struggle against depression.

**Run** - Roberto Di Sante 2020-11-09T00:00:00+01:00

A man falls from the fourth floor. It is the only choice he has left to stop suffering. As he falls he announces his last wish, but then his body freezes a few centimetres above the ground. A thread of light descends from above him, he clings to it, and tries to escape from the dark well of depression that has swallowed him. Aldo Amedei is a successful journalist who has lost everything, even his dreams. The past is regret, the present is populated by monsters and ghosts, but he tries to follow that thread of light, that crazy desire that kept him alive, by running the New York marathon. He doesn't even know why he thought of it; after all, he is a man who takes his car to drive a hundred metres. He starts running, like an escaped prisoner hunted by his nightmares. He falls, he gets up, he falls again and gets back on his feet. And each time it hurts more and more. But he doesn't let go. For love, and with the love of Teresa, his young partner. Spitting out his soul along streets full of toil, angels and vultures, he comes back to life, to passion and to dreams. He's helped by a doctor, a unexpected coach and a grandson even crazier than

himself. He becomes another person, embedding people into his heart, along with laughter, surprises and new emotions. But his enemies don't give up, they chase him, determined to bring him back into the black well of depression. There's everything still to play for, as in the last challenge, between life and death: the 42 kilometres and 195 metres of the New York marathon. Against the wind and against everything. From Hell to Central Park.

*The Bedroom* - Attilio Bertolucci 2012

Poetry. Bilingual Edition. Translated from the Italian by Luigi Bonaffini. THE BEDROOM [La camera da letto] is Bertolucci's best-known work, so popular that the poet once read it to television viewers on a seven-hour program. It is a narrative poem that traces the history of the poet's family across seven generations with directness, precision and attention to everyday details, major events and fantastic surprises. Paolo Lagazzi writes in his introduction: "THE BEDROOM is a sort of a multi-novel, or a distillation of very diverse narrative forms and intuitions: a Bildungsroman and fairytale, an epoch novel, a novel-chronicle, a dramatic novel and a picaresque novel. An experimental work in the most authentic sense of the word..." "Nothing of time's essence escapes or is neglected by the author's ravenous sensibility, no less active in recording the multiple places in which existence rests (the city and the countryside, the sea and the plane, the Po river and the Maremma) in an exuberant display of forms, lights, perspectives, tonalities."—Luigi Ferrara

**Italy Revisited** - Mary Melfi 2009

Taking an unconventional approach to autobiographical writing, this work serves as a double memoir, told in dialogue between a mother and a daughter. The conversation takes place in a medieval town high up in the Italian mountains, as the author, a Canadian writer, draws out her mother's childhood

memories of life in southern Italy at the beginning of the 20th century. As they re-create that vanished world, the pair also finds greater understanding of the tumultuous relationships that sometimes exist between immigrant mothers and their children.

**Collected Poems, 1920-1954** - Eugenio Montale 2012-01-03

A strong, idiomatic translation of Italy's greatest modern poet. Eugenio Montale is universally recognized as having brought the great Italian lyric tradition that began with Dante into the twentieth century with unrivaled power and brilliance. Montale is a love poet whose deeply beautiful, individual work confronts the dilemmas of modern history, philosophy, and faith with courage and subtlety; he has been widely translated into English and his work has influenced two generations of American and British poets. Jonathan Galassi's versions of Montale's major works—*Ossi di seppia*, *Le occasioni*, and *La bufera e altro*—are the clearest and most convincing yet, and his extensive notes discuss in depth the sources and difficulties of this dense, allusive poetry. This book offers English-language readers uniquely informed and readable access to the work of one of the greatest of all modern poets.

*Murder by Injection* - Eustace Clarence Mullins 2016-04-21

The present work, the result of some forty years of investigative research, is a logical progression from my previous books: the expose of the international control of monetary issue and banking practices in the United States; a later work revealing the secret network of organizations through which these alien forces wield political power—the secret committees, foundations, and political parties through which their hidden plans are implemented; and now, to the most vital issue of all, the manner in which these depredations affect the daily lives and health of American citizens. Despite the great power of the hidden rulers, I found that only one group has the power to issue life or death sentences to any American—our nation's physicians. I discovered that these physicians, despite their great power, were themselves subjected to very strict controls over every aspect of their professional lives. These controls, surprisingly enough, were not wielded by any state or federal agency, although almost every other aspect of American life is now under the

absolute control of the bureaucracy. The physicians have their own autocracy, a private trade association, the American Medical Association. This group, which is headquartered in Chicago, Illinois, had gradually built up its power until it assumed total control over medical schools and the accreditation of physicians. The trail of these manipulators led me straight to the same lairs of the international conspirators whom I had exposed in previous books. I knew that they had already looted America, reduced its military power to a dangerously low level, and imposed bureaucratic controls on every American. I now discovered that their conspiracies also directly affected the health of every American. This conspiracy has resulted in a documented decline in the health of our citizens. We now rank far down the list of civilized nations in infant mortality and other significant medical statistics. I was able to document the shocking record of these cold-blooded tycoons who not only plan and carry out famines, economic depressions, revolutions and wars, but who also find their greatest profits in their manipulations of our medical care. The cynicism and malice of these conspirators is something beyond the imagination of most Americans. They deliberately mulct our people of millions of dollars each year through "charitable" organizations and then use these same organizations as key groups to bolster their Medical Monopoly. Fear and intimidation are the basic techniques by which the conspirators maintain their control over all aspects of our health care, as they ruthlessly crush any competitor who challenges their profits. As in other aspects of their "behavioural control" over the American people, their most constantly used weapon against us is their employment of federal agents and federal agencies to carry out their intrigues. The proof of this operation may be the most disturbing revelation of my work.

Badfellas - Tonino Benacquista 2012-08-31

In September to be released as the film THE FAMILY, starring Robert De Niro, Michelle Pfeiffer and Tommy Lee Jones. Directed by Luc Besson,

produced by Martin Scorsese. Fred Blake has moved to Normandy with his dysfunctional family, ostensibly to write a history of the Allied landings. But Fred's real name is Giovanni Manzoni - an ex-Mafia boss who has snitched. And his record in other locations under the FBI Witness Protection Program would indicate that his cover is not likely to last very long.

Magic - Ernst Schertel 2009-05

In May of 2003, Timothy Ryback, the author of "Hitler's Private Library: The Books That Shaped His Life" had an article published in The Atlantic Monthly. In the article he detailed several of the books held in a portion of Hitler's library at Brown University. Mr. Ryback also mentioned some of the passages Hitler marked in these books. One particular passage was worthy of attention: "He who does not carry demonic seeds within him will never give birth to a new world." That passage appeared in the book "Magic: History / Theory / Practice," written by Dr. Ernst Schertel. Schertel was a researcher of alternative sexual practices, nudism, and the occult. After finishing his book Magic in 1923 he sent a dedicated copy to Adolf Hitler. Now, for the first time ever, "Magic: History/Theory/Practice" has been translated into English, with all sixty-six Hitler annotations intact.

"We know we need to improve our traditional school system, both public and private. But how? More homework? Better-qualified teachers? Longer school days or school years? More testing? More funding? No, no, no, no, and no. *Montessori Madness!* explains why the incremental steps politicians and administrators continue to propose are incremental steps politicians and administrators continue to propose are incremental steps in the wrong

direction. The entire system must be turned on its head. This book asks parents to take a look--one thirty-minute observation--at a Montessori school. Your picture of what education should look like will never be the same"--Back cover.
